The Archives
of the
Oral Surgery Club of Great Britain

Volume 2

1965 to 1971

Introduction

The Oral Surgery Club of Great Britain was the brainchild of Rupert Sutton Taylor who thought a professional club should be formed of dental surgeons who practiced mostly Oral Surgery. This was formed before the British Association of Oral Surgeons which later became the British Association of Oral and Maxillofacial Surgeons.

The clubs first meeting was in 1937 and from its inception an honorary archivist was appointed to keep, mostly papers, and records of the meeting which have been held usually twice a year with mostly one in the UK in the home town of the President who rotated yearly and one overseas.

The club still meets twice a year and since 1935 six large cardboard boxes of documents have accumulated. This is the first volume of scanned documents which have been formatted in the style of a crown-quarto size book and made available digitally in a Portable Document Format file.

The document is organised with the archive of each meeting in a separate chapter in order of date.

It is anticipated that a printed copy will be made available from the library of the British Dental Association.

For a concise history of the club see: A History of the Oral Surgery Club of Great Britain by John Bradley.

12th November, 1964

My dear Jim ,

Thank you very much for your letter. I would be most grateful if you would go ahead with preliminary arrangements for a Meeting in Lyons ? in April. I have no strong feelings about dates although I am committed on the following occasions:-

B.A.O.S. Manchester - April 9th and 10th inclusive.
Examining - B.D.S. Finals - June 14th - 18th inclusive.
2nd International Conference of Oral Surgery in Copenhagen - June 19th - 24th inclusive.
Territorial Army Training - June 26th - July 10th inclusive.

Kindest regards,

Yours sincerely,

I.H.Heslop,Esq., MB.,BS.,BDS., FDSRCS.,

13th November 1964

M. Jacques Brugirard,
Ecole Dentaire,
6, Place Deperet,
Lyon 7eme.

Dear Monsieur Brugirard,

The President and members of the Oral Surgery Club are most grateful to you for all the detailed information which you so kindly supplied recently, to Mr.T.G.Scott, via his niece.

Some of the members would very much like to visit Lyon next year and see something of your hospitals and the oral and maxillo-facial surgery which you are doing. Usually only about ten or twelve of our members manage to go on our overseas visits.

Would it be possible for us to visit your hospitals for two days, preferably a Thursday and Friday, in April? May I suggest April 22nd and 23rd, or possibly April 15th and 16th or May 6th and 7th as alternatives?

Yours sincerely,
I

Trees,
Hook Heath Avenue,
Woking,
Surrey.

13th November 1964

Dear Mr Scott,

Thank you very much for your letter, and thank you also for obtaining such excellent information from Lyon. Please thank your niece on my behalf when you next write to her.

Geoffrey Howe has sent me the information and I have written to M.Brûgirard this evening to explore the possibilities of a Club meeting in Lyon next year. It sounds most promising to me. Shall I return those journals to you?

With kind regards,

Yours sincerely,

Ian H.Heslop

Trees,
Hook Heath Avenue,
Woking,
Surrey,
England.

3rd January 1965

Dear Professor Brügirard,

Thank you very much for your letter of 8th December, from which I am delighted to know that it will be possible for some of the members of the Oral Surgery Club to visit your hospitals.

I am sure that members will wish to see as many of your centres of treatment as the time permits, and I think that we would enjoy one or two papers by you and your colleagues, if this can be arranged. These could be followed by discussion and questions if time permitted.

I have notified the members of the Club that we are planning this meeting for April 22nd and 23rd, and they will arrive on 21st April and depart on 24th April.

With kind regards and all good wishes for 1965.

Yours sincerely,

LE December 8 th 1964

Monsieur IAN H. HESLOP
Secretary Oral Surgery Club
Trees,
Hook Heath Avenue,
Woking
Surrey

My Dear Colleague,

My colleagues and I are very pleased of your visit, next year, in Lyons.

As per advice from Monsieur le Professeur FREIDEL, Headof the maxillo-facial Center of Lyons, the 22nd and 23rd of April seem to be the best dates, the 15th and16th of April do not fit at all . Unless some unforeseen contingency should avise which we would warn you of during the first trimester; the 6th and 7th of May are less convenient .

If you desire you can visit the maxillo-facial Center, the anti-cancerous Center, bucco-facial section, and the Dental school, and also take part in operations . A small lecture room with several projection apparatus will be at your service in each of these thrée centers .

You could expose to us, if you wish, one or several subjects or on the contrary we could give you one or two papers in English . If for myself, I do not speak well your language, other among us speak it correctly .

Concerning the hotel reservations the best for you would be to get in touch with the Cook Agency which has a filial in Lyons .

Awaiting the pleasure of meeting you, we are
Yours sincerely .

Trees,
Hook Heath Avenue,
Woking,
Surrey.

9th November 1964

My dear Geoffrey,

Thank you very much for your letter and for sending me the information which Scottie had obtained from Lyons. I think that both Lyons and Hamburg and no doubt Timbucthree were suggested as possible sites for our next overseas meeting, but I think that we could do a lot worse than Lyons judging by the information obtained.

I will acknowledge this outpouring of local colour in any case, but would you like me to go ahead with preliminary arrangements for a meeting in Lyons in April, as time is getting on?

I have not heard from David Downton. I rang him this evening but there was no reply. Have you any strong feelings about dates? We must bear in mind the B.A.O.S. meeting in Manchester in April, and the International Oral Surgery Jamboree in Copenhagen.

With kind regards,

Yours,

THE UNIVERSITY OF NEWCASTLE UPON TYNE

My Dear Ian,

I have received the enclosed from Scotty concerning the possibility of a Meeting in Lyon and would value your views on it.

I am not sure whether we were considering Hamburg or Lyon as the better bet !

I have sent a copy of this correspondence to David Downton and no doubt he will be in touch with you about it.

Kindest regards,

Yours sincerely,

Geoffrey

6th October, 1964

Me Dear Colleague,

Madame Resillot has handed me your questionaire concerning "L'Odonto Stomatologie Lyonnaise" with a view to a future meeting of your colleagues in our town.

Lyon has always been a big University town. For instance it has the only Medical Military School in France, - Hospitals for specialised work are spread all over the south east, and until recently over North Africa. Lyon is also going to become a provisional world wide Centre of Cancer research.

As regards "Odonto-Stomatologie" we have a Dental School which trains in a five year course. The theoretical courses are taken at the Faculty of Medicine to which the Dental School is attached and at the Dental School itself. Practical courses are taken at the Dental School such as Conservative work, Prosthesis, Orthodontia and Minor Surgery. The Head is Doctor Robert Vincent who is a Doctor of Medicine as well as a Dental Surgeon.

In close co-operation with the Dental School is the Chair of Clinical Stomatologie at the Faculty of Medicine, equiped with Consulting Rooms, Operating Theatres and Lecture Rooms as well as hospital wards for fifty or sixty. At this hospital Maxillary surgery, Plastic Facial surgery and Medical Stomatologie are dealt with, but not serious Tumours. This Clinic turns out three or four Specialists per year in a six year course. The Chief Surgeon is Proffessor Ch. Freidel, who is also Director of Studies at the Dental School.

Malignant Tumours are treated in a special centre. The Stomatologists at this Centre is also attached to the Stomatologic Clinic.

Lyon has an important Odonto-Stomatologic Society whose members welcome Lecturers from Europe and an occasion from America. The Society members themselves go to different Provinces in France as well as abroad, lecturing and attending Conferences.

It is the Committee of this Society which generally organises any Conferences held in Lyon.

In good "Chauvinistic Lyonnais" we consider our Medical Faculty and Dental School the best in France and where the most intense study is done.

Over and above this, the town of Lyon possesses a "Palais de Congres" with a large hall seating accomodation for one thousand and three smaller halls for one to three hundred people which can be hired. Translations in all languages are available simultaniously, as well as an immediate transcript in all Europeian languages including Russian. Arrangements for a smaller congress can be made through the Dental School of Clinic.

Lastly Lyon district offers a wide variety of interesting diversions, i.e., The Beaujolais Cellars, The Savoia Lakes, Aix-les-Bains, Annecy as well as the Alpine summits.

Personally if you decide to come here with your colleagues I can put you in contact with everything that might interest you as I am on the Staff of the Dental School, I am attached to the Stomatologic Centre of the Hospital and Vice President of the Odonto-Stomatologic Society. I can assure you, you will find in Lyon all aspects of the Profession of interest to you.

Hoping to have the pleasure of meeting you.

Yours sincerely,

Dear Geoffrey,

Enclosed as promised is a "ruffed" translation of letters received from Lyon. My young niece seemingly did the correct thing in going straight to her dentist for information, - as he seems to be in the "thick of it" in Lyon.

In the translation I have only included such substance as I thought might interest you. I enclose the original, as it contains more detail, if you care to do your own homework !

It sounds promising to me as I had expected. From what I had heard, I had reason to believe that Lyon was a progressive Medical School, as befitting a progressive town, but you are much more capable of judging than I am, so please act on your own, and don't hold me responsible for whatever may betide.

Lyon in France is something like Edinburgh in Scotland - they are somewhat "toffy-nosed" and have no inferiority complex. But it would sound as if they would welcome us, and this man has certainly gone to a good lot of trouble to supply all information possible. He has now sent me a bundle of journals, of the Odonto-Stomatologic Society of Lyon. A selection of them I enclose as a little 'bedside reading' for you - and you can have the lot whenever you find yourself suffering from insomnia.

Whatever you may decide Geoffrey, I would like, with apologies for adding to your already sufficient commitments, that either you or Ian Heslop should acknowledge officially on behalf of the Club, all the trouble this fellow has gone to, in supplying us with information.

Regards to all,

Yours sincerely,

Tom Scott.

Dear Professor Brugirard,

The members of the Oral Surgery Club are very much looking forward to their visit to your hospitals in Lyon, and I thought that you would like to know in advance exactly who will be visiting you. The list is as follows:-

P.A.Bramley Esq.,	Consultant Dental Surgeon,	Plymouth.
D.Downton Esq.,	Consultant Dental Surgeon,	Royal Free Hospital, London
N.Hogan Esq.,	Consultant Dental Surgeon,	Dublin, Ireland.
Professor G.L.Howe,	Professor of Oral Surgery,	University of Newcastle.
W.D.MacLennan Esq.,	Consultant Dental Surgeon,	Edinburgh.
F.T.Monks Esq.,	Consultant Dental Surgeon,	Manchester Regional Hospital Board.
A.W.Moule Esq.,	" "	" "
R.O'Neil Esq.,	Consultant Dental Surgeon,	Guy's Hospital etc.
A.Pain Esq.,	Consultant Dental Surgeon,	Kent.
T.G.Scott Esq.,	Retired from Hospital Appointments.	
R.S.Taylor Esq.,	Consultant Dental Surgeon,	Westminster Hospital, Londo
R.I.H.Whitlock Esq.,	Consultant Dental Surgeon,	Belfast, Northern Ireland.
V.E.Ireland Esq.,	Consultant Dental Surgeon,	Ipswich & West Suffolk.

Messrs. Monks, O'Neil, and Pain will be accompanied by their wives.

Our President this year is Professor G.L.Howe, and he and the other members will arrive at Lyon airport at 1.30 p.m. on Wednesday 21st April. They are staying at the Globe et Cecil Hotel, 21, Rue Gasparin.

I very much regret that I shall be unable to attend the meeting as I am sure that the time will be both profitable and enjoyable.

With kindest regards,

Yours sincerely,

Lyon 7eme.

Dear Monsieur Brugirard,

The President and members of the Oral Surgery Club are most grateful to you for all the detailed information which you so kindly supplied recently, to Mr.T.G.Scott, via his niece.

Some of the members would very much like to visit Lyon next year and see something of your hospitals and the oral and maxillo-facial surgery which you are doing. Usually only about ten or twelve of our members manage to go on our overseas visits.

Would it be possible for us to visit your hospitals for two days, preferably a Thursday and Friday, in April? May I suggest April 22nd and 23rd, or possibly April 15th and 16th or May 6th and 7th as alternatives?

Yours sincerely,
I

Trees,
Hook Heath Avenue,
Woking,
Surrey.

13th November 1964

Dear Mr Scott,

Thank you very much for your letter, and thank you also for obtaining such excellent information from Lyon. Please thank your niece on my behalf when you next write to her.

Geoffrey Howe has sent me the information and I have written to M.Brûgirard this evening to explore the possibilities of a Club meeting in Lyon next year. It sounds most promising to me. Shall I return those journals to you?

With kind regards,

Yours sincerely,

Ian H.Heslop

Trees,

3rd January 1965

Dear Professor Brûgirard,

Thank you very much for your letter of 8th December, from which I am delighted to know that it will be possible for some of the members of the Oral Surgery Club to visit your hospitals.

I am sure that members will wish to see as many of your centres of treatment as the time permits, and I think that we would enjoy one or two papers by you and your colleagues, if this can be arranged. These could be followed by discussion and questions if time permitted.

I have notified the members of the Club that we are planning this meeting for April 22nd and 23rd, and they will arrive on 21st April and depart on 24th April.

With kind regards and all good wishes for 1965.

Yours sincerely,

J. BRUGIRARD

LE December 8 th 1964

Monsieur IAN H. HESLOP
Secretary Oral Surgery Club
Trees,
Hook Heath Avenue,
Woking
Surrey

My Dear Colleague,

My colleagues and I are very pleased of your visit, next year, in Lyons.

As per advice from Monsieur le Professeur FREIDEL, Headof the maxillo-facial Center of Lyons, the 22nd and 23rd of April seem to be the best dates, the I5th andI6th of April do not fit at all . Unless some unforeseen contingency should avise which we would warn you of during the first trimester the 6th and 7th of May are less convenient .

If you desire you can visit the maxillo-facial Center, the anti-cancerous Center, bucco-facial section, and the Dental school, and also take part in operations . A small lecture room with several projection apparatus will be at your service in each of these thrée centers .

You could expose to us, if you wish, one or several subjects or on the contrary we could give you one or two papers in English . If for myself, I do not speak well your language, other among us speak it correctly .

Concerning the hotel reservations the best for you would be to get in touch with the Cook Agency which has a filial in Lyons .

Awaiting the pleasure of meeting you, we are
Yours sincerely .

29th April, 1965

My dear Alan,

Many thanks for your letter. It was my intention that the souvenir copy of Rowe and Killey should be signed by all the members of the Oral Surgery Club who attended Lyon and I understood David to say that he would stage manage this for me. I had not thought of asking the authors to sign it, but this would obviously make it a more interesting souvenir.

I have written to all of our French colleagues and their addresses are as follows:-

M. Vincent,
The Director,
Ecole Dentaire,
6 Place Deperet,
Lyon 7 éme,
(Rhone)

Dr. Jean Parret,
President,

9th November 1964

My dear Geoffrey,

Thank you very much for your letter and for sending me the information which Scottie had obtained from Lyons. I think that both Lyons and Hamburg and no doubt Timbucthree were suggested as possible sites for our next overseas meeting, but I think that we could do a lot worse than Lyons judging by the information obtained.

I will acknowledge this outpouring of local colour in any case, but would you like me to go ahead with preliminary arrangements for a meeting in Lyons in April, as time is getting on?

I have not heard from David Downton. I rang him this evening but there was no reply. Have you any strong feelings about dates? We must bear in mind the B.A.O.S. meeting in Manchester in April, and the International Oral Surgery Jamboree in Copenhagen.

With kind regards,

Yours,

3rd November, 1964

My Dear Jan,

I have received the enclosed from Scotty concerning the possibility of a Meeting in Lyon and would value your views on it.

I am not sure whether we were considering Hamburg or Lyon as the better bet !

I have sent a copy of this correspondence to David Downton and no doubt he will be in touch with you about it.

Kindest regards,

Yours sincerely,

Geoffrey

6th October, 1964

Me Dear Colleague,

Madame Resillot has handed me your questionaire concerning "L'Odonto Stomatologie Lyonnaise" with a view to a future meeting of your colleagues in our town.

Lyon has always been a big University town. For instance it has the only Medical Military School in France, - Hospitals for specialised work are spread all over the south east, and until recently over North Africa. Lyon is also going to become a provisional world wide Centre of Cancer research.

As regards "Odonto-Stomatologie" we have a Dental School which trains in a five year course. The theoretical courses are taken at the Faculty of Medicine to which the Dental School is attached and at the Dental School itself. Practical courses are taken at the Dental School such as Conservative work, Prosthesis, Orthodontia and Minor Surgery. The Head is Doctor Robert Vincent who is a Doctor of Medicine as well as a Dental Surgeon.

In close co-operation with the Dental School is the Chair of Clinical Stomatologie at the Faculty of Medicine, equiped with Consulting Rooms, Operating Theatres and Lecture Rooms as well as hospital wards for fifty or sixty. At this hospital Maxillary surgery, Plastic Facial surgery and Medical Stomatologie are dealt with, but not serious Tumours. This Clinic turns out three or four Specialists per year in a six year course. The Chief Surgeon is Proffessor Ch. Freidel, who is also Director of Studies at the Dental School.

Malignant Tumours are treated in a special centre. The Stomatologists at this Centre is also attached to the Stomatologic Clinic.

Lyon has an important Odonto-Stomatologic Society whose members welcome Lecturers from Europe and an occasion from America. The Society members themselves go to different Provinces in France as well as abroad, lecturing and attending Conferences.

It is the Committee of this Society which generally organises any Conferences held in Lyon.

In good "Chauvinistic Lyonnais" we consider our Medical Faculty and Dental School the best in France and where the most intense study is done.

Over and above this, the town of Lyon possesses a "Palais de Congres" with a large hall seating accomodation for one thousand and three smaller halls for one to three hundred people which can be hired. Translations in all languages are available simultaniously, as well as an immediate transcript in all Europeian languages including Russian. Arrangements for a smaller congress can be made through the Dental School of Clinic.

Lastly Lyon district offers a wide variety of interesting diversions, i.e., The Beaujolais Cellars, The Savoia Lakes, Aix-les-Bains, Annecy as well as the Alpine summits.

Personally if you decide to come here with your colleagues I can put you in contact with everything that might interest you as I am on the Staff of the Dental School, I am attached to the Stomatologic Centre of the Hospital and Vice President of the Odonto-Stomatologic Society. I can assure you, you will find in Lyon all aspects of the Profession of interest to you.

Hoping to have the pleasure of meeting you.

Yours sincerely,

J. Brugirard

1965 London, St Thomas's - October

ORAL SURGERY CLUB

Preliminary Notice

The Annual General Meeting of the Oral Surgery Club will take place on 28th, 29th and 30th October 1965, at St. Thomas' Hospital, under the Presidency of J. H. Hovell Esq., L.R.C.P., M.R.C.S., F.D.S.R.C.S.

Dear Ian,

I presume by this time you have received all the information about Lyon which I forwarded to Prof. Howe.

As soon as I got back from Newcastle, I wrote to my niece and she very cleverly went straight to her dentist.

As it transpired she seemingly just did the right thing as he seems to be one of the "top notchers" in that school.

He very kindly responded at once and sent on all the particulars which I in turn despatched to Prof. Howe. It would seem as if they welcome visitations and have all the necessary set up for doing so.

I hope the literature proved all that you required, although my wife's translation of the letter was a bit scrappy.

I personally thought it sounded attractive but as I said to Prof. Howe, please don't shoulder me with any responsibility but act on your own judgement.

My regards,

Yours sincerely,

T.G. SCOTT.

Dear Ian,

I have indeed given thought to my Presidential Meeting in the Autumn and have discussed this with Dick Battle as I would like him to join me in entertaining the Club. The date suggested is October the 29th and 30th with a cocktail party on the 28th. I am proposing to spend the 29th, all day, at St. Thomas' and probably the 30th at the Royal Dental Hospital.

I will work out further details with regard to lunch, etc. and let you know in good time. Thank you for the reminder.

Yours sincerely,

J.H. Hovell

Dear Alan

ORAL SURGERY CLUB MEETING - ZURICH, 1966.

Hotel reservations have been made for you at the Hotel Leoneck, 1 Leonhardstrasse in Zurich for 14th 15th 16th April - double room

Reservations have been made for you on Flights

I have asked Mr. Olive in the Travel Department, Messrs. Harvey, High Street, Guildford to send your air tickets to you direct and to charge you for the air tickets and, if possible, the Hotel so that this may be paid in English money before we go.

I enclose a copy of Professor Obwegeser's suggested programme.

Yours sincerely,

Ian

Ian H. Hoslop.

The next overseas meeting of the Oral Surgery Club will take place in Zurich, where Professor H. Obwegeser has kindly agreed to arrange a clinical programme. The meeting will be from April 14th - April 18th, 1966.

I should be grateful if you would let me know as soon as possible, and in any case not later than Saturday January 22nd, 1966, whether or not you wish to attend this meeting.

April 14-18
66
Zurich

* I will / will not be able to attend the Zurich meeting.

* I will / will not require air tickets.

* I will / will not take my wife.

* I will / will not require hotel accommodation.

* Please delete as necessary, and return promptly to :- I. H. Heslop,
Trees,
Hook Heath Avenue,
Woking,
Surrey.

The next home meeting of the Oral Surgery Club will be in Plymouth, Devon, on June 9th, 10th and 11th, 1966, under the Presidency of Mr. J.D. Cambrook. It would be very helpful to Mr. P.A. Bramley, who has kindly agreed to make the arrangements for this meeting, which is to be held in his Department, if you would complete this preliminary questionnaire now, and return it to me with that relating to the Zurich meeting. Replies to this preliminary form will give Mr. Bramley a guide for his hotel bookings and catering plans.

* I will / will not be able to attend the Plymouth meeting.

* I will / will not require hotel accommodation, 9th, 10, 11th June, 1966.

* I will / will not take my wife (N.B. It is the wish and intention of the President-Elect that arrangements should be made for the ladies to partake in part of the programme)

* I will / will not attend the Dinner on Friday, 10th June.

Dear Hugo,

Thank you very much for your letter of the 30th March. I am sorry about the misunderstanding over the Monday. Please do not worry about this as you have obviously laid on an excellent programme for our visit.

We are looking forward to this very much and I am most grateful to you for all the trouble you are taking in arranging it.

I enclose herewith a list of the names, addresses and place of work of those who are coming.

With kind regards,
Yours sincerely,

With best wishes to Margreth and you,

Sincerely

(Prof.Dr.med. H. Obweg

Dear Ian,

Thank you for your letter of March 23, 1966.

Unfortunately you have not made any mention of my query of January 7, 1966, as to your wishes for the programme, that I could also include the Monday. I would have done this willingly and could thus have saved you from putting back the departure flight.

After a discussion with Norman Rowe I have taken the liberty of rearranging the programme which now reads as on the enclosed sheet.

My wife and I would be very pleased to welcome the members of the Club and their wives on Saturday evening.

In order to facilitate the administrative work I would be grateful if you could send me as soon as you can a list of participants with the names, addresses and place of work. I am so pleased that Norman Rowe and John Hovell will also be coming.

With best wishes to Margreth and you,

Sincerely

(Prof.Dr.med. H. Obwegeser)

Zurich.

Dear Hugo,

Thank you for your letter of the 11th March.

As you did not suggest, in your original programme, any clinical programme for the Monday I rearranged the time of our return flight and we are now booked to return home on Sunday, 17th April, leaving Zurich Airport at 2 p.m.

I hope that we will be able to arrange some sort of excursion to the mountains onthe Saturday and on Sunday morning we will probably spend the morning looking at anything of interest in Zurich. As you say, this side of the Meeting depends very much on the weather.

I am very grateful to you for making the reservation for the Friday evening at the Guildhouse.

I have spoken to John Hovell about your kind invitation to us to come to your home and we would like to ~~set~~ this for the Saturday evening.

aceft

I know that Mr. Fickling is unable to come to Zurich

14th March 1966

Dear Mr. Olive,

Oral Surgery Club visit to Zurich, April 1966.

I should like to confirm that I wish you to make air reservations for the following, to and from Zurich, on Flight B.E.564 on 14th April and Flight S.R.804 on 17th April :-
Mr. P.A.Bramley, Mr. D.Downton, Mr. W.B.Hales, Mr.I.M.Heslop, Mr. J.H.Hovell, Professor G.L.Howe, Mr. V.E.Ireland, Mr. P.L.James, Professor H.C.Killey, Mr. R.O'Neil, Mr. N.L.Rowe, Brigadier P.V.Taylor, Mr. & Mrs. G.T.Mankey, Surg.Capt. & Mrs. Wood - (16) , and in addition :-
Mr.M.J.Hogan from Dublin, 12th Apl. Flt.B.E.862 and return to Dublin 17th, on Flt.B.E. 869 as well as seats to and from Zurich on 14th and 17th April.
Mr. & Mrs. W.D.Maclennan from Edinburgh, 14th Apl. Flt. ? 7.55am and return connecting flight on 17th, as well as seats to and from Zurich.
Mr. R.I.H.Whitlock from Belfast, 14th Apl. Flt.B.E.6515 and return 17th Apl. Flt.B.E.6550, as well as seats to and from Zurich.

Dr. Ian Heslop
Queen Mary's Hospital
Roehampton
L o n d o n S. W. 15

Dear Ian,

Thank you for your letter of February 24, 1966.

I would very much like to follow your wishes and include Osteotomy in the programme. During their last stay in Zurich I demonstrated sagittal splitting ~~of~~ to the Oral Surgery Club. However I will be pleased to include another such case in the programme if it can be arranged, otherwise I would provide a film demonstration of this operation method.

I am still not very happy about the programme suggested to you as I do not know what the Oral Surgery Club members will be doing over the week-end. An excursion up to the mountains would be very nice but this depends so much on the weather. Could you perhaps let me know what you have planned for the Saturday afternoon, Sunday and Monday. At the same time I will ask John Hovell to give me his opinion.

For the group dinner, which you have planned for Friday evening, I would suggest the Guildhouse "Zur Zimmerleuten". My secretary has made provisional reservations there for Friday evening, the 15th of April.

My wife and I would be very happy if the members of the Club would do us the honour of stopping by our house for a few drinks and a cold buffet, on either Thursday or Saturday evening.

I just recently received a letter from Dr. Fickling wherein he explained that he and apparently Norman Rowe and John Hovell as well, will probably not be able to participate in the visit due to the simultaneous Meeting to the Faculty of Dental Surgery of the Royal College of Surgeons. I am extremely sorry to learn this, and I wonder if I might ask whether, in light of the circumstances, the Oral Surgery Club might not like to advance their visit to Zurich by one or two days. If I knew right away that they would like to do this, I would still have time to change my programme accordingly.

With kind regards,

Yours sincerely,

Prof. H. Obwegeser, M.D., D.M.D.

Professor H. Obwegeser,
Kieferchirurgische Station,
mit Bettenabtellung am Mantonsspital,
Zahnarztliches Institut,
Der Universitat Zurich,
Zurich.

Dear Hugo,

Thank you very much for your letter of the 11th February. I am sorry if I have set you a rather difficult task in providing a programme for us but the dates were not suggested by me and I appreciate that, like us, you do not normally work on Saturday or Sunday. I think that your suggested programme will beexcellent and the only possible alteration I would suggest, if possibly, is the addition of an Obwegeser Osteotomy. You may feel that this is not suitable for television as it is difficult to obtain satisfactory vision of the operative field. I will leave the decision on this in your hands.

I am sure that the members of the Oral Surgery Club would like to see over the Dental Institute on the Saturday morning.

It is our custom, as you may remember from the last visit, to take our hosts out for a meal, probably on the Friday evening, if this is convenient to you. I am told that the Restaurant to which the Club went last time for this occasion was very suitable and I wonder whether you

Trees
Hook Heath Avenue
Woking, Surrey

Dear Ian,

Thank you for your letter of January 29, 1966.

Unfortunately there are not many possibilities left open for arranging the Operation and Demonstration Course, if I am to follow the wishes of the Oral Surgery Club, for in Switzerland, as in England we do not generally work over Saturday and Sunday. However I take the liberty of suggesting the folbwing program.

Thursday, April 14.

13.30	Welcome drink
14.00 - 16.00	Demonstration of operated patients
16.00 - 16.30	Coffee
16.30 - 18.00	Introduction of theory with the help of slides, operation films, and discussion for our mainly used different procedures in pre-prosthetic surgery

Friday, April 15.

09.30 - 12.00	Operation: Case with mouth floor plasty and vestibuloplasty with skin graft (television transmission)
12.00 - 14.00	Lunch
14.00 - 16.30	Operation on a case of vestibuloplasty with secondary epithelisation, or sub-mucosal

vestibuloplasty, or vestibuloplasty with skin graft according to Schuchardt, or buccal-inlay and tuber plasty withouth skin-graft (television transmission)

16.30 - 17.00 Coffee

17.00 - 18.00 Discussion

Saturday and Sunday sight-seeing. It would be best for you to arrange this direct through a travel-agency.

You are more than welcome to tour over the Dental Institute on the Saturday morning.

Unfortunately I do not have any personal experience of hotels here but only know that guest are always satisfied at the Hotels Leoneck and Florhof.

I do hope the above will be of help to you. I would be grateful if you would let me know as soon as possible whether you are in agreement with the program I have suggested. If not perhaps you could let me have your ideas for a final program.

With warm good wishes, which please also convey to Marjorie,

Sincerely,

Prof. H. Obwegeser, M.D., D.M.D.

Dear Hugo,

I have just returned from a very pleasant and successful South American tour.

My secretary got in touch with the secretary of the Oral Surgery Club during my absence, and as far as we can tell, there will be twelve to fifteen of us at Zurich. Having seen your television in action I would think it would be highly desirable if you could lay this on for us as the visibility is so excellent.

I look forward very much to meeting you again in Zurich. Ian Heslop, our Secretary, will be dealing with the arrangements for the visit and I will ask him to keep in touch with you.

Best wishes for the new year.

Yours sincerely,

J.H. Hovell.

ORAL SURGERY CLUB - ZURICH, 1966.

Thursday, April 14.

13.30	Welcome drink
14.00 - 16.00	Demonstration of operated patients.
16.00 - 16.30	Coffee
16.30 - 18.00	Introduction of theory with the help of slides, operation films, and discussion for our mainly used different procedures in pre-prosthetic surgery.

Friday, April 15.

09.30 - 12.00	Operation: Case with mouth floor plasty and vestibuloplasty with skin graft (television transmission)
12.00 - 14.00	Lunch.
14.00 - 16.30	Operation on a case of vestibuloplasty with secondary epithelisation, or submucosal vestibuloplasty, or vestibuloplasty with skin graft according to Schuchardt, or buccal-inlay and tuberosity plasty without skin-graft (television transmission)
16.30 - 17.00	Coffee
17.00 - 18.00	Discussion

Saturday and Sunday sight-seeing. It would be best for you to arrange this direct through a travel-agency.

You are more than welcome to tour over the Dental Institute on the Saturday morning.

DEMONSTRATION OF PROCEDURES IN PRE-PROSTEHTIC SURGERY

Preliminary programme

Thursday, 14th April

1.30 p.m.	Welcoming address by Prof. H. Obwegeser and H. Freihofer, D.M.D., Director of the Dental Institute, University of Zurich (Lecture Room beneath Entrance Hall)
2.00 p.m. - 3.30 p.m.	Introduction of theory in pre-prosthetic surgery with the use of slides, operation film, and discussion of the different procedures generally used in our Department (Floor F)
3.30 p.m. - 4.00 p.m.	Coffee (Canteen on Floor E)
4.00 p.m. - 6.00 p.m.	Operation: Case of lowering of the mouth floor and simultaenous vestibuloplasty with skin graft; television transmission and discussion (Floor B)

Friday, 15th April

09.30 a.m. - 12.00 a.m.	Operation: Vestibuloplasty with secondary epithelialisation in the maxilla and simultaneous tuberoplasty (Floor B)
12.00 a.m. - 2.00 p.m.	Lunch
2.00 p.m. - 4.30 p.m.	Operation: One of the following will be presented: Submucous vestibuloplasty in the maxilla and tuberoplasty without skin grafting; vestibuloplasty with skin graft according to Schuchardt; buccal-inlay vestibuloplasty with tuberoplasty. Television transmission and discussion (Floor B)
4.30. p.m. - 5.00 p. m.	Coffee (Canteen Floor E)

Friday, 15th April

5.00 p.m. - 6.00 p.m.	Demonstration of films and discussion, or tour of the Dental Institute
7.00 p.m.	Dinner in Guildhouse

Saturday, 16th April

09.00 a.m. - ca. 12.00 a.m.	Demonstration of operated patients: Pre-prosthetic cases, orthodontic cases, cleft cases with severe maxillary deformities, cases with simultaneous resection and reconstruction of portions of the mandible (Floor D)
7.00 p.m.	Party at Prof. Obwegeser's home

MR GEORGE T. HANKEY.

21st April, 1966

Dear Ian,

Thank you for your letter. My wife and I were most disappointed that we some how missed the plane to Zurich last Thursday; I particularly wished to see Obwegeser perform his operations. Cambrooks and Killey and ourselves were sitting on the balcony having coffee and we never heard the announcement on the loudspeaker about the Swissair plane; we stayed at the airport all day; the afternoon B.E.A. flight was cancelled and there was only a vague promise of another Swissair plane late in the evening; by then we were browned off.

The odd thing was that our luggage went to Zurich on your plane and it took ages to explain this to the authorities and put the necessary steps in motion to get it back again. Miraculously, it was delivered to my door by private car on Saturday afternoon, which was not bad.

I am glad the meeting was a success and that you all enjoyed yourselves.

Yours sincerely,

George Hankey

Ian H. Heslop, Esq., M.B., F.D.S.,

WELBECK 8415

April 19th. 1966

Dear Ian,

I hope you received the cable I sent on Thursday night and though I did not mention it I hope you passed the information on to the hotel. Unfortunately by the time it got to 5.30 we only had the promise of seats in a Swissair plane if it came in, and by that time we were all so tired and depressed we decided to give it up, particularly a s there seemed no certainty of reaching Zurich before lunch next day.

I phoned Harveys of Guildford and told them of our mishap due to no flights, and sent back my coupon for the hotel rooms, for which I hope I will get some credit.

As I had booked direct with B.E.A. through their Staff Division, I shall be receiving a credit for my Air-line tickets.

We were all depressed about missing the Meeting, and in addition George Hankey's flight tickets had disappeared in the official confusion, but I hope he was able to get some credit for them before he left.

I trust our next Meeting at Plymouth will not be marred by any further mishaps.

Yours sincerely,

John Cambrook

4th June, 1965.

Dear John,

Your Meeting in Plymouth is taking on some shape now and I would like you to make some comment on its structure.

After a good deal of toing and froing, I have decided to make bookings in the Continental Hotel, Plymouth, which is a Trust House. I had hoped to use the Grand Hotel, which is the only hotel with a sea-view, but it has been taken over by the Berni Brothers, who have altered its character completely, and it is now totally unsuitable for our purposes. I think, however, you will find the Continental of a reasonable standard. I enclose a brochure.

On the Thursday, we can meet the London trains in the afternoon and a meeting room reservation has been made in the Continental for the business meetings, draped around tea.

I have been in touch with the Town Clerk and his Officers concerning hospitality to us from the City. The form of this has not yet been clinched but it seems likely that, if we want it, we can have a reception with supper in the new Council House on the Thursday evening. I have said that, if a substantial supper could not be given easily by the City, we would be prepared to help financially with this. There is plenty to see in and from the new Council House and this would be well worthwhile doing; as it is only a few steps from the Continental Hotel, this might be more suitable, after a heavy day's travelling, than laying on anything more ambitious at a distance. I had, possibly, in mind a boat trip including a reception. I think the former suggestion, however, is more suitable.

On the Friday we shall have the whole day working at Greenbank Hospital. I propose not to put on live operating, as, I think, the sessions are a thorough waste of time and bring out the worst, both in the operator and the viewers ! One of the sessions would be devoted, probably, to the intensive care of the multiple injury patient and the unconscious patient, and the other session to clinical cases with opportunity for joint discussion.

Cont'n

4th June, 1965.

On the evening of the Friday we have the formal dinner to arrange and there are a number of alternatives here. If the Club does not mind being taken a fair distance (approximately twenty-five miles out) by coach and back again, there is a possibility that we might use the Manor House, Mortenhampstead, which you probably know. Given a reasonable evening, it is a good drive over the Moor and a very lovely place and well-run hotel. Alternatively, we could get something nearer in to Plymouth to cut down the travelling. I would like to be guided by you on this.

On Saturday morning we would be glad to lay on any sort of programme which the Club might desire. A boat trip up the Tamar, given a nice day, could be very pleasant - the City might do this for us. The City would also be prepared to let us have a double-decker 'bus, with the lid cut off, to take us round all the various vantage points in Plymouth. It is even possible that the two things might be combined. Alternatively, we could do another session of short papers on surgical technique, illustrated by film, for discussion, which would take the place of a live operating session. Alternatively again, we could have an hour of this clinical discussion and, after coffee, then go for our boat trip or 'bus ride. Lastly, we need not do anything at all on the Saturday.

I would be grateful for your comments.

Yours sincerely,

Paul Bramley

Dear Ian,

Oral Surgery Club Meeting, Plymouth, 1966.

Thank you for your letter of 5th March concerning the above.

I believe in the past it has been usual for the Oral Surgery Club to hold its meetings in the Spring and Autumn and this might be an opportunity to alter the date so that it no longer clashes with the B.O.A.S. meeting.

The snag is John Hovell takes over the Presidency in Autumn of this year when we shall be having a meeting at St. Thomas's. If in fact we have the Cambrooks meeting in June 1966 will we be able to fit in John Hovell's overseas meeting and still give ourselves time?

I would think that it may be a good thing for you to have a chat with John Hovell concerning this and then perhaps those of the committee going to Lyon could discuss it then.

Yours sincerely,

David Downton,

16th March, 1965

My Dear Jim ,

Oral Surgery Club Meeting, Plymouth, 1966

Thank you for your letter about dates of this meeting. June is, of course, the traditional month for holding Final B.D.S. and L.D.S. Examinations. I have enquired from the University office here and it would appear that our B.D.S. Exams will take place one week later and so despite my duties as an Examiner I would probably be able to attend.

Kindest regards,

Yours sincerely,

Geoffrey.

My Dear Heslop,

June 9th, 10th, & 11th will suit me very well for the Plymouth Meeting.

I look forward to this meeting as one in which the social side may be further developed for the entertainment of members and wives.

Yours sincerely,

John Cambrook.

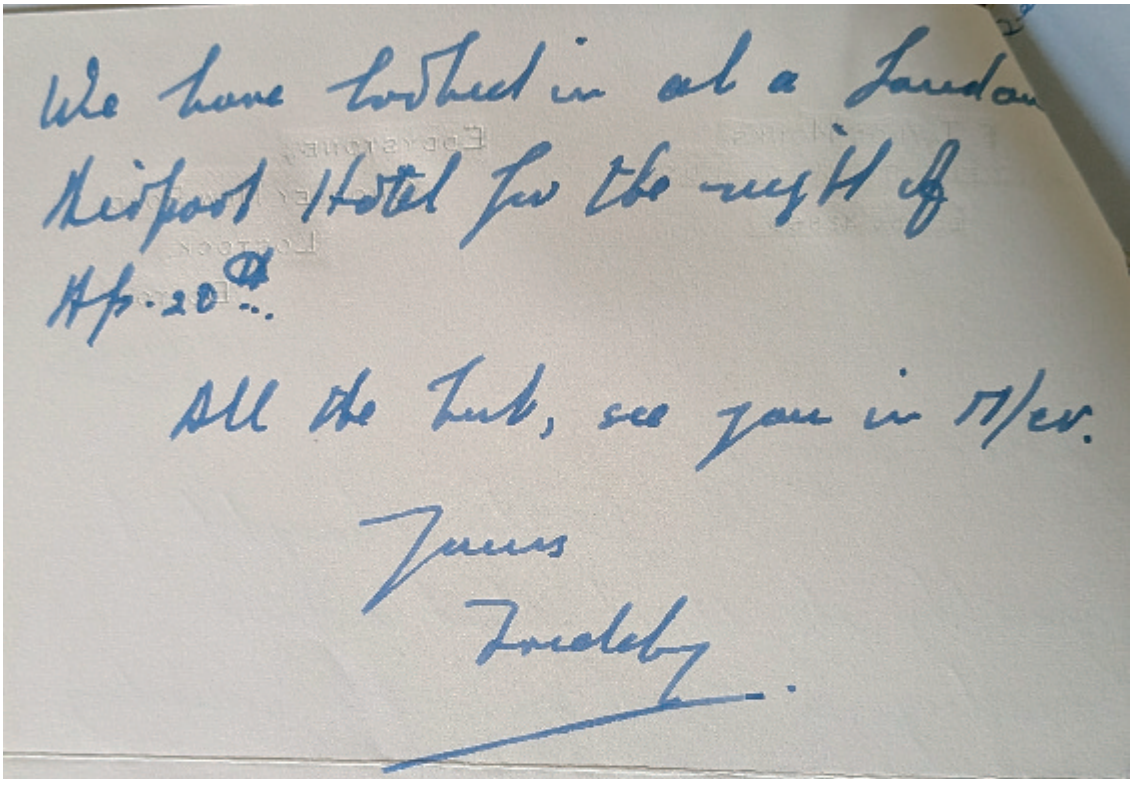
15.3.66.

Dear Jan,

On further thought I really do think that a June meeting is "not on." It's crowding in too much.

Are you booking a flight for Alan, Lucy & myself from M/ch to London on Tuesday evening, April 20th & also a return flight from London to M/ch on Saturday morning Apr. 24th to connect with the flight from Lyons?



We have booked in at a London
Airport Hotel for the night of
Ap. 20th.

All the best, see you in M/cr.

Yours
Freddy

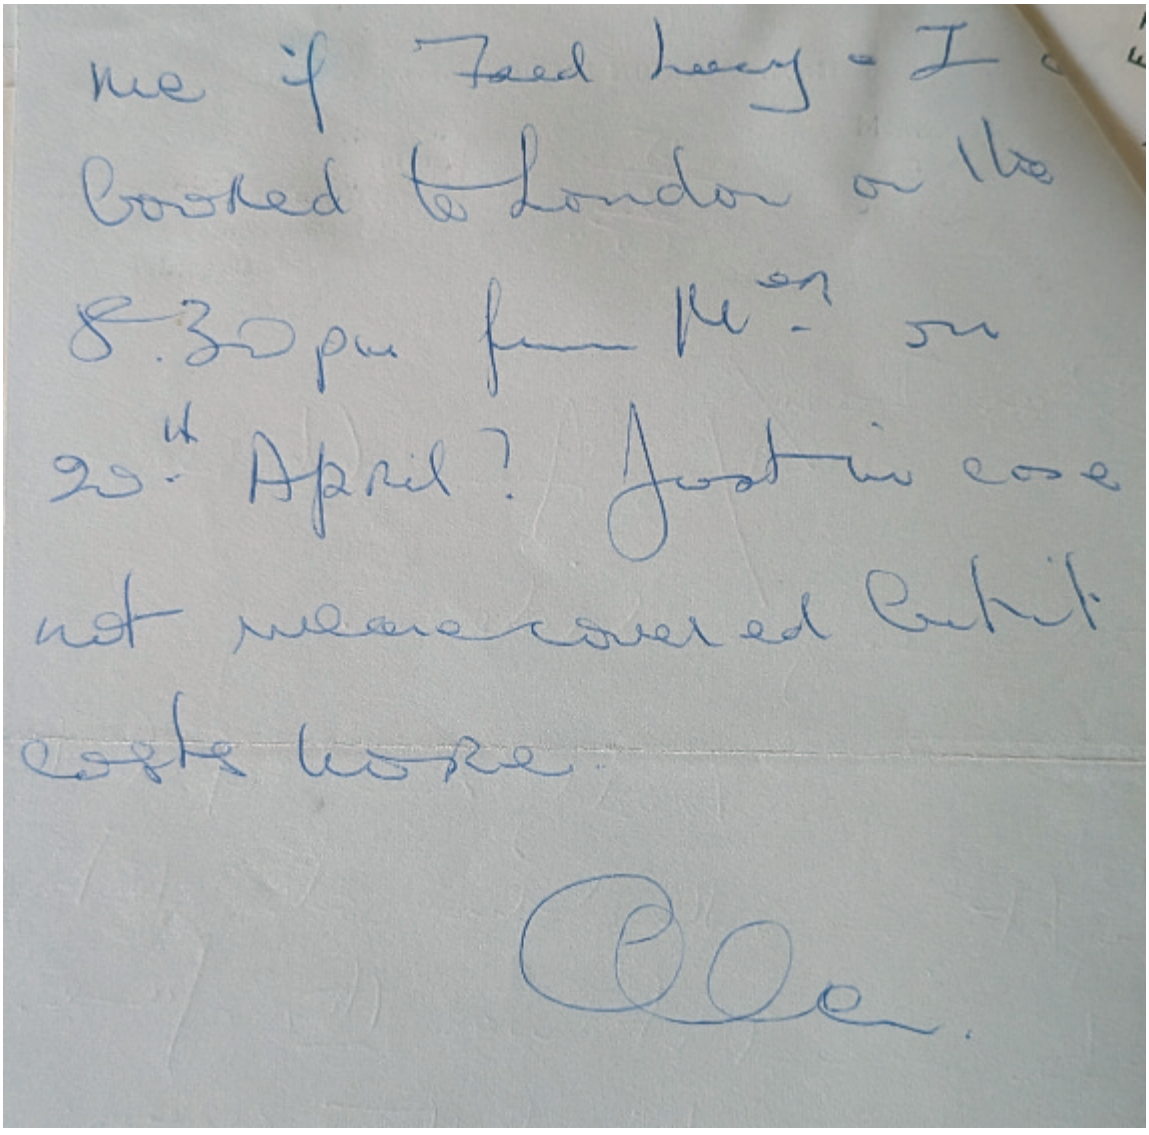
Dear Ian/

Yes June 66 seems to be a good idea.

Freddy rang up last night was he drive about it & he said it was 1st June. So perhaps his letter regards re visiting.

Can you tell



me if Fred Lacy - I
booked to London on the
8.30 pm from Mon on
20th April? Just in case
not we are covered but it
costs more.

Ellen.

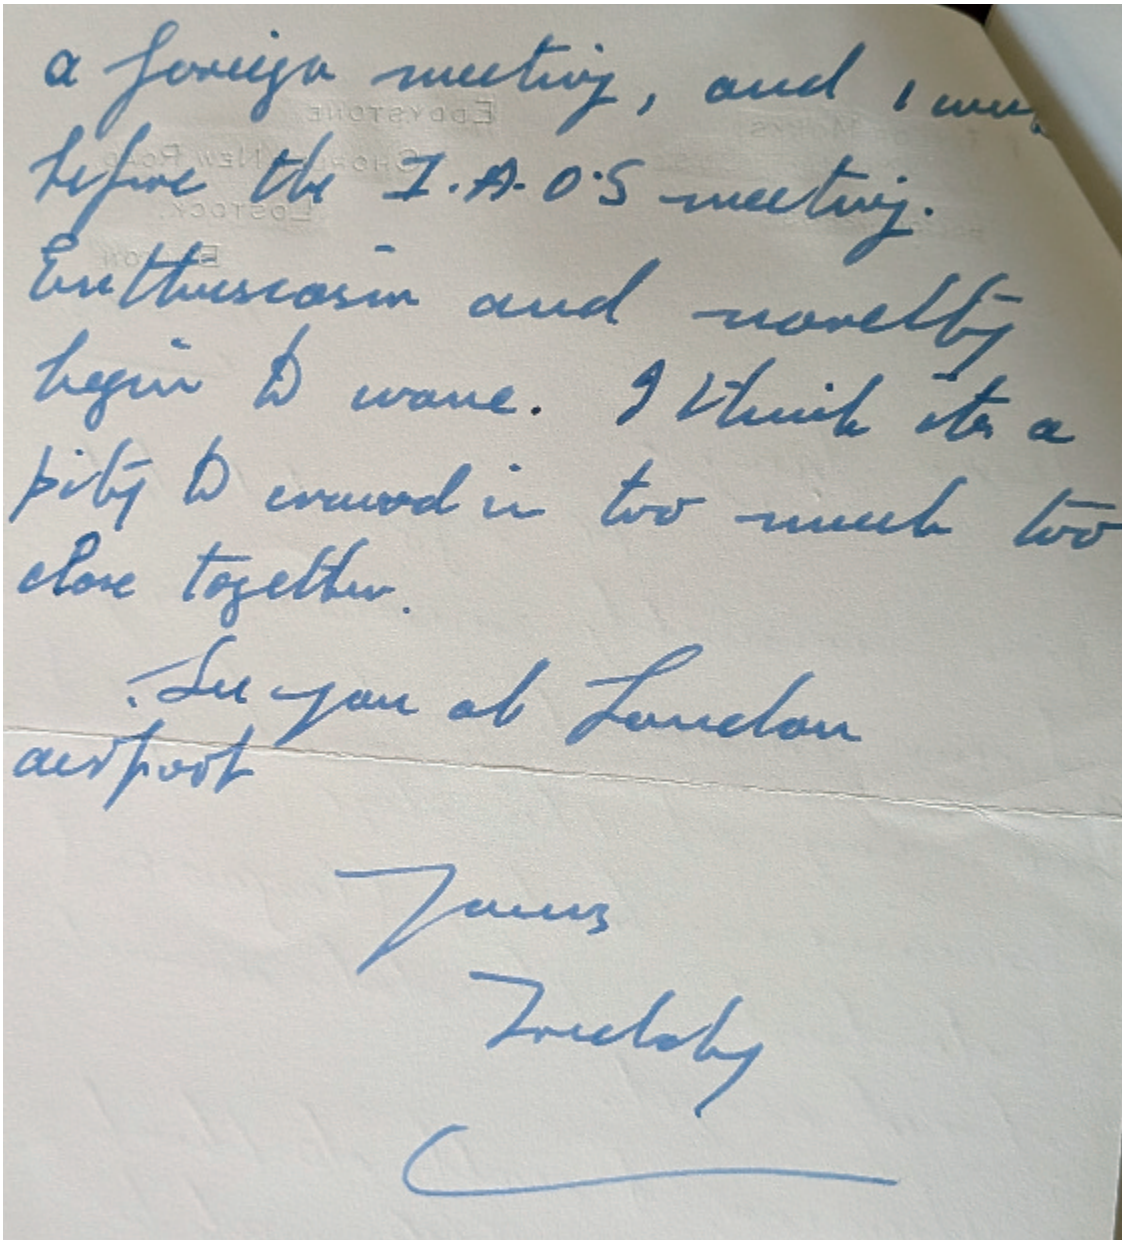
12.3.65.

Dear Jan.

The suggested dates are reasonably convenient so far as I can ascertain and so far as I can say at this stage, but I examine in London, Glasgow & Edinburgh & the dates are not fixed as yet.

However, I really do think that it is a little much to expect members to be enthusiastic for a 2nd meeting 2 months after



a foreign meeting, and I must
before the I.A.O.S meeting.
Enthusiasm and novelty
began to wane. I think its a
pity to crowd in too much too
close together.

See you at London
airport

James

Dear Ian,

Oral Surgery Club Meeting, Plymouth 1966.

It is very far ahead to think in terms of June 1966, but as far as I am aware there is nothing which would clash with a meeting of the Oral Surgery Club on June 9th, 10th and 11th.

May I suggest, however, that you ring the B.D.A. Headquarters where they do keep a diary of forthcoming events just to make quite sure that there is no other meeting arranged for this particular time which would involve some of our members.

With kindest regards,

Yours sincerely,

R Hunt Walker

Dear Alan,

Oral Surgery Club Meeting, Plymouth, 1966.

I recently talked to Paul Bramley about this meeting and he has suggested tentatively that June, 9th, 10th and 11th, 1966 would be a good time.

May I have your comments on this as he would like to get on with his planning as soon as possible?

Yours sincerely,

Ian H. Heslop.

30th October, 1964.

My dear Paul,

Thank you very much for your letter.

This was a mistake on my part - of course the meeting is in 1966 and I am sorry I have caused all round trouble by referring to 1965.

Yours sincerely,

Dear Mr. Cambrook,

Many thanks for your letter of the 22nd October, for your suggestions and for your offer to give a President's cocktail party which, I am sure, will be very much appreciated.

I note in your letter that you mention the date suggested is June 1965 - I was under the impression that it was to be in 1966. I would be very grateful if you would let me know whether, in fact, I have got the year wrong !

Yours sincerely,

Paul Bramley

28th October, 1964

Dear John,

Thank you for your note enclosing a copy of your letter to Paul about the Oral Surgery Club Meeting. I felt that I ought to write fairly promptly because in your letter you are talking about June 1965 whereas Paul is talking about 1966. You will recall that we agreed that the 1965 Meeting should be in London under the Presidency of John Hovell and that your Meeting will be in 1966.

In haste,

Sincerely,

(Geoffrey L. Howe)

Dear Heslop,

For information, just a copy of my letter to Paul Bramley re the Plymouth Meeting

Yours

John Cambrook

27th October, 1964.

My dear Paul,

Thank you for your letter which beat me to it as I was going to write to you.

I think the best thing would be to have our Meeting at Plymouth in June 1965 and the only date that is a fixture for me is the 15th of that month. I am sure that June will be very much better so that we can see something of the country.

With regard to the approximate number of members who attend at a meeting, I'll get in touch with Rupert Taylor to judge of past experience. I certainly think that a number of wives (most likely my own) will attend the meeting and anything that can be organised for them whilst we are professionally engaged would be welcome.

I do not know what official hospitality there should be but if there is no conflicting arrangement I should be pleased to give a President's cocktail party to the Members, their wives and those who have taken part in the meeting.

I would suggest that I go down a couple of days ahead of the meeting when I might get to know people and co-operate with you in last minute arrangements but, in the meantime, please do not hesitate to write to me at any time.

Best wishes,

Yours sincerely,

23rd October, 1964.

Dear Mr. Cambrook,

I have been thinking about the proposed Oral Surgery Club Meeting in Plymouth in 1966. I can see no reason why the Club should not have a happy and profitable time here in spite of the relatively poor clinical facilities, and I would be glad to co-operate in every way to make this Meeting a success.

The first decision which must be made is on dates. It would seem to us that there are two possible times, either early June or late September. The long evenings of early June would help us to make use of the great outdoors. The weather cannot be guaranteed at either time. When I have some firm dates, I can then begin to provide you with a suggested programme for your consideration. I would also like to know at an early date about approximate numbers of members and of the cognizance we are to take of wives in the social programme.

With best wishes,

Yours sincerely,

Paul Bramley

7th February, 1966.

Dear John,

Plymouth Meeting - Oral Surgery Club

There are one or two queries I would like to put to you and, in order to help you to answer them, I will describe the programme day by day :-

Thursday p.m.

Committee Meeting, followed by tea and then the General Meeting.
Civic Reception and fork supper.

Friday a.m.

Lecture/demonstration/discussion on "Intensive Care".

p.m.

Clinical cases and discussion.
Dinner at the Continental Hotel.

I am now suggesting the Continental Hotel as this will mean that most of the members will not have to travel at all on that evening. The difficulty, as I see it, is that we cannot guarantee a really first-class dinner here. If you are happy with reasonable Trust House standards, this seems to be a good solution. Otherwise, it will mean travelling at least a short way out of Plymouth. I would be grateful for your comments on this.

Saturday a.m.

8.30 a.m. - short operating session for those who want to and are able to get up.

9.30 a.m. - discussion group on operative techniques to last for one hour to one-and-a-half hours.
Following this, I suggest a boat trip which will take approximately two hours.

- 1 - Contd/.....

The Thatched House,
Chub Tor,
Yelverton.

9th May, 1966.

Dear John,

We look forward to seeing you before the meeting in June when I shall have the pleasure of laying the details before you and taking you over the ground.

I shall shortly be sending out a final programme to the twenty-five members who are booked to come.

On Thursday, June 9th, the Civic Reception will be at 7.30. We should arrive just before that so you may be introduced to the Lord Mayor, Alderman T. H. Stanbury. He will probably ask you and Mrs. Cambrook to join him in receiving the City's guests. Drinks and buffet-type of snacks will follow. The Lord Mayor will probably say a few words of welcome to which you probably will want to reply. After this there will be an opportunity to see the Council Chamber and Offices and also to go up to the roof deck. If the members feel they have not had enough to eat, they will be able to make their own arrangements after about 9.00 p.m.

The numbers so far are as follows :-

Members	25	
Dinner	35	- copies of letters to Lord Mayor and Town Clerk enclosed.
Reception	50	
Cotehele House and Thatched House	10	
Sea Journey	20	at present - "The Western Belle" can take many more - perhaps if it is a nice weekend some more may stay for this.

I look forward to hearing from you about your arrival times so we can make contact.

Yours sincerely,

Paul.

March, 1966

Dear Alla

PLYMOUTH MEETING OF THE ORAL SURGERY CLUB
9, 10, 11 JUNE, 1966

The replies to the preliminary notice sent out by the Secretary have enabled me to make up a programme for the Meeting.

In order to make firm arrangements, I should be grateful if you would complete or confirm the enclosed slip and return it to me before 18th April,.

We are delighted to act as hosts to the Club on behalf of John Cambrook. We are unable to put on a show of clinical fireworks but we hope you will see enough to provide useful discussion and that you will enjoy the self help and some relaxation.

PROPOSED PROGRAMME

Thursday, 9th June

2.30 p.m.	Cornish Riviera will be met at Plymouth Station
3.30 p.m.	Continental Hotel - Club Committee Meeting
4.15 p.m.	Tea and Club Business Meeting
	Evening Reception and Supper at Civic Centre for Club members and their ladies.

Friday, 10th June

8.00 a.m.	Bathing Parade (heated)
10.00 a.m.	Lecture - Demonstrations - Discussion - "Co-ordinated Care of the Acutely Ill" North Friary House, Greenbank Terrace.
12.30 p.m.	Lunch - Plymouth General Hospital.
2.00 p.m.	Clinical Cases and Discussion Plymouth General Hospital
7.30 p.m. for 8.00 p.m.	Club Dinner at Continental Hotel.
2.00 p.m.	LADIES ONLY
	Bus trip to Cotehele House and Tea and thence to the "Thatched House", Yelverton for Supper.
	Energetic ladies are advised to bring walking shoes and tennis gear.

Saturday, 11th June

8.30 a.m.	A short operating session for those who are desperately keen and if suitable cases become available.
10.00 a.m.	Short papers and discussion on Operative Techniques, North Friary House.
12.00 mid-day	FOR MEMBERS, LADIES AND GUESTS
	Phoenix Wharf for sea or river trip of approximately two hours with a modest collation afloat.

Further details will be sent to you much nearer the date of the Meeting.

Yours sincerely,

Paul

12/4/66

ORAL SURGERY CLUB - PRESIDENT MR. J.D. CAMBROOK

PLYMOUTH MEETING, JUNE 9th, 10th, 11th, 1966.

5.00 p.m.	Bus will leave Cotehele for Thatched House Yelverton, for Supper. Ladies will be ferried back to Plymouth later.

Contd/....

turday, June 11th

8.30 a.m. Operating Session at Greenbank Hospital.

9.45 a.m. Bus leaves Continental Hotel for North Friary House.

10.00 a.m. North Friary House - Discussion will be opened on the following topics:-

"Zurich - Some After Thoughts" - David Downton

.....

"The Scalp, A Broken Reed?" - Tom Crewe

.....

"Intravenous Sedation and Anaesthesia as an Out-Patient Procedure" - Roy Roberts

.....

"The Mandibular Branch of the Facial Nerve and How to Avoid It !" - Roy Whitlock

Contd/....

Saturday, June 11th (Contd/....)

11.45. Bus leaves for Phoenix Wharf, Barbican, to join the "Western Belle" at 12 midday for a two hour sea trip. Members, Ladies and Guests.

Bar and Buffet available.

Miss Lilian COURTIS; Y.O.B. 1927

16.12.57.

This poor girl was struck in the face by a manhole cover in a sewer explosion and suffered considerable orthopaedic and maxillo-facial injuries. Her facial injuries consisted of bilateral mandibular fractures, Le Fort I and II fractures with nasal comminution.

The diagnosis and treatment was made extremely difficult in the presence of gross oedema and congenital deformity. Mother states that her appearance now is the same as before the accident.

May you have pleasure in recognising the congenital anomalies!

Suggestions on solving her prosthetic problems would be gratefully received.

Material available:

Patient.

Radiographs.

Photographs.

Mrs. Iris WINDEATT: Y.O.B. 1921

Left-sided condylar hyperplasia with secondry abnormalities treated by condylectomy in 1956.

At the age of five she remembers being struck under the chin by a swing, breaking several teeth. She has had running ears ever since she can remember

At 17 years of age the asymmetry was first noticed.

The presenting symptons in 1956 were of increasing inability to open the mouth and pain in both jaw joints.

In terms of function the result has been excellent. She now has an apparently normal opening and pain-free movements.

We have only six cases of this condition in this age group which we can look back on over any length of time. In all, the presenting sympton has bee joint dysfunction, and condylectomy seems to have cured these symptons.

This seems a theoretically, reasonable thing to have happened. Is this your experience?

Material available:

Patient.

Radiographs.

Pre-operative Photographs.

Mrs. Joan HEAT; Y.O.B. 1926

Dental roots removed from left antrum 23.3.65.
The minor deformity of the upper lip was noted at this time.

Diagnosis?

Mrs. Bessie KINDOM; Y.O.B. 1904

At the age of thirteen she had skin changes which began below the right breast and which slowly spread; since this time the right arm and breast have always been smaller than the left.

At forty-three she had four attacks of unexplained unconsciousness.

At the age of forty-nine frontal and vertical headaches began; these were later accompanied by momentary jabs of severe pain in the right temporal region and cheek, brought on by talking and drinking. The pain sometimes made her clench the jaw and at other times the jaw seemed to clinch in a muscular spasm without pain.

1953 After one bad spasm, the pain persisted and her face swelled. A spontaneous fracture of the right condyle of the mandible was found. No facial asymmetry was observed at this time. Numbness of the right lower lip and chin started at this time.

1957 While resting in a deck-chair she had a severe muscular spasm and the right angle of the mandible was found to be fractured. A bone biopsy from the fracture site proved to be normal.

Her physical features when we last saw her in 1961 were as follows:

The right side of her face was smaller than the left.

Muscles of the right arm and shoulder girdle and hand were all wasted.

Sclerodermatous changes (morphoea) in the upper half of the body involving the right arm, shoulder and chest.

On the right temple the hair was missing with the underlying skin atrophied.

The right breast was smaller than the left.

There were no other physical abnormalities.

E.E.G. was normal and electro-myography findings were not clear.

You will by now have made a full diagnosis.

We are under the impression that spontaneous fractures of the jaw occuring with this condition represent a unique combination.

Perhaps we shall be disillusioned in the discussion to follow?

Mrs. Margaret BEALE; Y.O.B. 1940

It is a pity that Mrs. Beale has been unable to attend in person as her condition affords useful comparision with Mrs. Kindon and Mrs. Eyres and Mrs. Next.

She has been a fit person with no relevant family history. In her mid-teens she noticed a recession of her gums adjacent to $\frac{1}{1}$, accompanied by the appearance of a paramedian furrow involving the chin, lips, left side of the nose and forehead. The condition has gradually become more pronounced over the succeeding years.

There is no pain and the skin and other systems appear normal.

Material available:

Photographs only.

Mrs. Ann EYRES; Y.O.B. 1939

This lady used to bottle Plymouth Gin for a living!

Her dental surgeon referred her in 1959 with the story that he had removed 321/ which had become loose. After this he noted a continuous recession of the gum and a white area under the upper lip.

The symptons began at the age of 15 years, when the gum started to recede around 21/. There was an occasional burning pain in the right side of the upper lip and upward to the eye.

The family history and her past history were negative.

Apart from the face and mouth, the only other abnormalities on physical examination were a small cafe au lait area, 1" in diameter, on the abdomen and another on the nape of the neck.

What is the diagnosis?

Has the burning pain any prognostic significance?

Material available:

Patient.

Photographs.

Miss Gail OSBORNE; Y.O.B. 1950

1963 Mother began to notice that the right side of lower jaw was becoming larger than the left.

1964 Seen by us in out-patients and documented as an early case of right-sided condylar hyperplasia with early bowing of the body of the mandible and tilting of the occlusal line.

13.7.
1965. Right-sided condylectomy. No intermaxillary fixation and occlusion left to find its own position in the hope that there would be occlusal adjustment by tooth and alveolar movement. This appears to be happening.

Your comment is asked on:-

(1) The timing of the condylectomy.

(2) Was it right to ignore the occlusion post-operatively?

(3) Is the bowing of the mandible likely to improve?

Material available:

Patient.

Radiographs.

Models.

Stephen THORNE; Y.O.B. 1960

This boy is unable to open his mouth properly. He had a normal birth. He has been troubled with running ears, particularly on the left side.

At about the age of four Mother first noticed that he had difficulty in opening his mouth.

He fell into our hands when he was admitted recently for the removal of adenoids.

Two younger brothers have no trouble with their jaws and father is normal. Mother has a large lower jaw but no abnormalities of movement.

There is evidence of considerable abnormality in the left condylar region.

What is the nature of the lesion? What further steps ought to be taken to establish a diagnosis?

If the diagnosis is firm in your mind, what should be done and when?

Material available:

Patient and Mother.

Radiographs.

Mrs. Mary SLAPE; Y.O.B. 1894 (72)

This case has been before you in another guise at the B.A.O.S.

She had a large multicystic lesion at the left angle of the mandible which proved to be a keratocyst, probably of primordial origin.

Feb. 1960 — First diagnosed at Barnstaple and then at the Royal Infirmary, Bristol.
No treatment given.

April 1962 — First seen in Plymouth.
"Enucleation" through an intra-oral approach.

May 1964 — Recurrence. Extra-oral approach and enucleation. Cystic area like a rabbit warren.

May 1965 — Recurrence in coronoid process. Extra-oral approach and excision of coronoid process.

Material available:

Clinical Photographs

X-rays for the above dates.

Knowing the histological nature of the lesion and its subsequent behaviour, what would have been the appropriate way of dealing with this cyst in 1962?

Resection

Vincent Devonshire

Mrs. Joan MEDWAY; Y.O.B. 1938

You may be interested to talk to this lady who has a very clear-cut history of indolent, deep ulcers of the mouth and lips, eventually healing with scar formation.

The ulceration started at puberty and continued until the eight week of her first pregnancy when it remitted completely until two weeks after birth, and from then on the same dreary and painful sequence of ulceration and fibrosis followed in spite of attention from E.N.T. surgeons, Physicians, Dermatologists - yes, and even Radiotherapists!

We are glad to say that a proper history was taken when she came to this department and, on the strength of this, she was, in conjunction with an F.P.A. doctor, put on Anovlar. There has been dramatic relief. The oral hygiene with the painful ulcers and scarred lips has been poor, and ulcers were caused after the extraction of eight teeth under a general anaesthetic, and also on one occasion when she bit her tongue. Otherwise, there has been no ulceration while she was on Anovlar.

Anovlar was stopped as she desired another pregnancy. She became pregnant almost immediately and remained ulcer-free throughout. She was persuaded not to take Anovlar for three months after pregnancy and her ulceration returned to be banished again by the use of Anovlar.

This, presumably, is properly clinically described as periadenitis mucosa necrotica recurrens. The clear-cut onset at puberty and its relation to pregnancy justified a trial of Anovlar.

We have tried Anovlar on other similar ulcerations which have not had this clear history, and there has been no incontrovertible improvement.

Material available:

Patient.

Old Photographs.

Miss Shirley DAVIS; Y.O.B. 1938

Failure to Heal.

C/O

Pain and slow healing of a tooth socket sixteen months after extraction.

History:

8 extracted (G.A.) on February 18th, 1965, whilst an in-patient for anaemia investigations. This anaemia ultimately proved to be iron deficiency - corrected by parenteral iron therapy. The socket remained as an unhealed crater until October, 1965, being unaffected by antibiotic, vitamin, or local medication treatments. The wound healed during October while the mandible immobilised to the maxillae. But after removal of the fixation, the wound again became patent, and attacks of fever, swelling and pain began again and continue to date.

Previous History:

Congenital Ptosis.
Maxillary Sinusitis. 1948 age 11.
Primary Pulmonary Tuberculosis, 1950 - resolved.
Maxillary Sinusitis 1952.
Paronychia L. thumb 1954 - 18 weeks treatment - recurrence in 1955.
Paronychia R. finger 1956.
R. Mastoiditis 1956 - 1960.
Meningitis 1960.
Iron Deficiency Anaemia 1964 - 1965.

Patient.
X-rays.
Models.
List (x 2) of investigations and results.

What are the causes of failure to heal?

What is the management of future dental extractions?

Diagnosis?

11

Miss Irene PLAYER; Y.O.B. 1942

We first saw this girl in 1955. She was a pathetic creature huddled over the fire with a toothache. Because of her skin disease she had not been out of doors for years and at that time had a haemoglobin below 50%.

She was taken in hand by the Physicians who, with the help of Cortisone, have improved her beyond all recognition. She is now out at work and wants to look her best. A recent dilatation of the oesophagus has helped her swallowing to such an extent she is longing to enjoy a good solid normal diet.

The epidermolysis bullosa dystrophica has created so much scarring that quite apart from the microstomia, there is no remaining sulcus in either jaw.

Her normal skin is not very good at adhering to the underlying tissue. What are the prospects for split skin grafting or, for that matter, wearing a denture at all?

Would a Zurich-type vestibuloplasty, with secondary epithelialisation, be worth trying in the upper jaw?

Mr. J. A. HARDWICK; Y.O.B. 1942

This young seaman was referred with a pericoronitis related to 8.

X-rays showed an abnormal bone pattern.

He was fit in every respect and had had a normal dental experience.

This diagnosis is worthwhile making before dental extractions begin.

aterial available:

Radiographs.

George Thomas NICOLL; Y.O.B. 1914

This is a case for the academically inclined and "A" merit award holders only!

He originally presented to us in 1963 with the story of repeated operations on a "cyst" in the symphysis region of the mandible. At this time there was a cutaneous sinus on the chin and a bone cavity lined with infected granulation tissue. The jaw lesion was treated by standard methods.

He had, in the past, suffered with acute bacterial endocarditis and had a great deal of difficulty in getting suitable glasses in his youth.

On examination:

Musculo skeletal anomalies

1. Dolichocephalic skull with marked frontal prominences.
2. High arched palate.
3. Arachnodactyly.
4. Kyphosis and scoliosio.
5. Pigeon deformity of the chest.
6. High patellae and long patellar tendons.
7. Bilateral talipes equinovarus and high arches.

Visceral anomalies

Eyes — Bilateral blepharo-phimosis, congenital external rectus palsy, bilateral aphakia, bilateral dislocation of the lens.

Heart — Aortic incompetence and stenosis.

Material available:

Photographs.

X-rays.

What is the syndrome?

Marfan

Are the "recurrent cysts" of any interest in relation to it?

No.

Mrs. Grace ALLARD; Y.O.B. 1936

This lady is desperately keen to keep her teeth- so keen that she has come up from Falmouth today for your opinion.

She has a beautifully cared for mouth but has marked buccal parodontal loss adjacent to 1.

The bite has been ground out of occlusion and also an attempt has been made at reattachment by means of a mucosal pedicle graft, which held for four or five weeks but has since parted with a complete relapse.

Is there any treatment for her?

Brian WELLS; Y.O.B. 1944

A pure blow-out fracture of left orbit was caused by a kick on 23.12.65.

Radiograph shows the prolapse of orbital contents.

Treatment was by digital replacement of the fragments and support by a Foley catheter filled with water.

Apart from impressing the bystanders, has this method any virtue over simple antral packing?

Material available:

Patient.

X-rays.

Allan WILCOCKS; Y.O.B. 1928

About two years ago he had a midline cyst of the palate treated in Singapore by marsupialisation. The cavity remains the same as the day it was done and does not look as if it will ever close.

We are told by those who regularly marsupialise jaw cysts that this behaviour is to be expected in cysts of fissural origin.

Is this always true and if so what is the explanation?

Material available:

Patrick RYAN; Y.O.B. 1925

4.6.65. A large right-sided mandibular cyst, under general anaesthetic was enucleated, together with its contained tooth, from an intra-oral approach. A No. 5 rubber tube drain was passed through the thinned lingual plate out onto the skin of the neck. The cavity was closed by primary suture over dequaspon.

7.6.65 Tube drain removed.

Primary healing was complete with no mental anaesthesia.

We used this sump drainage and primary closure for the majority of large mandibular and maxillary cysts. It gives good results with minimum post-operative out-patient attendance.

Material available:

Patient.

X-rays.

Photographs.

Mrs. Emma THORNTON; Y.O.B. 1894

She complained of a swelling present on the left side of the edentulous maxilla, noticed only for six weeks.

The lump was composed mainly of pink, soft tissue, flecked with what appeared to be small areas of calcification.

25.2.66. Excision of the tumour was carried out under G.A. It had involved the nasal and antral mucous membranes. Immediate repair was carried out.

Material available:

Patient.

Photographs.

Histology.

We would be grateful for your comments on the diagnosis.

Miss Lorraine PEPPERELL; Y.O.B. 1948

September, 1958. First seen by us with a swelling in right retromolar region. A whitish, lobulated plaque - 2½ cm. x 1 cm. - with superficial haemorrhages into it.

June, 1962. The lesion had grown in size and haemorrhages into it had made swallowing difficult. An attempt was made to treat by means of electro-coagulation.

October, 1964. A recurrence of the lesion, again treated by electro-coagulation.

Histological examination suggests this is a lymphangioma - it is again worrying her. What treatment, if any, ought to be undertaken?

Material available:

Patient.

Histology.

Miss Pamela COUCH; Y.O.B. 1932

Intermittent swelling in left submandibular region over a period of two years.

In 1963 she presented with an apparently hard, enlarged, mobile left submandibular salivary gland.

Apart from the removal of the right eye of eighteen months previously, her medical history was clear.

Physical examination was unrewarding.

Chest X-ray - negative.

Tuberculin reaction - briskly positive.

Submandibular sialogram - normal.

5.7.63

Gland exposed and found to have two spherical lumps embedded in it. The gland, lumps and duct were removed. The lumps were in the upper and posterior part of the gland and adherent to the lower border of the mandible.

The specimen was hawked around various pathologists who differed!

Clinically we thought it was a pleomorphic adenoma. The pathologists were divided between sarcoid and tuberculosis, with a preference for the former. A retrospective search produced no supporting evidence for either.

Material available:

Patient.

Histology.

This case and that of Mrs. Sansum and Mrs. Lyon are brought forward as a reminder that the pathology of submandibular swellings is complicated by the presence of subcapsular lymph gland inclusions.

Stop Press.

Since writing this summary she appeared again in the clinic with a sore left eye and three tender discrete lumps in the neck. There is also a retained root 4 region. Your comments would be appreciated.

Mrs. Barbara SANSUN ; Y.O.B. 1911

Presented in November, 1965, with a lump under the right jaw of noe week's duration. The swelling was located in the right submandibular gland and seemed fixed to the lower border of the mandible.

Blood examination was normal and submandibular sialogram was also normal.

A course of antibiotics had been started by her own Doctor and this was completed with some improvement.

Three months' later, the condition had not completely subsided so the gland was removed. Pus was found at operation, tracking through the platysma muscle. A swab of this pus was negative at this stage but later culture was positive. The histology of the tissue, however, demonstrated its bacterial origin to be tuberculous.

Material available:

Patient.

Sialogram

Histology.

Is this a common finding in this age group?

Mrs. Ann SHILSTONE; Y.O.B. 1929

7.12.64. Kicked by a horse. Large horseshoe shaped laceration of cheek, extending from right nostril to right eyebrow. Gross comminution of right maxilla, orbit and malar bone, and nasal bones.

7.12.64 Antral packing, reduction of nose. Zygomatico frontal, zygomatico maxillary wires placed. Glove finger pack to nose. Suture of facial laceration.

18.12.64 Further manipulation of the fragments after removal of antral pack, under general anaesthetic.

Lympoedema of lower lid increased to the proportions shown on photograph No. 1.

By May, 1965, the oedama had receded as in photograph No. 2.

She is now awaiting cosmetic improvement.

What is the most/desirable procedure?

What comments have you on the original operative treatment?

The lymphoedema followed the laceration produced by the horse - not by the surgeon. Surgical infra-orbital approaches are, however, occasionally followed by lymphoedema. What steps can be taken to avoid this? If it happens, is there any means of hastening its resolution?

Material available:

Patient.

Photographs.

X-rays.

Emmie COTTLE; Y.O.B. 1893

Eighteen months' history of swelling over right angle of the mandible with occasional pain; more recently there has been anaesthesia of the right mental nerve distribution.

X-ray of the facial bones, lumbar spine pelvis, and chest, are normal. Serum alkaline phosphatose is within normal limits.

Material available:

Radiographs of the jaw.

Histology.

Mrs. Dorothy LYON; Y.O.B. 1896

Intermittent swelling in left submandibular region over five months. Presented with a firm, midly tender lump under the left mandible and enlarg left Wharton's duct.

Submandibular sialogram was considered normal.

Three months' later the gland had not completly subsided. It was still firm with a soft, diffuse oedema behind it.

30.9.65.

The gland was removed and contained two large, rounded masses, each abo 2 cms. long. The rest of the gland tissue, though reduced in size, appeared normal.

This time the two Pathologists agreed but the one who gave the most in formation had the right diagnosis.

Material available:

Sialogram.

Histology.

Would a wider use of diagnostic tests before surgery have helped?

Oral Surgery Club - Overseas Meeting Spring 1967.

Following discussions between the President and the majority of the members of the Committee of the Oral Surgery Club, it has been decided not to hold an Overseas Meeting of the Club in 1967.

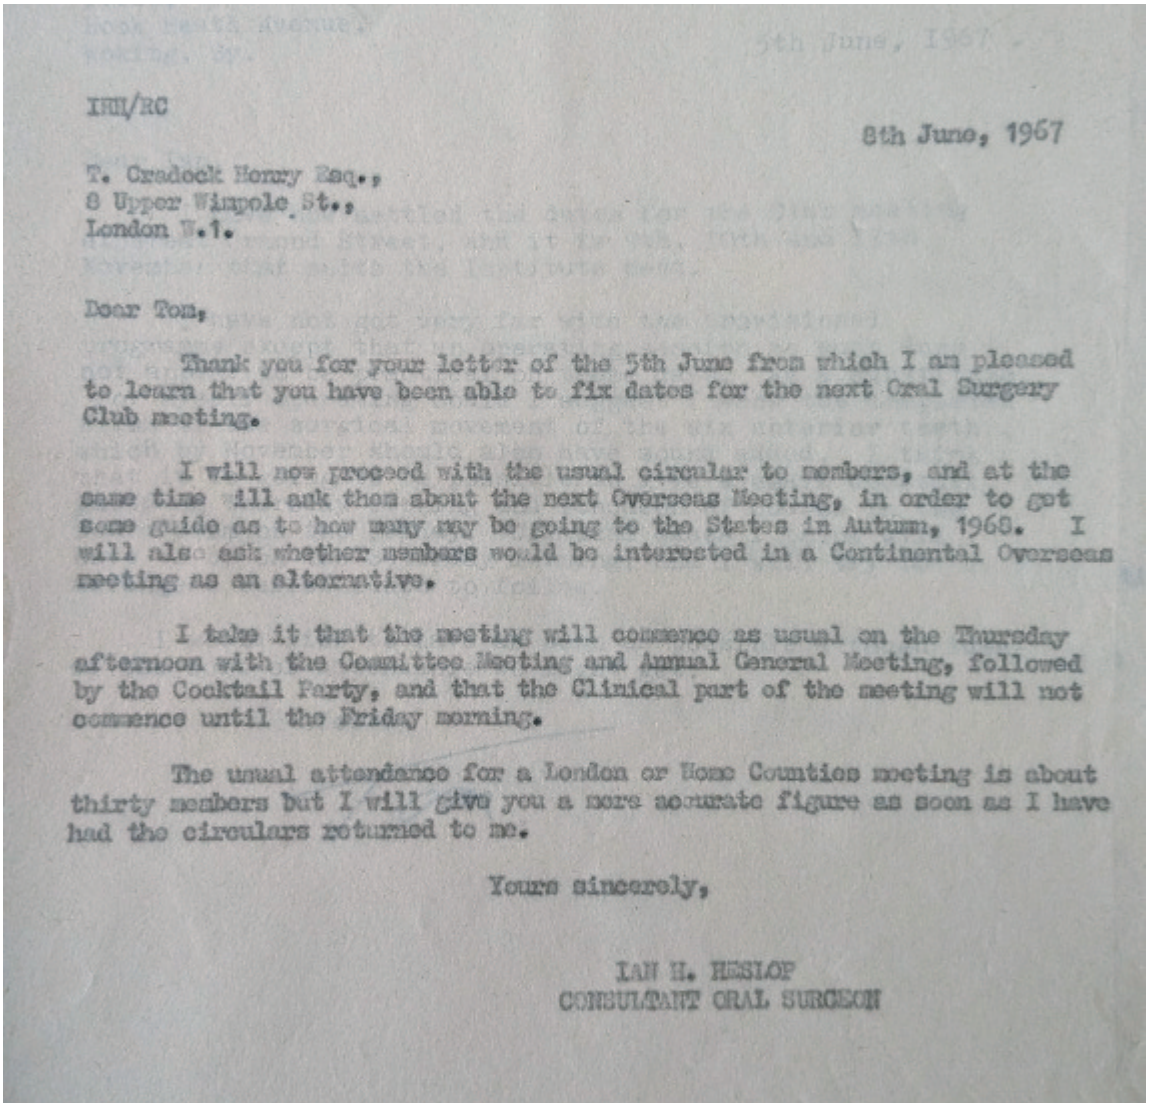
The reasons for this decision are the currency restrictions, the heavy commitments of many members in connection with other meetings in the coming year, and the prospect of an expensive overseas meeting in America in 1968, for those able to attend.

With all good wishes for 1967.

Ian R. Heslop,

Hon. Secretary.

1967 London, Great Ormond Street - November



IHH/RC

8th June, 1967

T. Cradock Henry Esq.,
8 Upper Wimpole St.,
London W.1.

Dear Tom,

Thank you for your letter of the 5th June from which I am pleased to learn that you have been able to fix dates for the next Oral Surgery Club meeting.

I will now proceed with the usual circular to members, and at the same time will ask them about the next Overseas Meeting, in order to get some guide as to how many may be going to the States in Autumn, 1968. I will also ask whether members would be interested in a Continental Overseas meeting as an alternative.

I take it that the meeting will commence as usual on the Thursday afternoon with the Committee Meeting and Annual General Meeting, followed by the Cocktail Party, and that the Clinical part of the meeting will not commence until the Friday morning.

The usual attendance for a London or Home Counties meeting is about thirty members but I will give you a more accurate figure as soon as I have had the circulars returned to me.

Yours sincerely,

IAN H. HESLOP
CONSULTANT ORAL SURGEON

FROM Mr T. CRADOCK HENRY.

8, UPPER WIMPOLE STREET,

I. Heslop, Esq.,
Trees,
Hook Heath Avenue,
Woking, Sy.

5th June, 1967.

Dear Ian,

I have now settled the dates for the Club meeting at Great Ormond Street, and it is 9th, 10th and 11th November that suits the Institute best.

I have not got very far with the provisional programme except that an operating session as such does not appear to be practical on these days. As a substitute for myself operating could I suggest I show the completed films of the surgical movement of the six anterior teeth, which by November should also have sound added. I think that it is going to be possible to give a small cocktail party on Thursday evening and luncheon of course in the Board room on the Friday. Clinical cases I think will have to be on the Saturday morning, and I will try to arrange a buffet lunch to follow.

I would like to have as soon as possible a rough idea of the sort of attendance we might get.

Yours

Tom.

Dean Ian,

Will you please convey to the officers and members of the Oral Surgery Club my appreciation of their kindness and hospitality during the recent meeting and dinner?

I enjoyed the clinical meeting and social activities as I have never before enjoyed an oral surgical occasion. I was both honoured and delighted to be your guest and would like my appreciation to be formally recorded.

My very best wishes for the prosperity of your Club.

Yours sincerely,

David

PROVISIONAL PROGRAMME

for the

ORAL SURGERY CLUB MEETING

To be held at the Institute of Child Health and at the Hospital for Sick Children.

Thursday, November 9th. 1967.

Institute of Child Health, Guildford Street, London W.C.1.

4.30 p.m. - 5.15 p.m.	Registration (Tea and biscuits will be served)
5.00 p.m.	Committee Meeting
5.30 p.m.	Annual General Meeting
6.00 p.m.	Cocktail Party

Friday, November 10th. 1967.

Institute of Child Health, Guildford Street - Kennedy Theatre.

9.30 a.m. - 10.45 a.m.	Paper: "Localised Osteotomy Techniques". by T. Cradock Henry, Esq., F.D.S.,R.C.S., M.R.C.S.,L.R.C.P., and G. Wreakes, Esq., F.D.S.,Dip.Orth.)Case Selection)Planning)Surgery (Illustrated by Films) Discussion.
10.45 a.m. - 11.00 a.m.	Coffee
11.00 a.m. - 11.45 a.m.	Paper: "Genetic Factors in Abnormalities of the Face and Jaws". by C.O. Carter, Esq., D.M.,F.R.C.P. Discussion.
11.45 a.m. - 12.45 p.m.	Paper: "Virus Infections of the Oro-pharynx". by J.A. Dudgeon, Esq., M.C.,T.D.,M.A.,M.D., B.Ch.,F.C.Path. Discussion.

The Hospital for Sick Children, Great Ormond Street, W.C.1.

12.45 p.m. - 2.00 p.m.	Luncheon in the Board Room

The Hospital for Sick Children, Dental Department.

2.00 p.m.	Clinical Cases and Discussions
4.00 p.m.	Tea
7.30 p.m. for 8.00 p.m.	Annual Dinner: Institute of Directors, 10 Belgrave Square, London, S.W.1. Dress: Black Tie.

THE TREATMENT OF HARE LIP AND CLEFT PALATE CASES AT THE HOSPITAL FOR SICK CHILDREN, GREAT ORMOND STREET.

Surgical treatment is currently undertaken by three surgeons, and the regime from the dental point of view is the following:-

Surgeon I.

In selected cases pre-surgical dental orthopaedic treatment (i.e. McNeil Burston Techniques) is carried out on the following groups with a view to lip closure at 3-4 months (Le Mesurier lip repair).

1. Lip and alveolar defects resulting in alveolar overlap.
2. The more severe lip, alveolar and palate defects, both unilateral and bilateral cases. A large proportion of these cases are bone grafted (rib grafts).

Hard and soft palate closure at 15-18 months.

Patients are seen at yearly intervals for observation until sufficient permanent teeth have erupted for active Orthodontic treatment to commence. In certain selected cases at approximately 15 years of age, Rapid Maxillary Expansion and Bone Grafting is carried out, and in a limited number of unilateral cases Maxillary osteotomy of the lesser segment is included.

On completion of the retention period following Orthodontic treatment, a chrome cobalt prosthesis is fitted carrying the missing teeth

Surgeon II

Occasionally pre-surgical dental orthopaedic treatment is carried out. Lip is closed at 3 months and a proportion of cases have soft palate closure only initially. Patients are seen at yearly intervals and appropriate Orthodontic treatment is carried out.

Surgeon III

Various techniques are employed similar to those advocated by Denis Browne. Recent modifications have included:-

1. Neonatal closure of the lip in bilateral cases followed by post-operative dental orthopaedic treatment.
2. Closure of the soft palate and the posterior ($\frac{1}{3}$) of the hard palate at 12-18 months.

DEMONSTRATION OF SURGICAL CASES

NOV. 10th, 1967. 2 p.m. in ORTHODONTIC DEPT.

2-2.30.	Cleft Palate cases treated by Rapid Maxillary Expansion and Bone Grafting procedures.	(Frederick Simmons (Andrew Ward (David Wordsworth (Catherine Kimmell (Angela Pilcher
	Cleft Palate cases treated Orthodontically demonstrating active treatment and a finished result	(Robert Downs (Annette Whitmore
2.30-3.	Cases of Class III Malocclusion treated surgically.	(Pauline Mant (Ann Wright (Valerie Eamer (Susan Inglis
	Cases of Class III Malocclusion awaiting surgical treatment.	(Stephen Ridgewell (Joy Hussey (Mrs. King
	Case of Class II/II Malocclusion awaiting possible combination of Orthodontic and surgical treatment.	Gretel Barry
3-3.30.	Cases of Class II/I Malocclusion treated surgically.	(Peter O'Neill (Raymond Dewsbury (Mrs. R. Roberts (Susan Hales
3.30-4.	Some interesting cases treated by surgery.	(John Powell (Christine Roe (Christopher Moore (Peter Dooley

DEMONSTRATIONS IN POSTGRADUATE ROOM

Demonstration models of Pre-Surgical Dental Orthopaedic treatment on Cleft Lip and Palate cases. Showing treatment of Lip and Alveolus involvement, Unilateral and Bilateral Lip involvement with Cleft Palate.

Demonstration models of Cleft Palate cases where closure of soft palate only carried out.

Demonstration of Cleft Palate cases who have received Rapid Maxillary Expansion and Bone Grafting procedures.

William Cowell Esq., M.B.,B.S., F.R.C.S.,
15b, Avenue de Belgique,
Antwerp,
Belgium.

Dear Mr. Cowell,

The members of the Oral Surgery Club of Great Britain would very much like to visit Antwerp for their annual overseas meeting in the Spring of 1968, in order to study the hospitals and methods of treatment of oral surgical problems in Belgium.

We usually travel on a Wednesday and return on the Saturday or Sunday, and endeavour to combine our hospital visits with a little time for sight-seeing. It has been suggested to me that late April or early May would suit the members best.

Brian Hales suggested that I should approach you to see if you could arrange such a meeting for us, or alternatively whether you could put me in touch with your colleagues in Antwerp who practice Oral and Maxillo-facial Surgery.

I note from the Medical Directory that you and I come from the same stable, although separated by some eleven years.

Yours sincerely,

Ian H.Heslop,
Hon. Secretary,
Oral Surgery Club.

Dear Mr.Heslop,

Excuse my delay in replying. I would have been pleased to receive your group in April 1968 but I am afraid that this year it will be too difficult as I am in the middle of a changing of clinics and the programme has not been determined.

I hope that next year we will be more settled.

Give my best wishes to Brian Hales.

Yours faithfully,

Dr. W. Cowell

Dear Ton,

I have just received a reply from Dr. W. Cowell from Antwerp, five weeks after I wrote to him, saying that he regrets that he is unable to help us this year but might be able to do so in 1969.

His delay in replying has wasted five or six weeks and I would like your advice on what we should explore next as venue for our Overseas Meeting as time is getting on.

I shall be away on leave from the 1st to the 14th January.

Kind regards,

Yours sincerely,

Ian H. Heslop

Paris.

Dear Dr. Levegnac,

I am secretary of the Oral Surgery Club of Great Britain and I am endeavouring to arrange our next overseas meeting which we usually hold in the Spring.

The members of the Club would very much like to come to Paris to see your hospitals and your methods of treating problems of the head and jaws and face, and I wonder whether it would be possible for us to visit your Clinic. Alternatively, could you put me in touch with some of your colleagues who would be able to arrange a meeting for us.

We like to spend the Wednesday travelling and sightseeing, the Thursday and Friday visiting hospitals, and return home on the Saturday, if this is possible. Some members would of course combine the visit with a longer holiday. We would like to come from Wednesday May 1st until Friday May 3rd if this is possible, but different dates may be more convenient for you and your colleagues.

I shall look forward to hearing from you, and meanwhile would like to wish you a happy and prosperous New Year.

Yours sincerely,

Ian H.Heslop,

FRANCE

Dear Dr. Levignac,

Thank you very much for your letter of the 8th January which awaited my return from a ski-ing holiday in Austria.

I am delighted to hear that you are willing and able to arrange a meeting for us in Paris and I am most grateful to you for this kindness.

As soon as you let me know the dates of the meeting, I will circularise our members and find out exactly how many members and wives would like to attend but I think it will be approximately twenty or twentyfive members and eight or ten wives.

Yours sincerely,

Ian H. Heslop
Consultant Oral Surgeon

MR. DAVID DOWNTON

Telephone:
Langham 4642

57, Portland Place,
London, W.1.

5th February 1968.

Dear Ian,

Thank you for your letter of the 2nd February.

Each member of the club going to Paris must approach his own bank manager for the necessary currency and it might be as well when you circulate members to put this on the circular. They should be told that they are applying for money for a meeting of the Surgical Club in Paris and ask for 20 guineas a day.

Any wives accompanying members will not be entitled to extra foreign currency.

Yours sincerely,

David

David Downton.

Mr. Ian Heslop,
Queen Mary's Hospital,

/ . . .

Considering the locations of the 3 Hospitals, it would be logical to choose an hotel in the most central area area of Paris near Opéra-Saint Lazare, but I would rather suggest personnaly the Saint Germain des Prés area, where evenings are more pleasant.

In the morning, to reach the hospital, cab expenses will be reduced if you get organised in small groups.

As I have planned it :

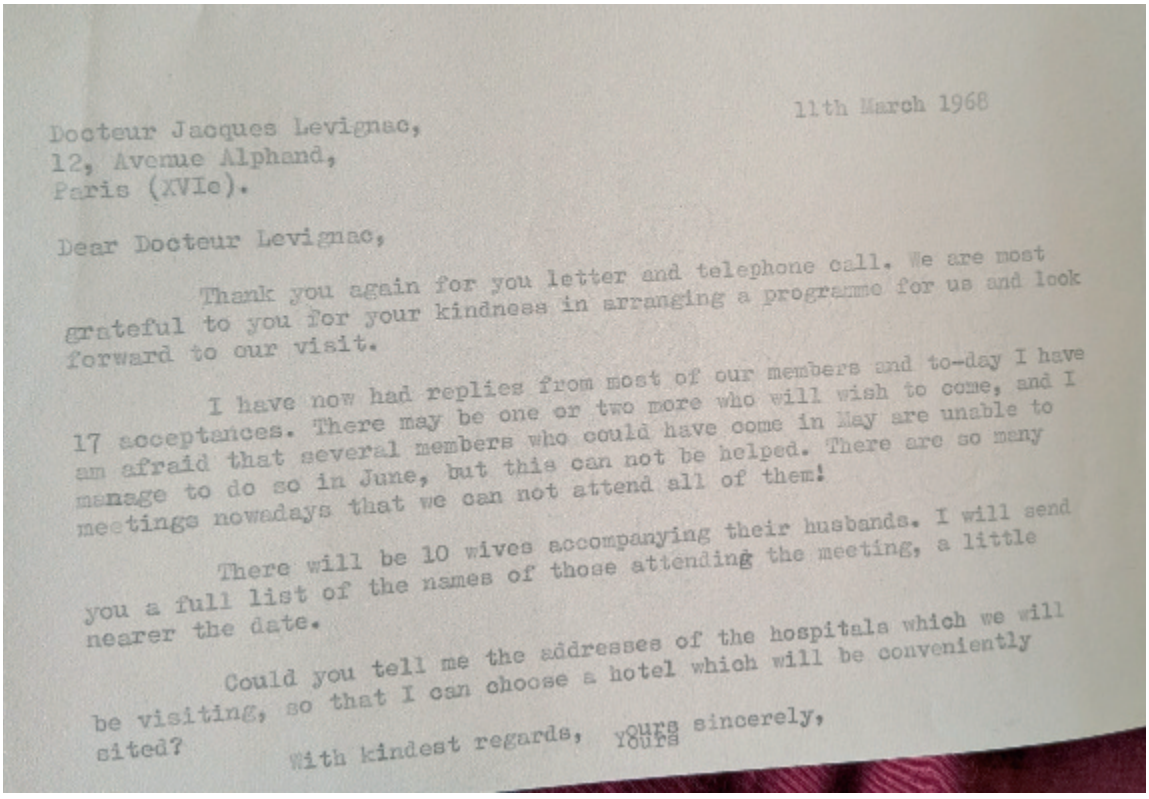
Each morning will be spent at the hospital with surgical demonstrations, cases presentations and discussions.
Lunch will take place at the hospital
Afternoon and evening will be free.

A visit to Christian Dior is foreseen in the ladies program on thursday at 2.45 PM.

I shall give further informations on arrival of your group at the hospital Lariboisière the first day.

We are looking forward seeing you and your collegues, you shall be most welcomed in our departments and in our country.

With my best personnal regards to you, and sincerly yours.



11th March 1968

Docteur Jacques Levignac,
12, Avenue Alphand,
Paris (XVIe).

Dear Docteur Levignac,

Thank you again for you letter and telephone call. We are most grateful to you for your kindness in arranging a programme for us and look forward to our visit.

I have now had replies from most of our members and to-day I have 17 acceptances. There may be one or two more who will wish to come, and I am afraid that several members who could have come in May are unable to manage to do so in June, but this can not be helped. There are so many meetings nowadays that we can not attend all of them!

There will be 10 wives accompanying their husbands. I will send you a full list of the names of those attending the meeting, a little nearer the date.

Could you tell me the addresses of the hospitals which we will be visiting, so that I can choose a hotel which will be conveniently sited?

With kindest regards, Yours sincerely,

1968 Paris cancelled meeting June

6th May 1968

Dr. Jacques Levignac,
12, Avenue Alphand,
Paris XVI.

Dear Dr. Levignac,

The arrangements which I have to make for our meeting with you in June are now almost complete, and I thought that you would like to know who will be coming to Paris. We are flying from London on Tuesday June 4th, and we are staying at the Hotel Montholon-Lafayette, 4 Rue Riboudtte, Paris 1X. We look forward to meeting you on the Wednesday morning at the Hopital Lariboisiere.

We always like to entertain our host and his colleagues one evening and I think that the Thursday evening would be most suitable for this occasion, if that would be convenient to you.

Those attending are:-
-H.M.Alty, Consultant Dental Surgeon, Liverpool Regional Hospital Board accompanied by his wife and two children(they are combining the meeting with a family holiday.)
-P.Bradnum,Consultant Oral Surgeon, Carlisle General Hospital.
-P.A.Bramley,Consultant Oral Surgeon, South West Regional Hospital Board.
-D.Downton, Consultant Dental Surgeon, Royal Free Hospital, London.
-W.B.Hales, Consultant Dental Surgeon, North Staffordshire Hospital Group.
-T. Cradock-Henry, Consultant Dental Surgeon, Great Ormond Street, London.
-I.H.Heslop, Consultant Oral Surgeon, Westminster Teaching Group and South West Metropolitan Regional Hospital Board.
-W.J.Hogan, Consultant Dental Surgeon, Dublin.
-G.S.Hoggins, Consultant Oral Surgeon, Birmingham Regional Hospital Board.
-P.James, Consultant Oral Surgeon, London Hospital.
-A.W.Moule, Consultant Oral Surgeon, Manchester Regional Hospital Board.
-R.O'Neil, Consultant Dental Surgeon, University College Hospital, London.
-W.R.Roberts, ConsultantOral Surgeon, Birmingham Regional Hospital Board.
-R.S.Taylor, Consultant Oral Surgeon, Westminster Teaching Group.
-D.V.Taylor, Advisor to A.D.International Limited.
-H.I.H.Whitlock, Consultant Dental Surgeon, Belfast.
-A.Pain,Consultant Dental Surgeon, East Kent Hospital Management Committee.
-T.G.Scott,

Messrs. Bramley, Downton,Henry, James, O'Neil, Roberts, Pain will be accompanied by their wives, as well as Mr Alty.

With kind regards,

Yours sincerely,

Ian H.Heslop.

April, 1968.

Dear

The arrangements for the Paris meeting of the Oral Surgery Club are now complete, and I would like to confirm that I have made air reservations for you from London to Paris on

returning on
A single / double room has been booked for you at

from to

Air tickets will be sent to you by the Travel Agent, Alec Bristow (Travel) Ltd., 2 Albion House, Woking, Surrey, with whom each member should settle his account.

Hotel expenses will also be the responsibility of individual members to settle at the hotel.

Is your passport in order?

We are due to meet Dr. Levignac at 9.0 a.m. on Wednesday, June 5th at Hopital Lariboisiere, 2 Rue Ambroise Pare, Paris X. He will give us details of the programme then, and we will spend the morning there. Thursday morning, June 6th, will be spent at Hopital Foch-Suresnes. Friday morning, June 7th, at Hopital de la Pitie, 47 Boulevard de l'Hopital, Paris XIII. The afternoons will be free, and lunch will be provided each day at the hospital visited.

A visit to Christian Dior is to be arranged for the ladies at 2.45 p.m. on Thursday, June 6th.

Yours sincerely,

Ian Heslop,
Hon. Secretary,
Oral Surgery Club.

Dr. Jacques Levignac
12 Avenue Alphand,
Paris XVI
France

Dear Dr. Levignac,

We are very sorry indeed that we feel we must cancel our visit to you next week because of the unfortunate recent happenings in France. It seems unlikely at the present time that we would be able to reach you or to get home again if we did manage to come, at the times arranged. I imagine that you may well be busy with casualties and not wish to have us at this time in any case.

The members of the Oral Surgery Club are most grateful to you and your colleagues for all the trouble you have taken to arrange what would have been a most interesting and valuable programme, and I hope that we may have an opportunity of arranging this meeting again at a future date when political affairs are more settled.

With kind regards,

Yours sincerely,

IAN H. HESLOP

Dear Dr. Levignac,

It was very kind of you to telephone on Friday, the 31st May and I am sorry that I was at another hospital.

I have only just received your letter of the 22nd May, so I imagine that it will be some time before you receive my last letter and possibly some time before this one reaches you.

However, I would like to say again on behalf of the Oral Surgery Club how much we appreciated the efforts you made to arrange what would have been a most successful meeting and how much we regret that we were unable to come on this occasion.

With kind regards,

Yours sincerely,

Ian H. Heslop

Dear Alan

ORAL SURGERY CLUB MEETING - PARIS - JUNE 1968 :

It is with regret that I must confirm that I have cancelled the plans for the meeting because of the political unrest in France.

For some days I have tried to telephone Dr. Levignac, to whom I have also written. I have now rung him nine times without success and will continue to endeavour to contact him to let him know that we are unable to go to Paris.

Those of you who have paid money to the Travel Agent will have this returned in due course.

Yours sincerely,

Ian

Dear Doctor Herbst

It was indeed unfortunate that we had to cancel the meeting.
It would have been a real pleasure for all of us here to have you and your group in PARIS.
We had arranged a nice program.
We may consider to reorganize this in October, when the political affairs may be settled.

Doctor HESLOP

Dear Doctor HESLOP,

The French revolution is over now with many less casualties than in normal time with traffic accidents but with some problems left.

I am about to leave for vacations like everybody in Paris which will be for one month a foreign city where all languages are spoken but French. We like that.

I must tell you on behalf of Professor AUBRY, Professor CERNEA, Dr DUPUIS, Dr MERVILLE and myself that the Oral Surgery Club will be most welcomed in Paris any time.

I had a real nice program arranged for the Club it is unfortunate we could not go through but we can do as well next time.
Nothing is lost and friendship has gained.

I send you my best personnal regards.
Sincerly yours.

Levignac

IHH/RC

28th June, 1968

Dr. Jacques Levignac,
12 Avenue Alphand,
PARIS XVIe
FRANCE

Dear Dr. Levignac,

Thank you very much for your letter of the 15th June.

I think perhaps I should explain that the Oral Surgery Club holds only two meetings in the year, the spring meeting being an overseas one, and the autumn meeting is our Annual General Meeting held in London.

We would of course very much like to have a further opportunity of visiting your hospitals but I think that October of this year would not be suitable because of the numerous other meetings and commitments involving many of our members.

As I expect you know, the Third International Oral Surgery Congress is to be held in New York from the 7th to the 12th October and many of our members will be going to this meeting and will be proceeding to other meetings in the States before returning to this country in time for the autumn meeting of the British Association of Oral Surgeons later in October.

Our next President is a Serving Officer in the Royal Air Force stationed in Germany, so it is likely that our spring meeting in 1969 will be in Germany.

In view of this, I wonder whether we might consider approaching you for a spring meeting in 1970.

Yours sincerely,

IAN H. HESLOP

11th December, 1967

Group Captain D.C. Paley,
R.A.F. Hospital
Wegberg,
B.F.P.O.40
GERMANY

Dear Douglas,

Thank you very much for your letter and I am very pleased to learn that you are willing to be our next President.

The Autumn Meeting is traditionally held in the U.K. but I think it is for you to decide where you would like to hold your Meetings. Will you still be in Germany in the Autumn and if so, would you be able to arrange a Meeting in this country, or would you want us to find someone to put on a Clinic Programme for you ? Perhaps your Service Colleagues in this country could help you in this. The date of the Autumn Meeting will have to be a little later than usual because of the International Meeting in America, to which a number of Club Members will be going. I expect we will have our Autumn Meeting in November as we had this year.

A Spring Meeting in Germany would be very acceptable I am sure - any chance of some ski-ing as late as that, or are you too far from the mountains ?

With kind regards,

Yours sincerely,

Ian H. Heslop
Consultant Oral Surgeon

Oral Surgery Club

The Annual General Meeting of the Oral Surgery Club will take place on November 7th and 8th 1968, under the Presidency of Group Captain D. C. Paley.

The provisional programme is as follows:-

Thursday 7th November, Committee Meeting at 4.0 p.m.
A.G.M. at 4.30 p.m.
to be held at the Royal Air Force Club, and following which members are invited to take sherry with the President.

Friday 8th November, a visit to the Institute of Aviation Medicine, Farnborough, Hampshire, has been arranged. This will occupy most of the day and will be followed by the Dinner which will be held in London at 7.0 p.m.

Annual General Meeting of the Oral Surgery Club, November 1968

Group Captain D.C. Paley
MRCS, LRCP, FDS, RCS, RAF.,
Royal Air Force Hospital
Wegberg
BFPO 40

Dear Group Captain Paley,

Visit to I.A.M. - Oral Surgery Club of Great Britain

Many thanks for your recent letter about this proposed visit, Friday, the 8th November, is a suitable day for us.

There is a half-hourly train service leaving Waterloo at 13 and 43 minutes past the hour, arriving Farnborough at 55 minutes and 25 minutes past the hour, so that the meeting could start conveniently at 1015 am or 1045, which would leave 20 minutes between the station and the Institute. Some of your members would, no doubt, be coming by car, but when we know roughly what the numbers are, we could lay on some form of transport between the station and this Institute.

I am sure it would be very valuable if you could come over and visit the Institute at some time, but it may well be best to leave this until much closer to the date of the visit; however, I expect to be around the Instutite fairly continuously from now on, so if you are to be in the U.K., perhaps you could let me know.

Yours sincerely,

Signed

H.L. ROXBURGH

22nd April 1968

Dear Douglas,

Thank you very much for your letter in February. I am sorry that I have been so long in replying, and I do hope that your back is now behaving better than it was when you wrote.

I have been in touch with the members of the committee of the Oral Surgery Club, and most of them have written to me now, all saying that your suggestion of a meeting at Farnborough greatly appeals to them. There is also a strong feeling that the meeting should be put on by the President and that someone else should not be asked to put on a clinical meeting. We have had this undesirable state of affairs twice in my time as Secretary, and it is hard on the person put upon who may be a future President in need of a show of his own in a few years time.

May I suggest therefore that you explore your suggestion

27th March, 1968

Dear Paul

I enclose herewith a copy of Douglas Paley's letter of the 24th February, 1968 and should be grateful for your advice and comments.

Yours sincerely,

Ian

IAN H. HESLOP

Dear Ian, the Farnborough project sounds an interesting change & if Douglas Paley cannot through R.A.F. sources put on a clinical programme, it would be better than asking someone else to do it for me (with feeling!)

Paul.

Dear Ian,

I came across your letter re Paley's suggestions & it might be that you require a formal opinion. This is the same as when we discussed it at St Vernon & that it is up to him to arrange programme i.e. clinic or a meeting at Farnborough. We should have his disc problems sorted out by now.

Yours ever

Brian.

April 23rd 1968

Dear Sam

Please accept my apologies for the delay in answering your letter.

If Paley cannot put on a clinical programme himself I should favour his suggestion of a meeting at the R.A.F. Medical Research Unit at Farnborough though I imagine this would have limited appeal.

A cocktail party (not restricted to Sheny!) at the R.A.F. Club would be a good stunt.

With best wishes

Yours sincerely

Mike

21st June 1968

Dear Douglas,

Thank you very much for your letter of 12th June, from which I am pleased to learn that you have made some progress in organising your meeting of the Oral Surgery Club in the autumn.

I thought that I should point out that the B.A.O.S. meeting is at the end of October, 24th-26th in fact, and as many people will be in the States before this for the Third International Oral Surgery Congress, I think that early November would be best for the Club meeting. Would November 7th-8th be suitable?

With kind regards,

Yours sincerely,

Ian H.Heslop.

12th June, 1968

Dear Ian,

I am now in a position to be able to answer your last letter with something concrete. At long last, having first arranged to go over to U.K. for the purpose in February, I managed on Friday to see my Director. It was my hope the Service might extend a little hospitality to the Club members prior to our dinner. He tells me the prospect of anything in that nature is quite out. This year being the special anniversary year that it is for the Service the strain on the very limited funds is even more than usual.

Anyway, having at last been able to pay the courtesy I then called on the Director of Medical Services and secured his support for us to pay the day's visit to the Institute of Aviation Medicine, as I had suggested originally might be a fit and very interesting subject for the Club's Autumn meeting this year. I will not enlarge too much at present but just let you know what is in hand.

24th February, 1968

Dear Ian,

Forgive me for not answering your letter of the 11th December ere now. I ran into a spot of back trouble just after Christmas which seemed to improve with a few days bed rest only to complicate into a 'disc' on the simplest of movements, four and a half weeks ago; the whole of which time I have spent on back boards & Today I am up for the first time and let out for a week, after which I am to be reviewed. All very tedious.

But to the contents of your letter. Of the alternatives you suggest for the London meeting in November, I would ask you to arrange and put on the Clinical Programme. Unless, and I offer this with some diffidence, the Committee feel it would be of sufficient interest to the Members if it were possible to arrange a day's meeting to the R.A.F. Medical Research and Development Unit and School of Aviation Medicine at Farnborough, Hampshire, instead of a Clinical.

Either way would it appeal to Members to have a Cocktail Party of Sherry on the first evening at the R.A.F. Club, Piccadilly - assuming that all Members would elect to stay in Town, whichever plan is chosen.

With best wishes,

Yours sincerely,

DOUGLAS PALEY

... J. Heslop

1st December, 1967

Dear Ian,

Thank you for your letter. I am overwhelmed by the kindness of the Members, the Committee particularly, in nominating me. It has never crossed my mind that one day I might be given this honour.

Please tell me how the Committee propose to hold the two meetings that year. The Autumn meeting is traditionally in U.K. and this, I feel, has everything to commend it. Then should the Members feel they would be interested to come this way in the following Spring I am sure it could be arranged. And from the aspect of their comfort and enjoyment in particular this would be the time to visit this area.

With best wishes,

Yours sincerely,

Douglas.

The Honorary Secretary,
Oral Surgery Club.

Dear Dr Heslop,

Please find enclosed the bill for the Group's luncheons in the Mess. I'm afraid it was nothing to write home about, but I hope your members satisfied their hunger and had an interesting visit to the Institute.

If the Treasurer could make his cheque payable to "The PMC, Officers Mess, RAF Farnborough, it would save me a cheque!

I think the number of lunches, at 21, is correct and I could probably let you have the names of those who attended the visit if you find this necessary.

Yours aye
John Ferguson.

Dear Dr Heslop,

Thank you very much for your letter dated 28th November 1968, which covered the cheque in settlement of the Mess Bill for the Oral Surgery Club lunches.

May I, on behalf of the Mess staff, thank the Club for their generous donation to the Staff Christmas Fund. It was very kind indeed and a gesture that has been very much appreciated

I'm so glad the Club enjoyed their visit and I hope that, ere long, you may be able to repeat the "outing".

Yours sincerely
John Ferguson

Dear Mr Heslop,

Thank you very much for your letter dated 31st October and for the very kind invitation to the Oral Surgery Club dinner on 8th November. What a very thoughtful organisation you are!

Much as I would like to attend, unfortunately I am already committed else that night and will not be able to join you.

Yours sincerely,

IHH/JM 31st October, 1968

Group Capt. D. C. Paley,
Royal Air Force Hospital,
Wegberg,
B.F.P.O. 40.

Dear Douglas,

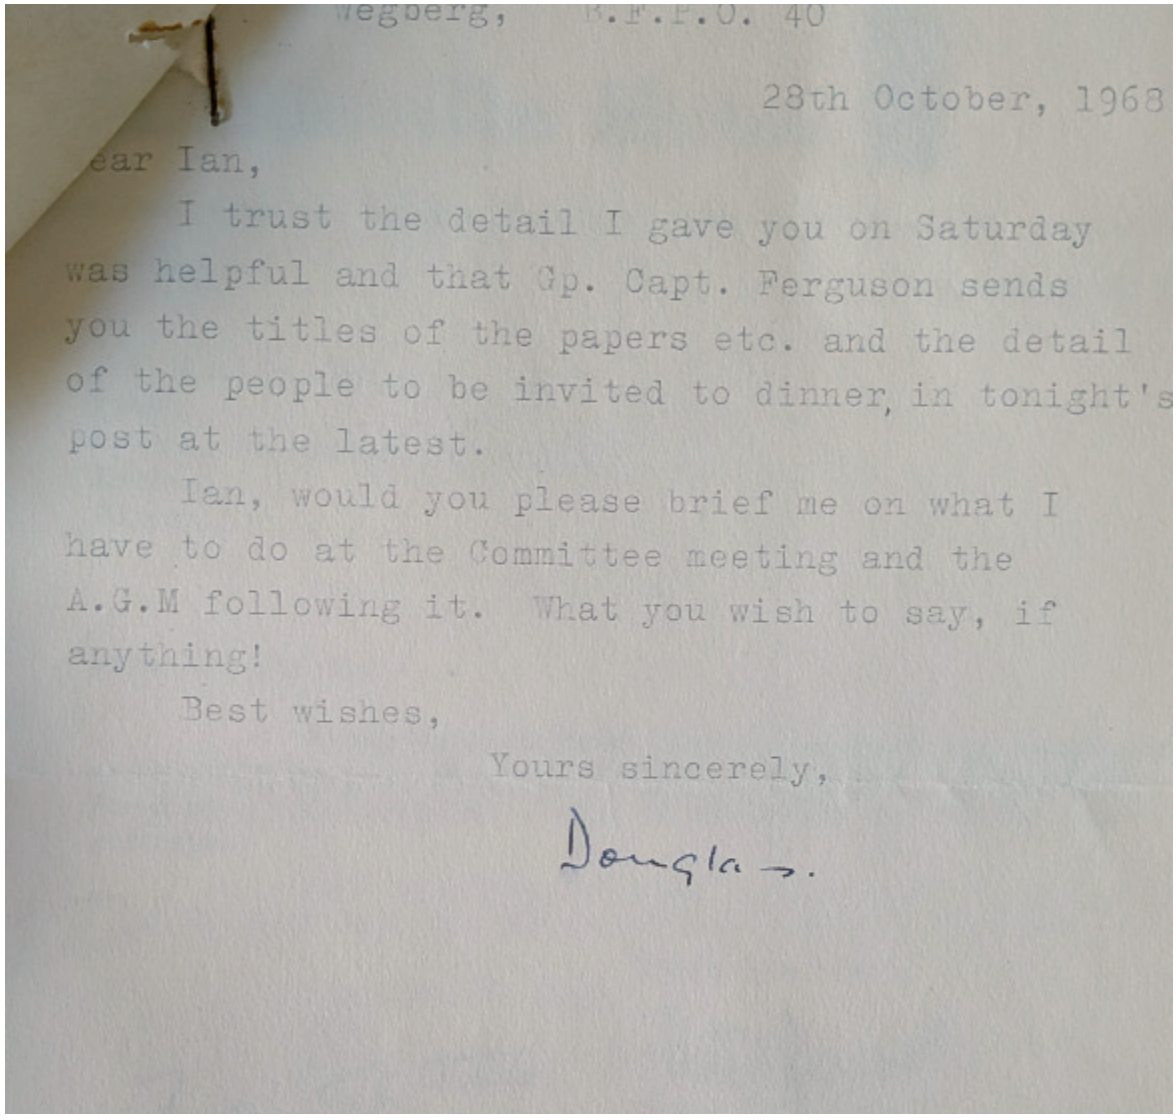
Thank you for your letter of 28th October. The details of the meeting at Farnborough came yesterday, but I had not waited for these and had sent out a provisional programme to the members attending the meeting on Tuesday. I hope to be able to get the detailed programme duplicated to give to members at the meeting.

Group Capt. Ferguson did not mention the details of the guests to be invited to the dinner, in his letter, but I have the names which you gave me and have written to them confirming your invitation.

As regards the Committee Meeting, you do not have to do anything apart from attending, as this is chaired by the present President. At the A.G.M. most of the business is conducted by the present President, Tom Cradock Henry, and you are installed fairly late in the meeting and will chair the remainder. As usual, I will have to give a short report which mainly consists of reporting details of the Committee Meeting to the members e.g. new members proposed, sites and times of future meetings and any relevant correspondence.

Yours sincerely,

Ian H. Heslop



Wegberg, B.F.P.O. 40

28th October, 1968

Dear Ian,

I trust the detail I gave you on Saturday was helpful and that Gp. Capt. Ferguson sends you the titles of the papers etc. and the detail of the people to be invited to dinner, in tonight's post at the latest.

Ian, would you please brief me on what I have to do at the Committee meeting and the A.G.M following it. What you wish to say, if anything!

Best wishes,

Yours sincerely,

Douglas.

M.R.C.S., L.R.C.P., F.D.S., R.A.F.
Royal Air Force Hospital,
Wegberg,
B.F.P.O. 40

Dear Sir,

I am in receipt of your letter of the 19th instant, regarding the Oral Surgery Club Dinner on Friday, 8th November, 1968, for which I thank you.

With reference to it, I have pleasure in confirming that we will serve menu No. 19A at 42/6 per head, as follows:

Royal Turtle Soup
***
Fried Goujons of Plaice & Tartare Sauce
***
Roast Norfolk Turkey
with Chipolatas & Cranberry Sauce
Cauliflower Mornay
Roast Potatoes
***
Fruit Flan with Fresh Cream
***
Coffee
***

and that you require wines No. 42, Niersteiner Gutes Domthal, at 27/6 per bottle, (to be served with the fish), and Mateus Rose, No. 53, at 25/- per bottle, (to be served with the meat).

For his records, I have passed on a copy of this letter to the Honorary Secretary, Mr. Heslop.

Yours sincerely,

Peter J. Derwent,
Assistant Manager.

c.c. Mr. Heslop
Restaurant
Control

Royal Air Force Hospital
Wegberg, B.F.P.O. 40

19th October, 1968

Dear Ian,

Thanks for your letter. I have written off the Mandeville today. The choice has been for menu No. 19A @ 42/6 and wines Nos. 42 and 53, a Niersteiner with the fish and Rosé Mateus with the main course - I think turkey is powerful enough meat to take it. I found the wines hard to choose at Mandeville prices!

I have a lonstanding date to go down to Farnborough this coming Friday, as you know, and I will let you have programme details and names when I see you at the College next day.

I am out to a function on Friday evening and expected to stay the night with friends so don't look out for me before breaktime.

Yes, leave the rest with me. I would say follow custom. Can you let me have one of the lists of our members by Thursday! Also, how long has our Club been running, has it had a Service member as President before and who were our founder members? I think I know the answer to the last, but I would like to be sure.

Yours sincerely,

Douglas.

14th October 1968

Dear

I enclose herewith the menus available at the Mandeville Hotel and would like you to make your choice - not too expensive please. As time is getting short would you mind writing direct to the Manager or Assistant Manager about the menu, also your choice of wines. I should be grateful if you could let me know your choice too.

At present I have 25 acceptances for the meeting and for the dinner. Can you let me have details of the programme and the names of the guests as soon as possible as I must get the final notices duplicated and sent off.

As you know we normally just have the Queen and the Oral Surgery Club proposed at the dinner, but it is up to you and if you wish to make a speech and/or ask one of the guests to say more than just the toast to the Club please do so. May I leave this one with you?

Yours sincerely,

Mandeville Hotel

Dear Mr. Heslop,

With reference to your letter of the 30th September, I confirm that I am definitely holding the Consort Suite for the Annual Dinner of the Oral Surgery Club for approximately 40 covers on Friday, 8th November, 1968.

Please find enclosed sample menus and a wine list as requested, and I note that you will be coming into the Restaurant at the Hotel to discuss the final details with the Restaurant Manager, nearer the time.

Yours sincerely,

Peter J. Derwent,
Assistant Manager.

30th September 1968

The Restaurant Manager,
The Mandeville Hotel,
Mandeville Place,
Marylebone High Street,
London W.1.

Dear Mr. Hugo,

I understand the Mr. Downton has talked to you about the Oral Surgery Club dinner on November 8th and has made a provisional booking for a room for 40 people.

I have written to our President and hope that he will be able to discuss the menu with you when he is in London on 25th-26th October. Meanwhile, could you send your menu to me so that I may discuss the possibilities with him.

Yours faithfully,

Ian H.Heslop

Hon. Secretary,
Oral Surgery Club.

30th September 1968

Dear Douglas,

Thank you for your letter of 18th September.

I have now heard from David Downton who has been making some enquiries for me about the dinner, and we are exploring the possibility of ~~having~~ having it at the Mandeville Hotel which we have used on a previous occasion. I have written to Mr. Hugo, the Restaurant Manager to ask for the menu and we could fix this at the time of the B.A.O.S. meeting when we are all in London.

Yes, we usually invite our lecturers to the dinner, also anyone else whom you as President think should be asked. The number must be kept within reasonable limits as they have to be paid for by the Club, and it was an excess of guests which pushed up the cost of the last dinner. If you let me have details of those whom we should invite I will write to them when we have fixed the dinner.

The floods made travelling difficult for me but we were not affected at home.

With kind regards,

Yours sincerely,

Royal Air Force Hospital
Wegberg, B.F.P.O. 40

18th September, 1968

Dear Ian,

Your letter of the 5th September was waiting my return from a short break in the sun.

Thank you for the tentative figures by train etc. and particularly for going ahead with the Dinner and the Spring Meeting. I agree the A.G.M. in November should be time enough to fix the date finally for the latter.

Would you confirm for me whether at our home meeting we invite our lecturers to join us at our Dinner. And if so, if you as our Secretary extend the invitation to them.

I look forward to seeing you at the B.A.O.S Meeting - on the Saturday.

Till then, best wishes,

Yours sincerely,

Douglas.

Douglas C. Paley

IHH/RC

5th September, 1968

David Downton Esq.,
33 Fairfax Place,
London N.W.6

Dear David,

Paley has asked me to arrange the Dinner for his November meeting of the Oral Surgery Club, and I wondered whether we could hold this at the Mandeville Hotel.

He has arranged for the Annual General Meeting and Coctail Party on the Thursday at the R.A.F. Club in Piccadilly, and we are visiting the Institute of Aviation and Medicine at Farnborough on the Friday, 8th November so the dinner will be on that evening.

If you think this is a good idea perhaps you could let me know and as soon as I have figures of the proposed attendances, I will write to the hotel.

Yours sincerely,

IAN H. HESLOP

Royal Air Force Hospital
Wegberg, B.F.P.O. 40

27th August, 1968

ar Ian,

Thank you for your letter of yesterday. I would indeed like you to arrange the dinner. Please do go ahead.

I am not able to arrange any other day to visit Farnborough prior to the Meeting, so I will go alone. But I am pleased you suggest leaving the programme to them as that is my own feeling on the matter. The next day I shall be at the B.A.O.S meeting and will see you then.

For the Spring meeting I would certainly accept Levignac's very kind offer and the location is ideal for the time of year. As I leave Germany in February/March next year I would be awkwardly placed to say the least.

Farnborough are going to ask me how many people are likely to attend the meeting; and how many of those will arrive by train and would like transport from the Station to the Institute. When could we give them the numbers?

Best wishes,

Yours sincerely,

Douglas.

26th August 1968

Group Captain D.C.Paley,
Royal Air Force Hospital,
Wegburg,
BFPO 40.

Dear Douglas,

Thank you very much for your letter. I am sorry that you are having difficulty in arranging for the Oral Surgery Club meeting, but you seem to have made good progress.

If you would like me to arrange the dinner, I should be pleased to do so.

With regard to the details of the day at Farnborough, I should have thought that we should leave it to them to suggest a programme, but it might be helpful if you could conveniently visit I.A.M. or if both of us could do so. I am afraid that 25th October is impossible for me, because as I said in my last letter, it is the time of the B.A.O.S. meeting. Would the previous Friday, 18th October be suitable. I should be grateful if you could let

From: Group Captain D.C. Paley, RAF

Royal Air Force Hospital
Wegberg
BFPO 40

August 1968

Dear Ian,

It is proving very difficult indeed to arrange the Autumn Meeting on the dates acceptable to the Club and to I.A.M.

The following now seems to be best arrangements; perhaps you would let me know your reactions. I am getting a little concerned at the unavoidable but long delay in finalising

a. The visit to the Institute of Aviation Medicine for Friday, 8th November is fixed as a firm date. (I enclose a copy of the relevant paragraphs of a letter from Air Commodore H.L. Roxburgh, the Director).

b. The Royal Air Force Club have been asked to reserve a room from 1600 to 1700 hours on Thursday, 7th November for the A.G.M. Then

c. From 1700 to 1800 hours I would like the members to take sherry with me.

d. It is not possible for the Club to have us for dinner on the Friday night. Therefore could you arrange this part? As a suggestion what about the Directors' Club in Mandeville Place again?

I have attempted to change the dates to be mutually compatible but it is impossible. Both places seem very booked up and I feel now we should stick.

What is the correct procedure from now on as regards the detail of the day's meeting? Would you arrange it with I.A.M. or would you want me to do so or might we go down together to arrange it? This would be pleasant.

It has been necessary for me to fix a day in my diary on which to come as I.A.M. had to know. I have fixed Friday, 25th October. Can you come down on that morning? Do hope so. We could meet at Charing Cross, for ten o'clock train and they will meet us at the station. We would be back in town early afternoon.

Kindest regards.

Sincerely

Douglas

30th April 1969

Dr. Jacques Levignac,
12, Avenue Albhand,
Paris XVI.

Dear Dr. Levignac,

The arrangements which I have to make for our meeting with you in May are now almost complete. I would like to thank you for your telephone call on Monday, when I was unfortunately at another hospital, and I enclose below a list of members of the Oral Surgery Club who are coming to Paris.

We are staying at the Hotel Montholon-Lafayette, 4 Rue Ribouette, Paris IX and look forward to seeing you at the Hopital Lariboisiere at 9.0 a.m. on Thursday May 22nd.

We like to entertain our host and those colleagues who have helped with the meeting and I think that the Thursday evening would be the most suitable if that would be convenient for you.

Those attending are :-
H.M.Alty, R.I.H.Whitlock, R.O'Neil, I.H.Heslop, D.Downton, F.T.Monks, Prof. G.L.Howe, W.B.Hales, R.S.Taylor, Group Captain D.C.Paley - our President, P.James, W.R.Roberts, T.Cradock Henry, N.J.Hogan, A.W.Moule, E.J.R.Morgan.

The ladies accompanying their husbands are :-
Mrs Alty with two children aged 12 and 9 years.
Mrs. O'Neil, Mrs. Downton, Mrs. Monks, Mrs. Hales, Mrs. Paley, Mrs. James, Mrs. Roberts, Mrs. Henry, Mrs. Moule and daughter.

With kind regards,

Yours sincerely,

Ian H.Heslop

FRANCE

My dear Dr. Levignac,

We really are most grateful to you for the very considerable effort which you obviously put into the preparations for the visit of the Oral Surgery Club to Paris. We were all very pleased to meet you and to have the pleasure of your company during the greater part of the Meeting.

All the Members have expressed appreciation of all that they were shown and look forward to visiting Paris and your hospitals again at some time in the future. The ladies also wish me to thank you for arranging the visit to Christian Dior.

I will pass on your good wishes to Norman Rowe when he returns from the Middle East and I hope that we will have an opportunity of seeing you here at some time in the future. If you do come to England I would be very pleased if you could stay at my home at Woking if this is not too far from the centre of activity. As you know, I live only a short distance from Norman Rowe with whom you have already stayed.

With kind regards and again many thanks,

Yours sincerely,

Ian H. Heslop

Dear Ian,

Thank you for your kind letter of invitation to join the Oral Surgery Club.

I feel particularly honoured by this offer, and I accept with alacrity. I look forward to associating with my colleagues in the most stimulating and instructuve meetings which I know are the hallmark of the Club's activities. I enclose my subscription with this letter of acceptance.

My kind regards,

Yours sincerely,

D. E. POSWILLO.

Dear Mr. Heslop,

I am writing to thank you and members of the Oral Surgery Club for giving me the opportunity of addressing the Club and also for your splendid hospitality at the dinner, which I very much enjoyed. It was an opportunity, moreover, to meet new people and to renew acquaintances with people I had known years ago, like Mr. Fickling. It was a very happy occasion.

Yours sincerely,

Hugh Morgan

1969 Birmingham - November

Oral Surgery Club

The next overseas meeting of the Oral Surgery Club will be held in Paris on May 22nd and 23rd. Dr.Levignac has kindly agreed once again to arrange a programme for the Club. It is anticipated that we will travel out on 21st May and return on Saturday 24th May.

Please complete the form below and return it as soon as possible, and in any case not later than 28th February, to I.H.Heslop, Trees, Hook Heath Avenue, Woking, Surrey.

I should be grateful if you would note the dates of the next home meeting, which will be under the Presidency of R.O.Walker Esq., and will be held in Birmingham on Friday 7th November. The business meetings will probably be held as usual on the Thursday afternoon, and it is possible that the clinical meeting may extend into Saturday. The Dinner will be held on the Friday evening.

---

* I will
I will not attend the Paris meeting on May 21st-24th.

* I will
I will not require hotel reservations for 21st,22nd,23rd May.

* I will
I will not be accompanied by my wife.

* I will
I will not require air tickets.

* Please delete as necessary.

ORAL SURGERY CLUB

Meeting in Birmingham November 6th, 7th and 8th

Notes

A block reservation of single rooms, all with private bathrooms, has been made at The Albany Hotel, Smallbrook Ringway, Birmingham 5 - telephone number - 021.643.8171. This Hotel is within walking distance of New Street Station. The charge per person, including Continental breakfast, is 100 shillings. Members are asked to make their own Hotel reservations by writing to the Hotel, mentioning the Oral Surgery Club. These rooms will not be reserved for the Club after Friday 17th of October.

Transport will be arranged to and from the Albany Hotel and the Queen Elizabeth Hospital and University Staff House. There is a multi-storey Car Park conveniently situated next to the Albany Hotel for those members who propose to come by car.

7th October, 1969

Mr. Ian Heslop.
Trees,
Hook Heath Avenue
Woking,
Surrey.

Dear Ian,

I thought I would ask my secretary to drop a line to you while I am away giving you the final outline of the arrangements for our meeting on November 7th and 8th. The programme is now virtually complete. There are one or two names and subjects to be confirmed, but I think it has the making of a quite excellent programme. Perhaps I should explain that "A Twitch in Time" is related to pace-making, that "Bridging the Gap" is the transplantation of the colon for carcinoma of pharynx and that "Matchmaking" is a talk on the whole philosophy of transplantation.

The arrangements for the Lunch and the Dinner are now completed and I have been down to the Hotel to check that the arrangements there are satisfactory. I think the Conference room may be just a little crowded for the AGM, bearing in mind that the Cocktail party is to be held in the same room, but I think we can cope.

With kind regards,

Yours sincerely,

R.O.Walker

Encls.

P.S. I shall arrange for copies of this programme to be prepared here. This will allow for any last minute alterations. One will be available for all participants.

PROVISIONAL PROGRAMME

FOR

MEETING OF THE

ORAL SURGERY CLUB.

November 6th,7th,8th,1969

28th August, 1969.

Mr. Ian Heslop,
Trees,
Hook Heath Avenue
Woking,
Surrey

Dear Ian,

I am enclosing a draft programme for the Club Meeting in November and hope that I have not left anything out. The idea of a working breakfast has simply been put in for discussion. It did occur to me that since most people would be staying in the Hotel, they might wish to breakfast together and if we could find a couple of very short papers, each lasting, say a quarter of an hour, it might be a good idea. It would at least get people up and get them on the road by 10.30., or theresbouts. If you think this is a good idea leave it in the programme, if not, please delete it.

I am a little concerned about some of the financing of the Meeting and would be glad if you could give me some guidance. I think it is essential that all members should stay in one Hotel and for the Committee Meeting, Annual General Meeting and Cocktail Party, we can have the use of a Conference Room, but there will be a charge of 7½gns for this. This charge will cover the whole of the evening, so that the room will be available after Dinner, if members wish to use it. (I presume this will be a charge upon the Club.)

I shall be responsible for the Cocktail Party and individuals will meet their own accounts for Dinner on Thursday evening.

If you approve, I propose to arrange for transport through the Midland Red Bus Company to and from the Hotel and the Hospital and Staff House. This will save an enormous amount of trouble looking after people, and will certainly be essential after the Dinner. The charge for this will be £3. 10. 0. each way, which makes a total of £14. If we assume that there may be twenty people using the Transport, I presume they will not consider 14s. too much for the convenience of this arrangement. I am presuming that local members of the Club will probably travel in by car direct to the Hospital.

Members will also be responsible for the morning coffee, Lunch and Tea on the Friday, as well as the Cocktails, Wines and Dinner in the evening. I presume that I will pass these accounts on to the Treasurer when I have received them, so that he, in turn, may render the Accounts to members.

I am assuming that all contributors of papers will be invited to the Dinner. This may mean that there will be six or seven guests. Is this in order ?

Perhaps you could also let me know how many members of Council there are, and give me some idea of how many usually turn up to the Annual General Meeting. As I have already said, I hope I have covered most of the points, but if there are any very obvious omissions, perhaps you will let me know.

I go on holiday for a week from the 20th September and then go off to the FDI ADA Joint Meeting on Wednesday 8th October. I shall not get back until the 29th October, which only gives me one week before our Meeting. It is essential, therefore, that all plans, as far as I am concerned, be completed before I leave, and if you had thought of sending a Questionairre out, asking members to signify whether or not they were intending to come to the Meeting, perhaps you could indicate that replies ought to be in my hands by Wednesday 1st October.

With kind regards,

Yours sincerely,

Robert

R.O.Walker

3rd November, 1969

Mr. Ian Heslop,
Trees,
Hook Heath Avenue
Woking,
Surrey.

Dear Ian,

I have just been checking up on the lists of the people who are attending the meeting at the end of this week, and I find one or two discrepancies between the Hotel bookings and the list of names which you gave to me. I think I have cleared these up but it would be helpful if we could have a final check from you.

I found, for instance, that Gibson had not made a Hotel booking, that Burke has booked a Hotel room but is not on your list, that Ben Ficklings Hotel booking had not been confirmed, that Young has cancelled as well as Alan Moule. In addition to this the Hotel have a name of someone called Ellis who is not even on the list of members ! This may well be a Hotel error and I shall ask them to check it up.

Apart from these small details which, I believe, are important, if only to save irritation when people arrive here, everything else is in order and I look forward to greeting you on Thursday evening.

With kindest regards,

Yours sincerely,

Naomi Peace.

P.P. R.O.Walker.

Dictated by Dr. Walker but signed in his absence.

31st December, 1968.

Mr. C.W.Reynolds,
Staff House Manager,
University of Birmingham,
Edgbaston,
Birmingham 15.

Dear Mr. Reynolds,

I am writing to confirm the alteration of date of the dinner of the Oral Surgery Club from October 31st, 1969 to Friday 7th November. As my secretary explained, this change was necessitated as a result of some plans I have to visit the United States in October. I hope the alteration has not caused you any inconvenience.

As before, I will get in touch with you a little nearer the date, about final details.

Yours sincerely,

R.O.Walker.

25th November, 1968.

Mr. I. Heslop,
Hon. Secretary,
Oral Surgery Club,
Trees,
Hook Heath Avenue,
Woking,
Surrey.

Dear Ian,

I am sorry I did not have the opportunity to have a chat with you at the last meeting of the Club, but I learned afterwards that you were poorly, and I am sorry to hear this. The purpose of this letter, however, is to say that I heard at the meeting that I had been nominated as the President for the year 1969-70, and this , of course, is something which I appreciate very much. I presume I will be responsible for a meeting in October or November, and you might care to give me some guidance as to the form this should take.

I thought, however, that it might be a good idea to fix some dates at a fairly early time, because there is always so much difficulty fitting everything in, during October and November. One of the factors which will govern the date of our meeting will be the availability of accomodation, and since I imagine the meeting will be held in Birmingham, there is no doubt that one of the best places for our dinner would be the University Staff Club, in Edgbaston. I called in at the Secretarys office the other day, and find that the following Friday evenings are still vacant - 31st October, 7th November, 14th November. Perhaps you might care to look at the Calendar of other events, and see which of these dates, if any, would be suitable, and I will then confirm the booking.

With kind regards,

Yours sincerely,

R.O.Walker.

Residence:
Phone 0299 3 2101

R. O. Walker F.D.S., R.C.S. Eng. & Edin.

17th December, 1968.

Mr. I.Heslop,
Trees,
Hook Heath Avenue,
Woking,
Surrey.

Dear Ian,

I have just confirmed the booking of the Staff Club at the University for dinner on the evening of Friday 31st October, 1969.

Since I did this, I have been reminded that I shall be going to America, to the Meeting of the F.D.I. in the same month, and it may be cutting it rather fine, for I shall almost certainly want to stay over for a day or two after the F.D.I.Meeting. This would mean that one of the dates in November would perhaps be better, but I would like to be guided by you. If these other dates are very inconvenient, then I will, of course, arrange to be back for the 31st, although I may not have much time inbetween my return and the meeting to make the final arrangements. Perhaps you will let me know as soon as you can what the best decision should be.

With kind regards,

Yours sincerely,

R.O.Walker.

Reply 26.12.68
— 7.11.69

2nd December 1968

Thank you very much for your letter, from which I am delighted to know that you are able and willing to be the next President of the Oral Surgery Club. I must apologise for not having written to you about this, but I am afraid that this virus infection took several weeks to clear off, and during that time I have been even less effecient than usual!

It would indeed be an excellent idea to fix some dates, and with this in mind I asked my secretary at Rochampton to obtain a calendar from the College and the B.D.A.. I should have these on Wednesday and will then be able to fix a date for your meeting.

It is now Wednesday and I have obtained a little help from the B.D.A. and the College, and it seems that Friday 31st October 1969 would be the best day for your meeting and dinner. Perhaps you would make the necessary reservations and think about the content of your clinical programme. If you can suggest a suitable hotel near the site of the meeting it would be helpful to me and to the members.

8th September, 1969

Mr. David Downton,
Honorary Treasurer,
Oral Surgery Club,
57, Portland Place,
London. W.1.

Dear David,

I have sent Ian Heslop the draft programme for the Club Meeting in November, but there are one or two financial arrangements which he has suggested I should discuss with you.

I am asking the Members to stay at the Albany Hotel, and I am arranging for a Conference Room for the Thursday evening, which will be available for the Council, and for Cocktails and, if necessary, afterwards for conversation. The charge for this will be 7½gns. On the Friday, I have arranged for coffee, Lunch and tea, to be provided by the Catering Officer at the Queen Elizabeth Hospital, and I presume members will be responsible for their own charges, which, incidentally, will not be heavy.

Before the Lunch, Sherry, or Cocktails will be provided by the Board of Governors of the United Birmingham Hospitals.

In the evening, the Dinner will be held in the University Staff Club, and I presume that you would wish me to lay on the best possible menu. The Regional Hospital Board have agreed to subscribe a sum of money which could cover the pre-Dinner Cocktails, I am not yet quite certain of the sum, but I imagine it will be in the order of 25-£30. This, therefore, will leave the arrangements for the drinks during the Dinner, and for a short time afterwards. There is a time limit on how long we can stay at the Staff House, and I thought it would be best if we terminated the Dinner at the Staff House at 10.30.p.m., and members returned to the Albany Hotel, where, presumably, they could continue their jollifications if they wished to do so. Transport is being laid on between the Albany Hotel andthe Hospital, and the University Staff House, and the charge for this will have to be met by the members attending the Meeting.

over.....

ii.

I gather from Ian that readers of papers and other contributors come to the Dinner as Guests, but that members may also bring personal guests if some prior notice is given.

As I see it, therefore, the Club, which really means the members, will be responsible for meeting the charges for

i. The Conference Room.

ii. Transport to and from the Hospital and to and from the University Staff House

iii. Dinner with wines and drinks afterwards

iv. Official guests, who, in this case, may number seven or eight.

Perhaps you will let me know if this is all in order, and if there are any other points which I should be taking into consideration.

With kind regards,

Yours sincerely,

R.O.Walker

c.c. Mr. Ian Heslop.

01-580
4642 EX.A.

57, PORTLAND PLACE,
LONDON,W.1.

12th September 1969.

Dear Robert,

Thank you for your letter of 8th September.

I would expect the members to pay for their hotel account themselves when they leave the hotel. But with regard to the cost of the meeting as a whole, that is the four items mentioned in your last paragraph, the normal procedure is for you to let me have the necessary accounts en bloc and I will settle with cheques on behalf of the Club. After I have done this I can then send accounts out to each member asking for his share.

It is, therefore, important for me to know the number of people attending the meeting with their names and the number who come to the dinner, again with names. IAN usually deals with this.

We usually allow for seven or eight official guests and their expences are shared by Club members. Private guests, if any, are the responsibility of the individual members.

The President usually takes care of any tips etc., including a small gift to his secretary and he then sends me his own personal, out-of-pocket, expence account and this again is included in the cost of the meeting and shared by members.

I hope I have answered your queries.

With kind regards,

Yours sincerely,

David Downton.

Birmingham 15

Dear Mr. London,

On behalf of the Oral Surgery Club, I would like to thank you very much for the excellent lecture which you gave to us last Friday.

We were particularly impressed with your Paper in its content, composition and with the practical advice which it contained.

It was very encouraging to us to learn of the obviously excellent co-operation between your department and the oral surgeons with whom you work.

Some of our registrars here, have in the past, attended courses at the Birmingham Accident Hospital, and they too have been impressed by the work which is done there and by the instruction they received.

Yours sincerely,

Ian H. Healop
Secretary, Oral Surgery Club

13th November, 1969

B.C.Johnson Esq.,
Deputy Chief Experimental Engineer,
British Leyland (Austin, Morris) Division Ltd.,
Long Bridge,
Near Birmingham

Dear Mr. Johnson,

We were very pleased to have you at the Meeting of the Oral Surgery Club in Birmingham last week, and I know that the Members would wish me to thank you for the fascinating lecture which you gave us and for bringing along such an interesting collection of films and slides.

I am sure that your work does much to minimise injuries received in motor accidents but I am afraid that I cannot foresee even your improvements putting us out of work with the roads as they are today in this country.

Yours sincerely,

Ian H. Heslop
Secretary, Oral Surgery Club

IHH/RC

13th November, 1969

George Dalton Esq., M.B., Ch B., D.L.O., F.R.C.S.,
University of Birmingham,
Edgbaston,
Birmingham 15

Dear Mr. Dalton,

On behalf of the Members of the Oral Surgery Club, I would like to thank you very much indeed for your fascinating Paper on Saturday the 8th November.

Although a number of us had heard of this work and of the particular method of treatment of laryngeal carcinoma which you are using, we were all delighted to have the opportunity of hearing about this first hand and seeing the excellent slides and your most co-operative patient.

We are particularly grateful to you for fitting our Meeting into your very busy programme of work.

Yours sincerely,

Ian H. Healop
Secretary, Oral Surgery Club

IHH/RC/ 13th November, 1969

A.D.Barnes Esq., B.Sc.,M.B., Ch.B., F.R.C.S.,

Edgbaston,
Birmingham 15

Dear Professor Morgan,

On behalf of the Members of the Oral Surgery Club, I would like to thank you very much for delivering your lecture on Friday.

We were delighted to have you with us and thoroughly enjoyed the Meeting and the opportunity to see the facilities in Birmingham.

Yours sincerely,

Ian H. Heslop
Secretary, Oral Surgery Club

IHH/RC

12th November, 1969

F. Ashton Esq., Ch. M., F.R.C.S.,
Senior Lecturer in Surgery
University of Birmingham,
Edgbaston,
Birmingham 15

Dear Mr. Ashton,

On behalf of the members of the Oral Surgery Club, I should like to thank you very much indeed for your fascinating lecture on Friday.

It was most refreshing to hear of somebody else's work in a different field and we wish you success in your future efforts.

Yours sincerely,

Ian H. Heslop
Secretary, Oral Surgery Club

IHH/RC

12th November, 1969

B.R.Hopkinson Esq., F.R.C.S.,
Lecturer in Surgery,
University of Birmingham,
Edgbaston,
Birmingham 15

Dear Mr. Hopkinson,

On behalf of the Members of the Oral Surgery Club, I would like to thank you very much indeed for your interesting lecture which you delivered last Friday.

I must congratulate you on your original title and also on the ingenuity of your appliance which obviously provides considerable relief to many unfortunate patients.

Yours sincerely,

Ian H. Heslop
Secretary, Oral Surgery Club

11th November, 1969

Dr. M.L.Dyson M.R.C.S., L.R.C.P., D.M.R.D., D.M.R.T.,
Consultant Radiologist,
Wordsley Hospital,
Wordsley,
Nr.Stourbridge,
Worcestershire.

Dear Dr. Dyson,

I would like to thank you on behalf of the Members of the Oral Surgery Club for sparing the time to deliver such a fascinating lecture last Friday.

We were all very envious of the splendid equipment which you seem to have in the Birmingham area and I would like to congratulate you on the excellent work which you are doing.

Yours sincerely,

Ian H. Heslop
Secretary, Oral Surgery Club

Dear Mrs. Edwards,

Thank you for your letter of the 26th May.

I am sorry that I have not let you have the list of names and addresses before now. Since I made the arrangements initially a number of members have said that they may travel by road instead. I have circularised all the members of the club who are attending the meeting in Munster and I have asked them to get in touch with you immediately if they wish to alter their arrangements.

As things stand at the present, the following require air tickets from London to Dusseldorf, and rail tickets from Dusseldorf to Munster, and return, the outward journey being on the 24th June and the return journey on the 27th.

I believe Mr. Ireland has written to you altering his return arrangements.

Dear Ian,

I am so sorry to hear of your anxieties about your father and quite understand that this may interfere with your arrangements to come to Munster at the last minute. If, unfortunately, you are unable to be with us I shall do my best to shepherd the company through to Dusseldorf when I am quite sure we shall be well looked after by Professor Hecker.

With kind regards,

Yours sincerely,

R.O.Walker.

Dear Ian,

Many thanks for your circular letter regarding Dr. Harry Archer's request. I am quite happy that the Oral Surgery Club should be included in this list. I am not quite sure how extensive the list will be or whether any comments are permitted but if so, then it would of course be helpful to indicate that it was a private club and that membership was by invitation only.

With kind regards

Yours sincerely,

R.O.Walker

Dear Ian,

I am sorry if I have been late in replying to your circular letter about the meeting in Munster. The fact of the matter is that just a little more than two weeks ago I was whisked off to Hospital with chest pains and feared the worst. I am happy to report, however, that a diagnosis of benign pericarditis was made after very detailed investigations and I am now well on the way to recovery. I hope in fact to see a few patients towards the end of this week if the physicians permit.

I do not think that this sudden and rather frightening episode will interfere in any way with my arrangements to go to the meeting in Munster and I am only too pleased to see that you have been able to make arrangements to travel by air rather than by sea and rail.

With kind regards

Yours sincerely,

R.O.Walker.

F.G.Hardman Esq.,
The Croft,
Ebberston Rd.,
Colwyn Bay,
Denbighshire

Dear Gordon,

I think I am correct in believing that you intend to go to Munster to the Oral Surgery Club meeting although on checking my list, I have not had a reply from you and therefore have not made any reservations for you. This can easily be remedied as long as you let me know your plans as soon as possible. I enclose a copy of the circular letter I am sending out to those who are attending the meeting so that you can see what arrangements have been made.

The hotel is Hotel Schnellman,
Hufferstrasse,
Munster

and I understand that this is quite near the hospital which we are visiting which is I think, in Robert Koch Strasse, 27a.
~~27a~~ Munster 44

The recent move by a number of people to travel by sea and car will mean that I shall have to cancel quite a number of air tickets, so if you decide to travel by air, then this again should be no problem.

Yours sincerely,

IAN H. HESLOP

Dear Mr Heslop,

I have not been able to reply to your query regarding the visit of the Oral Surgery Club to the University Clinic, Munster, in June 1970.

We spoke on the telephone a little while ago and I am not able to come to the University with the Club, but I hope to arrange matters so that I can join them in Munster at this time.

As you know I have just taken over in a new appointment and it is difficult for me to get permission to go to Germany without going through the various Service channels.

Kind regards.

Dear Mr. Heslop,

Thank you for your letters of the 23rd and 30th April.

Now I think to have all informations which we need for preparing our meeting.

I am sorry that you could not understand my bad English. The meaning of the first sentance of top 3 in my letter of the 23rd April was, if you have any other particular wish or interest related to our programme, please let me know in advance.

Your hotel in Münster is "Hotel SCHNELLMANN", Hüfferstrasse. There is all arranged for your according to your letter of the 23rd April.

I am looking forward to seeing you and your colleagues,

Yours sincerely

R. Becker.

(Prof.Dr.Dr.R.Becker)

30th April, 1970

Professor Dr. Dr. Med. Rudiger Becker,
44 Munster,
Robert-Koch Str. 27
GERMANY

Dear Dr. Becker,

Thank you for your letter of the 23rd April.

1. We are due to arrive at Dusseldorf Airport at 10.10 on Flight B.E.A. and we are planning to travel by train to Munster, arriving at 14.20

It is very kind of you to offer to meet us at Dusseldorf Airport but I am sure we can find our way to Munster without it being necessary for you or one of your colleagues to have to go to the trouble of coming to Dusseldorf.

2. The names of the participants you will now have in my letter of the 23rd April. As you will see, only Mrs. Downton is coming so your kind preparations for a ladies' programme will not really be needed. I am very sorry about this and normally several of the ladies accompany their husbands to our meetings. I think that the explanation of the small number on this occasion is the close proximity in time of the Denmark meeting.

3. I cannot quite understand the first sentance of this paragraph of your letter but we would like to see the sort of work you do in your hospital and the provisional programme which you have arranged sounds excellent. We are interested in Oral and Maxillo Facial Surgery rather than Dental Surgery.

We have to leave Munster at in order to catch our return flight from Dusseldorf at

Yours sincerely,

IAN H. HESLOP

Dear Prof. Becker,

I think that we now have a reasonably accurate list of members proposing to attend the meeting which you are kindly arranging for us in Munster. We will need 11 single rooms and 1 double room, preferably all with baths or showers, although only one member has actually specified 'room with bath'. I should be grateful if you could tell me the name and situation of the hotel.

Those proposing to attend the meeting are:
Mr. P. Bradnam, Mr. D. Downton and his wife, myself, Mr. J. H. Hovell, Mr. V. E. Ireland, Mr. P. James (he has not asked for hotel accommodation), Mr. W. D. MacLennan, Mr. F. T. Monks, Mr. A. W. Moule, Mr. R. O'Neil, Mr. R. O. Walker, Brig. D. V. Taylor, Mr. E. J. R. Morgan. Brig. Robertson hopes to join us but will make his own arrangements.

I have found that we can fly from London to Dusseldorf and then travel by train from there. We plan to leave London on the 09.05 flight on the 24th June, arriving Dusseldorf 10.10. and we hope to arrive in Munster at 14.20.

With kind regards,

Yours sincerely,

Ian H. Heslop

PROF. DR. DR. MED.
RÜDIGER BECKER

44 MÜNSTER, April, 23rd 1970
ROBERT-KOCH-STR. 27

Dear Mr. Heslop,

Today I may inform you about some preparations for the visit of the Oral Surgery Club in June. But for our definitiv program I still should have some more informations from you.

1. Please give me the exact time of your arrivel at Düsseldorf-Airport and at Münster.
   (I think it would be the best for you to take the Airport-bus from Düsseldorf-Airport to Düsseldorf-Railwaystation (Mainstation = Hauptbahnhof) and the train from Düsseldorf to Münster. But if you would prefer a bus from Düsseldorf-Airport to Münster, I will try to order one(it is quite more expensiv). In any case I myself or one of my colleagues will meet you at Düsseldorf-Airport.
2. I should have the names of all participants (ladies included).
3. Are there any wishes concerning our demonstrations in the hospital and the operating theatre respectively concerning the town and country?
   Are your members also interested in little surgery (what we call in Germany "Dental Surgery" or, as I think, more in Oral and Maxillo-Facial Surgery?

Our preliminary program is considering until now the following points:

Wednesday, 24th of June

(In dependency of the time of your arrivel)

- o Hotel
- o Refreshing
- o Reception (Lunch or Tea)

- Rest
- Dinner (informel)

and some about the history of Münster Dental School and the history and development of Oral and Maxillo-Facial Surgery in Germany.

Thursday 25th and Friday 26th of June

(it may be that we have to change the one or other point between these two days)

Mornings:

- View of the Dental School
  Reception by the Dean of the Medical Faculty and the Dean of the Dental School
- Wardround (Dept. of Maxillo-Facial Surgery)
- Demonstrations of operations (with television from the theatre to the lecture-room

- o Sightseeing: Westfalia country and its Waterside-castles
  Tea with Baroness of Droste-Hülshoff in the Hülshoff-Castle (informel)
- o Shopping
- o Tea with Mrs. Becker

and other more, if they want.

I am looking forward for your next letter,

Yours sincerely

Rüdiger Becker.

IHH/JM 23rd April, 1970

Professor R. Becker,
Poliklinik und Klinik fur Zahn
Mund und Kieferkranheiten
der Westfalischen Wilhelms Universitat
44 Munster (Westf)
Robert Koch Strasse 27a
GERMANY.

Dear Prof. Becker,

I think that we now have a reasonably accurate list of members proposing to attend the meeting which you are kindly arranging for us in Munster. We will need 11 single rooms and 1 double room, preferably all with baths or showers, although only one member has actually specified 'room with bath'. I should be grateful if you could tell me the name and situation of the hotel.

Those proposing to attend the meeting are:
Mr. P. Bradnam, Mr. D. Downton and his wife, myself, Mr. J. H. Hovell, Mr. V. E. Ireland, Mr. P. James (he has not asked for hotel accommodation), Mr. W. D. MacLennan, Mr. F. T. Monks, Mr. A. W. Moule, Mr. R. O'Neil, Mr. R. G. Walker, Brig. D. V. Taylor, Mr. E. J. R. Morgan. Brig. Robertson hopes to join us but will make his own arrangements.

I have found that we can fly from London to Dusseldorf and then travel by train from there. We plan to leave London on the 09.05 flight on the 24th June, arriving Dusseldorf 10.10. and we hope to arrive in Munster at 14.20.

With kind regards,

Yours sincerely,

Ian H. Healop

9th March, 1970.

Mr. Ian Heslop,
Trees,
Hook Heath Avenue
Woking,
Surrey

Dear Ian,

Thank you for your information about the Club meeting in Munster.

I would doubt now if Dorothy will wish to come for, as I have already indicated, we have a number of trips abroad already arranged this year and there is a limit to the amount of income available for this. If, however, you receive further news that more wives are intending to go then she might be prepared to re-consider this.

I am sorry to hear that air travel is not satisfactory to Munster. This surprises me and concerns me a little because it is pretty obvious that another method of travel is likely to be less convenient and more time consuming, however, I must leave this entirely with you.

With best wishes,

Yours sincerely,

R.O.Walker .

President, Oral Surgery Club,
8 Chad Rd.,
Birmingham 15

Dear Robert,

re: Oral Surgery Club Meeting -
Munster - 24th - 27th June 1970

I have had further correspondence with Professor Becker who sounds very interested and helpful and is arranging the meeting for us in Munster. I imagine that the plan will be to fly out on Wednesday 24th June and return home on Saturday, 27th June.

Professor Becker has suggested a hotel convenient to the hospital and has made provisional bookings. The prices he quotes are as follows :- about 40 S ..... Single Room
45 S..... Single Room with shower
50 S..... Single Room with bath
(bed and breakfast, service etc. included)

I presume that he means shillings by " S " !

Yours sincerely,

Ian H. Heslop

Professor Dr. R. Becker,
Poliklinik und Klinik
Robert Koch Strube 27a
44 Munster (Westf.)
GERMANY

Dear Professor Becker,

Thank you very much for your letter of the 7th January which awaited my return from a short skiing holiday in Austria.

The hotel which you suggest will, I am sure be very satisfactory and I think that most members would like single rooms with showers but there may be one or two members who may wish to bring their wives and who will require double rooms. If you think it is necessary to make a provisional booking at this stage, I think we should reserve fifteen single rooms and as soon as I have replies from the members, I will give you a final figure for the number of rooms required.

With kind regards,

Yours sincerely,

IAN H. HESLOP

Mr. Jan H. Heslop,
Queen Mary's Hospital,
Roehampton,
London, SW 15
England

Dear Mr. Heslop,

Thank you very much for your letter of 18th December. The proposed termin (24th until 27th June) for your visit is excellent and accepted with pleasure by myself.

In the meantime I made provisional reservations in a good hotel, very convenient and near to the hospital (two minutes on foot). This early reservation has been necessary, because Münster is a favourite town for meetings and in June we will have a big meeting of German fire-brigades. I think you will be pleased with this hotel. It is comfortable in all and of medium price for Germany. The price for a single bedroom is about 40 S, for a single room with shower about 45 S and for a single room with bath about 50 S (bed and breakfast, service etc. included).
Please let me know as soon as possible whether you will accept this hotel and give to me (I think it would be the best) or directly to the manager (Mr. Schnellmann) the number of your Members, who want take part on your visit. If it is possible give the exact number of the attending people, but I shall it manage, if at least two or three people less or more will come over to Münster.
The adress of the hotel is:

Hotel Schnellmann
44 Münster (Westf.)
Füfferstrasse 75
(phone: 40225)

At all events I will give you my phone number:

Münster 498932 (hospital)
Roxel 470 (private)

Please give my best regards to Mr. Howe and Mr. Bowerman and to all staffs of the Roehampton unit, especially to Mrs. Cainer, Mr. Bradley and Mr. Conroy. I remember with pleasure my beautiful days there.

With kindest regards,
Yours sincerely

Rüdiger Bernd.

Professor Dr. R. Becker,
Poliklinik und Klinik
Robert Koch Strabe 27a
44 Munster (Westif.)
GERMANY

Dear Professor Becker,

Thank you very much for your letter of the 2nd December, from which I am delighted to learn that you would be willing and able to have the Members of the Oral Surgery Club on a visit to your department.

I have been speaking to Mr. R. Walker from Birmingham, who is our President this year, and we are wondering whether we could come and visit you on Wednesday 24th June, Thursday 25th June Friday 26th June, and possibly part of Saturday 27th - returning home on the 27th June. The number of people attending the overseas meeting of the Club is usually about ten or fifteen. If you could suggest a hotel convenient to the hospital, of medium price, I should be grateful, and I will make the necessary bookings for Members when I know how many will be coming to visit you. With kindest regards,

Yours sincerely,

IAN H. HESLOP

Dear Mr. Heslop,

Thank you for your recent letter of the 25th November, 1969.

It would be honourable for my colleagues and me to have the visit of the members of the Oral Surgery Club in our Unit. I think there is not any problem to arrange your visit in Münster and we would be very glad to welcome you and your colleagues. The best termin for us would be in Mid-June.

Please give me as soon as possible your decision about the termin and the approximately number of the colleagues who want to come to Münster, Then I will manage all and I think we will have a few nice and usefull days together.

With kind regards,
Yours sincerely

Rüdiger Becker

IHH/JM

26th November, 1969

Prof. R. Becker,
44 Münster,
Robert-Koch-Str. 27
GERMANY.

Dear Prof. Becker,

The members of the Oral Surgery Club would very much like to visit your Unit next year.

The normal pattern of our annual overseas meeting is a two-day visit at the end of the week, if this can be arranged. We normally fly to our destination on the Wednesday and the visit takes place on the Thursday and Friday and we return home on the Saturday. In view of our other meetings, it would be best for us if we could come in Mid-April or Mid-June.

I shall be grateful if you will let me know if this would be possible and if it is, we can discuss dates and more detailed arrangements.

With kind regards,

Yours sincerely,

Ian H. Heslop.
Secretary, Oral Surgery Club.

Mr. Ian Heslop,
Queen Mary's Hospital,
Plastic, Burns and Oral Surgery Centre,
Roehampton.
London S.W.15.

Dear Ian,

Thank you for your progress report on your negotiations with Professor Becker. As you say, it would seem the best thing to do would be to fly out on Wednesday and come home on Saturday. I only hope that his quotation for the Hotel is accurate for it seems cheap to me, bearing in mind the standard of living in Germany and the value of the mark. Perhaps he means `marks` which would effectively nearly double the figure !

I have of course laid aside the appropriate amount of time for the meeting and I imagine you will have to be circularizing members shortly to confirm the date so that others may do the same.

With kind regards,

Yours sincerely,

R.O.Walker .

1970 Bolton - October

Oral Surgery Club

The Annual General Meeting of the Oral Surgery Club will be held in Bolton under the Presidency of Mr. F. Taylor Monks, on Thursday 22nd and Friday 23rd October, 1970.

Members travelling from London should leave on the 12.00 midday train from Euston, which will enable them to reach the Pack Horse Hotel in good time to catch the special bus to the Medical Institute where tea will be served at 5.00 p.m. on 22nd October prior to the Committee and General Meetings.

We are expecting you at:-

The President's Cocktail Party

The Pack Horse Hotel, Bolton on 22nd and 23rd October

The Annual Dinner (Dinner jackets) on 23rd October

Please note - Members are responsible for their own travel arrangements and for their hotel bills (or cancellation of reservations if unable to attend as planned).

Ian H. Heslop,
Hon. Secretary,
Oral Surgery Club,
"Trees",
Hook Heath Avenue,
Woking,
Surrey.

Oral Surgery Club

The next Annual General Meeting of the Oral Surgery Club will be held in Bolton, Lancashire, under the Presidency of Mr. F. Taylor Monks.

It is hoped that most members will be able to stay at the Pack Horse Hotel, from which transport will be arranged to the Medical Institute, Royal Infirmary, Bolton for the Committee Meeting, Annual General Meeting and President's Cocktail Party on Thursday, October 22nd. 1970. Return transport for informal dinner at the Pack Horse Hotel is planned.

On Friday, 23rd. October, there will be a day of papers and discussions.

The Dinner will be held at The Last Drop at 7.0 p.m. for 7.30 p.m. on Friday, 23rd. October, and transport will be provided to and from the dinner.

Members travelling from London will find that the 12.0 midday train from Euston will enable them to reach Bolton for the A.G.M., and those wishing to arrange sleepers on trains to London or Scotland on the Friday night will be able to attend the dinner and catch their trains.

Please complete this section and return to I. H. Heslop, "Trees", Hook Heath Avenue, Woking, Surrey. not later than March 31st.

I will / I will not attend the Bolton Meeting of the Oral Surgery Club, on Thursday 22nd and Friday 23rd October.

I will / I will not attend the President's Cocktail Party.

I will / I will not require hotel accomodation - 22nd, 23rd October.

I will / I will not attend the Dinner (dinner jackets)

Dear Sir,

Oral Surgery Club, October 22nd and 23rd 1970

I understand that Mr. Monks has recently spoken to you about our meeting in Bolton in October. You will remember that we originally made a provisional reservation for 25 single rooms in March and that this was increased by 8 in May. The following have expressed their intention to attend the meeting, so we now need three rooms for 22nd only, one for 23rd only, and 33 for 22nd and 23rd. If you cannot accomodate the extra people I should be grateful if you would advise me as soon as possible so that I can arrange for them.

H.M.Alty, Millfield, Church Road, Wooton, Liverpool 25. - 23rd only

THE ORAL SURGERY CLUB OF GREAT BRITAIN

Readers may like to know that on Friday, 23rd October, 1970, a meeting of the Oral Surgery Club was held in the Bolton Medical Institute under the Presidency of Mr. F. Taylor Monks.

The programme was as follows:-

Dr. G. Auckland, Consultant Dermatologist.
"The Mouth and the Skin".

Dr. G. B. Manning, Consultant Pathologist and late Home Office Pathologist.
"The Not So Expert".

Mr. J. C. Bradley, Consultant Oral Surgeon.
"The Problem of the Displaced Fracture of the Senile Mandible".

Mr. D. J. Timms, Consultant Orthodontist.
"The Case for Rapid Expansion".

Dr. W. Dickson, Consultant Paediatrician.
"Some Systemic Conditions of Childhood presenting with Oral Manifestations".

Mr. Squiers, Test Pilot.
"A Life of Flying".

The Oral Surgery Club is an exclusive Society similar to many travelling surgical and medical clubs formed for the purpose of increasing knowledge of a specialty and promoting world-wide friendships and fellowship within the special discipline of Oral Surgery.

The Club was founded in 1937 as a result of the efforts of Mr. R. Sutton Taylor, O.B.E., T.D., who remained Honorary Secretary and Honorary Treasurer for 25 years. Membership may be ordinary or honorary and is by invitation only, and is restricted to approximately 35 or 40 ordinary members.

Meetings are held twice a year, once in the British Isles at the centre or hospital of the President, who holds office for one year, and once overseas.

The President for 1970-71 is F. Taylor Monks, Esq., M.Sc., F.D.S.R.C.S. and his Presidential Meeting in Bolton was marked by a presentation at the Annual Dinner made to Mr. Sutton Taylor on his retirement by Professor F. C. Wilkinson on behalf of the Club. Professor Wilkinson was a Founder Member of the Club.

Ian H. Heslop, Esq.,
Hon. Secretary,
Oral Surgery Club,
"Trees"
Hook Heath Avenue,
WOKING,
Surrey.

Dear Ian,

I am extremely sorry to have to withdraw from the Oral Surgery Club meeting on October 22nd/23rd but I have just received a summons to a meeting on the 23rd which leaves me no option but to accept so long as I am alive.

I had particularly hoped to be present on this occasion if only to save my face with the Club. I well understand that you cannot continue to keep me on the books for ever if I do not attend and I shall accept whatever action you think is necessary.

I tried to ring you this morning because I feel rather badly about the unfortunate circumstances but rather than chase you over London by 'phone I am now writing.

Yours sincerely,

(A.I. Darling).

IHH/JM

15th October, 1970.

Prof. A. I. Darling, D.D.Sc., M.D.S., F.D.S.,
L.R.C.P., M.R.C.S.
University of Bristol,
Dental School,
Lower Maudlin Street,
BRISTOL 1.

Dear Arthur,

Thank you for your letter of 5th October, from which I am very sorry to learn that you will not be able to come to the Oral Surgery Club Meeting in Bolton. Desmond Farmer has also written to me to say that he has to attend a Vice-Chancellor's meeting in London, and I imagine that this is what involves you also.

As you know, the rules of the Club are reasonably flexible and I imagine that they can be bent once more. We all understand how fully committed you are at present.

I am sorry that you are unable to catch me on the telephone. I still tear around between five hospitals, as well as having a reasonably busy private practice and all the other commitments one seems to collect over the years.

Kind regards,

Yours sincerely,

Ian H. Heslop

MR. F. TAYLOR MONKS.

6.9.70

23.8.70.

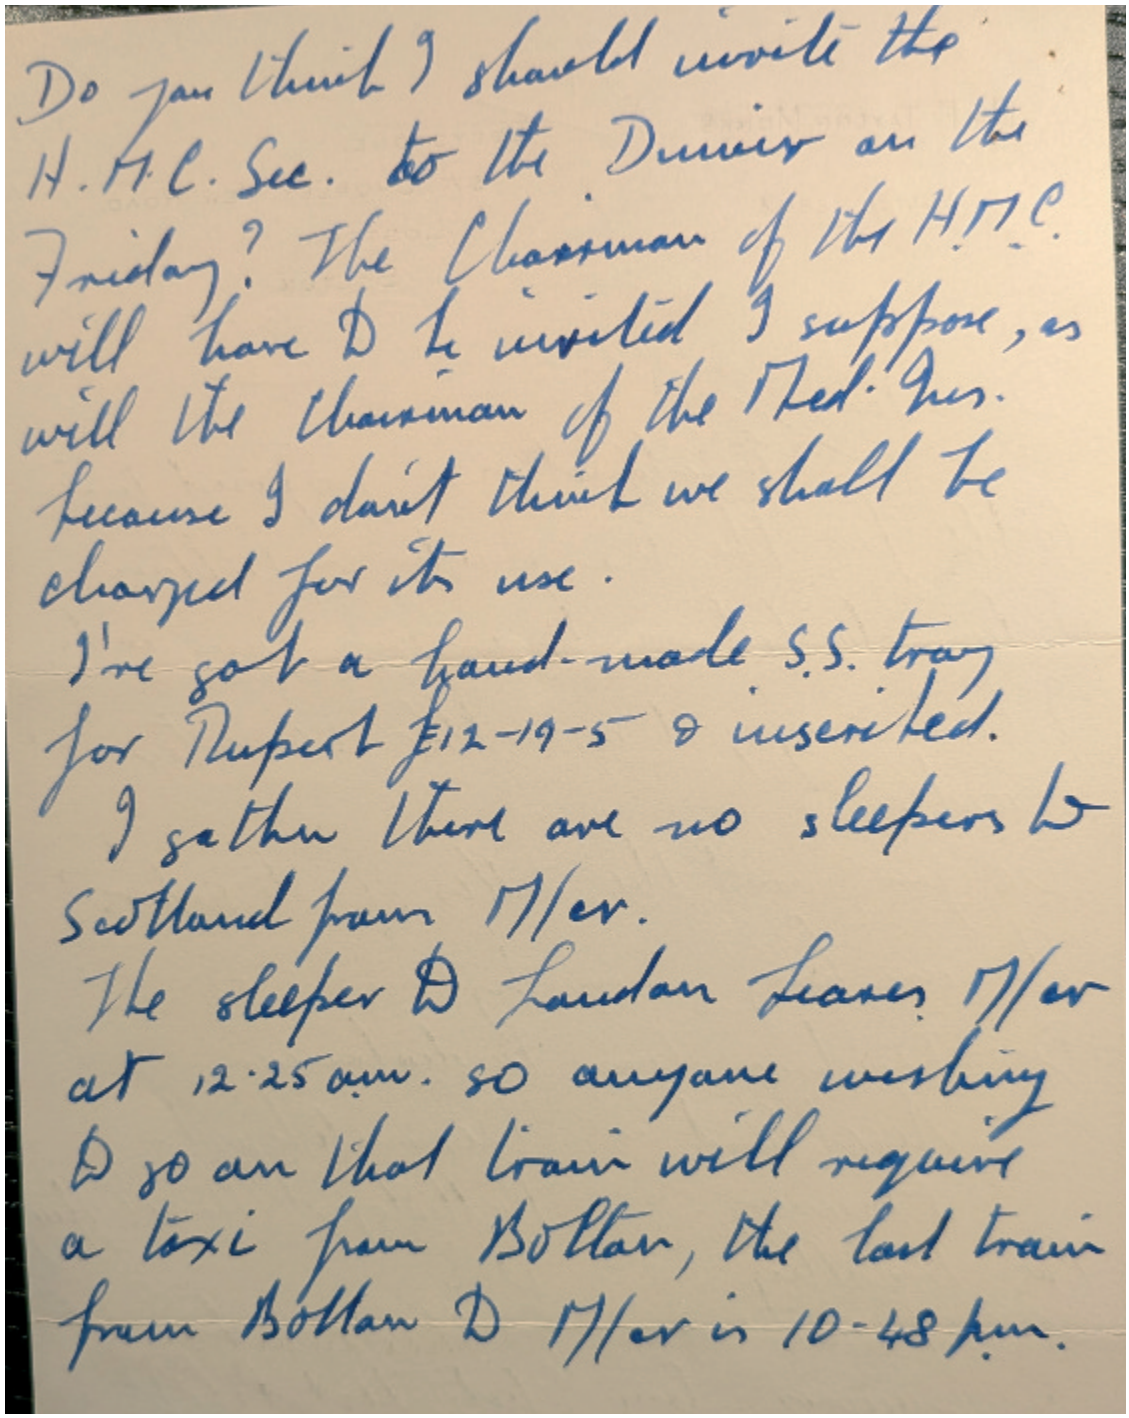
Dear Ian.

Enclosed is a proposed time-table for the O.S. meeting in Bolton. Please do let me have your comments.

I have engaged a Ribble 49 seater coach.

Do you want the titles of the papers? They are being given by

Dr. Dickson Can. Paediatrician
.. Auckland .. Dermatologist.
.. Manning .. Pathologist (Home Office)
Mr Bradley .. D.S.
.. Timms .. Orthodontist.
.. Squires Eng. Chief. Test Pilot.



Do you think I should invite the H.H.C. Sec. to the Dinner on the Friday? The Chairman of the H.H.C. will have to be invited I suppose, as will the Chairman of the Med. Soc. because I don't think we shall be charged for its use.

I've got a hand-made S.S. tray for Rupert £12-19-5 & inserted.

I gather there are no sleepers to Scotland from M/cr.

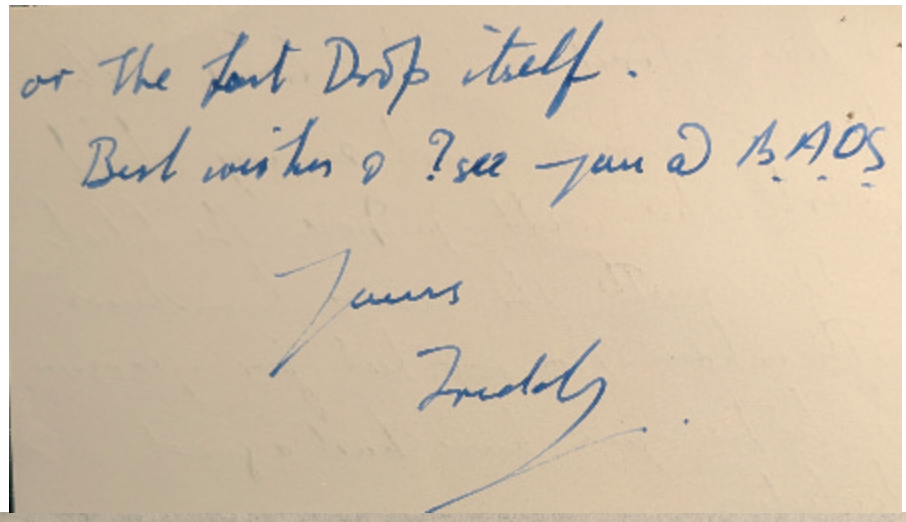
The sleeper to London leaves M/cr at 12.25 a.m. so anyone wishing to go on that train will require a taxi from Bolton, the last train from Bolton to M/cr is 10-48 p.m.

I have invited Colin Cooke to the dinner as my guest & my chief guest, who will propose the Club, is Dr Smith, the senior Cav. there. with whom I've worked for years++.

I hope you have had a good holiday.

We are going to N. Wales on Thurs. evening next & return on Sept. 7th.

Please do let me have your reactions to these tentative proposals. If there any difficulty about accomodation there's the Swan Hotel - 200 yards from the Pack



or The Last Drop itself.

Best wishes & ?see you at B.A.O.S

James

Frederick

22nd May, 1970

The Manager,
Packhorse Hotel,
BOLTON,
Lancs.

Dear Sir,

In March you kindly arranged for reservation of 25 single rooms for the 22nd - 23rd October, 1970, for members of the Oral Surgery Club.

If possible, I would like to increase this provisional booking to thirty-four rooms, and I will give you a final list of names and addresses nearer the time.

I would be grateful in the meantime, if you could confirm whether or not you are able to accommodate us so that I may seek some alternative accommodation for the extra numbers if necessary.

Yours sincerely,

IAN H. HESLOP
CONSULTANT ORAL SURGEON

PLEASE STATE DATE OF ARRIVAL ON ALL CORRESPONDENCE

Tel.: BOLTON 27261 Grams: PACK HORSE, BOLTON

PACK HORSE HOTEL, BOLTON

Dear Sir/Madam, REF..... 4th March 19 70

We shall have much pleasure in reserving for you the following accommodation:—

25 Single Room(s) .....Twin Bedded Room(s)

.....Double Room(s)

from 22nd October 1970 for 2 nights

NAME n/. n/cals Oral Surgery Club.

Assuring you of our best attention,

Where no notification of LATE ARRIVAL is received or deposit not paid, rooms not claimed by 6-30 p.m. may be re-let. The company reserves the right to claim payments in respect of rooms remaining un-let.

PLEASE PRESENT THIS RESERVATION SLIP ON ARRIVAL

MR. F. TAYLOR MONKS,
M.Sc., F.D.S. R.C.S. (ENG)., L.D.S.
BOLTON 42863.

EDDYSTONE,
671, CHORLEY NEW ROAD,
LOSTOCK,
BOLTON.

7. 3. 70.

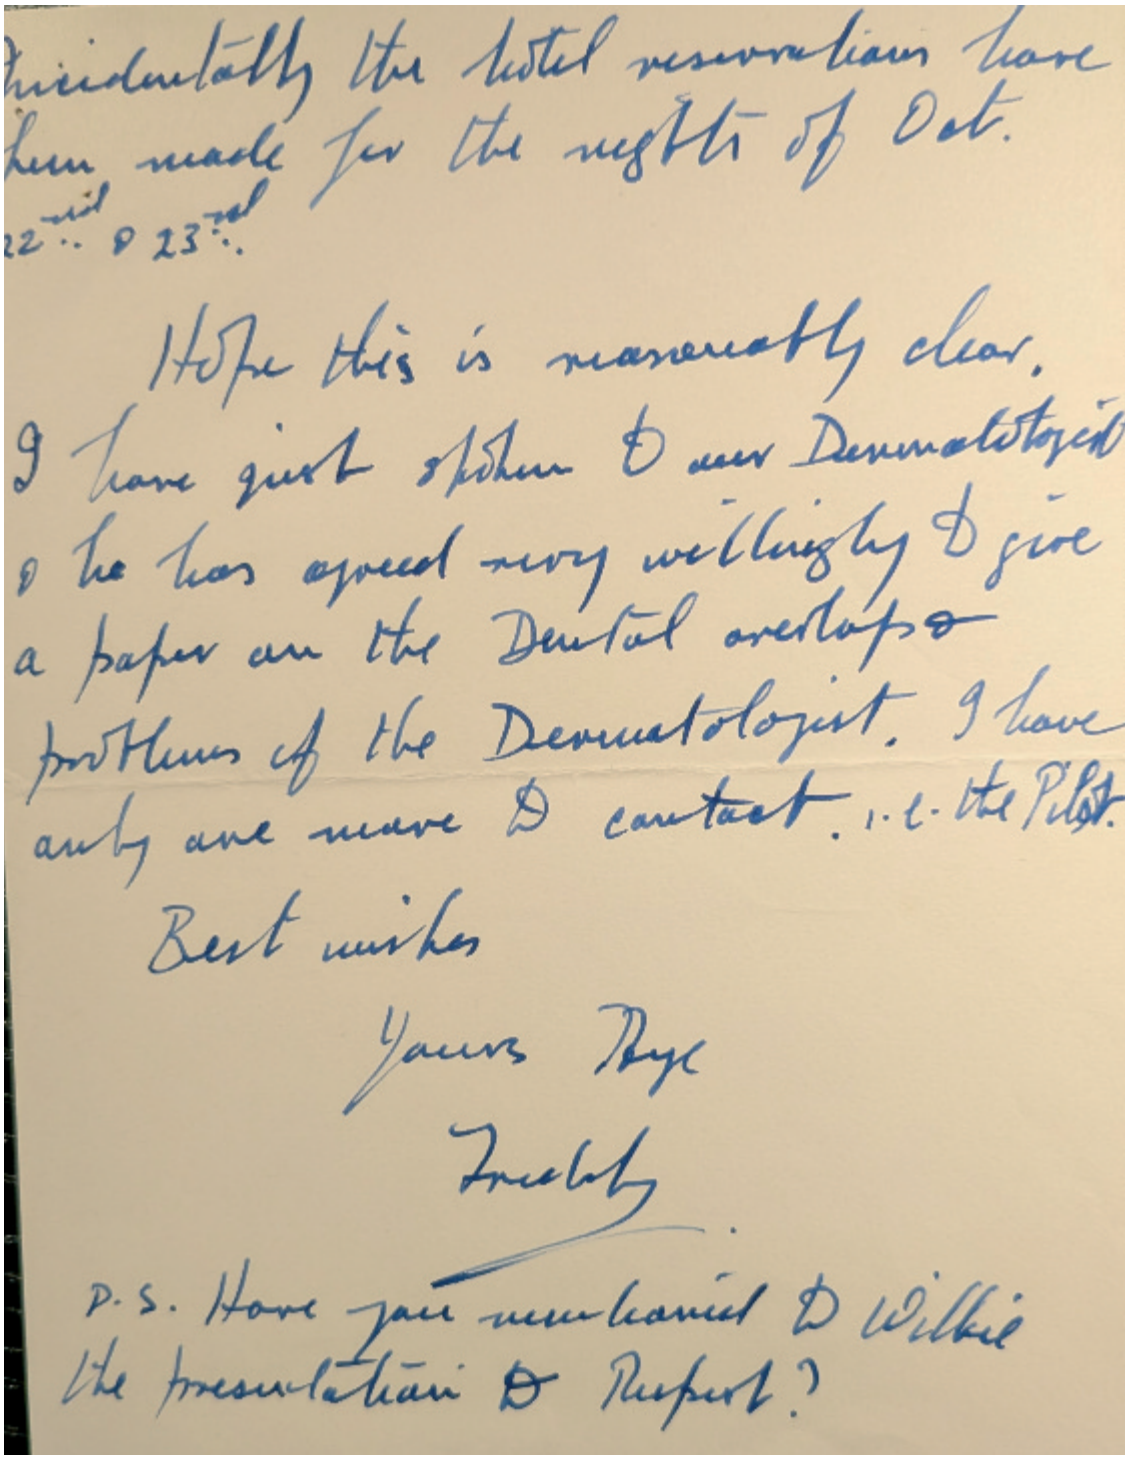
Dear Jan.

I can now confirm that I have made a confirmed provisional reservation of 25 rooms at the Pack Horse Hotel. The other hotel I use is the Swan Hotel, a Trust House which is within 3-400 yards of the (~~Swan~~) Pack Horse.

Also enclosed is a letter for the records. I have thanked the H.M.C. for their kind invitation.

There is, of course, no charge for the

use of the Institute.
The Can. Paediatrician has agreed to give
a paper on the Dental Problems of the
Paediatrician.
Donald Tunnim - the Can. Orthodontist
will give a paper on Rapid expansion of
the Maxilla & also put out a
demonstration. The ex Chief-
Pathologist will put on a horror
show. John Bradley is also giving
a paper.
I intend to ask our Dermatologist
to contribute, but he has been ill &
I also have to ask the Test Pilot,
whose wife died in the 'flu epidemic.
We've just had a very heavy second-fall
6" on top of what was already lying.



Incidentally the hotel reservations have been made for the nights of Oct. 22nd & 23rd.

Hope this is reasonably clear. I have just spoken to our Dermatologist & he has agreed very willingly to give a paper on the Dental overlaps & problems of the Dermatologist. I have only one more to contact. i.e. the Pilot.

Best wishes

Yours Bye

Frederick

P.S. Have you mentioned to Wilkie the presentation to Rupert?

BOLTON.

Dear Mr.Taylor Monks,

I refer to your letter of the 16th February, 1970 asking if the Hospital Management Committee would be willing to act as hosts to the Oral Surgery Club of Great Britain at a Sherry and Buffet lunch to be held at the Medical Institute on Friday, 23rd October, 1970.

I have spoken to the Chairman of the Hospital Management Committee who has intimated agreement to this proposal and I have advised the Hospital Secretary,Bolton Royal Infirmary to make the necessary arrangements.

May I congratulate on your appointment as President of the Oral Surgery Club of Great Britain and hope that you have very successful meetings on the 22nd and 23rd October.

Yours sincerely,

GROUP SECRETARY

MR. F. TAYLOR MONKS,

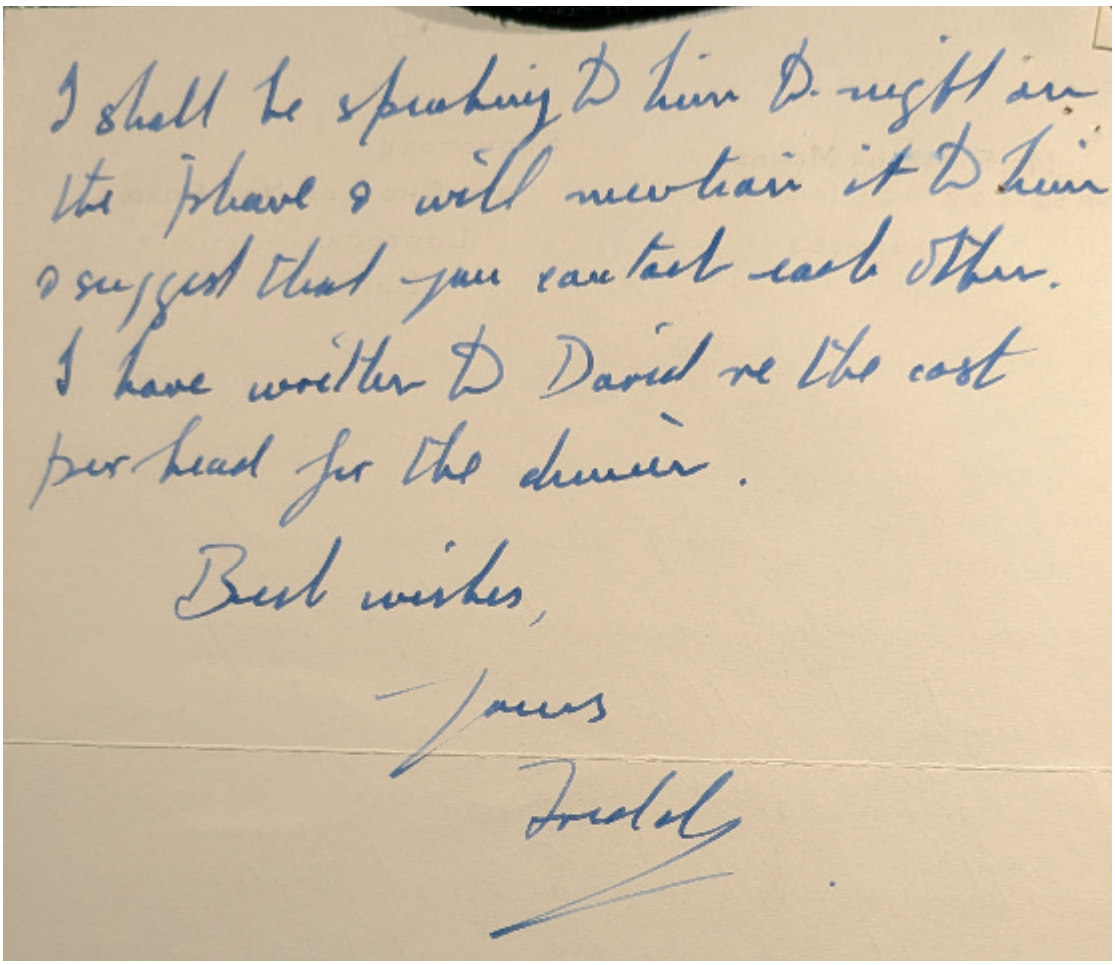
15.2.70.

Dear Jan.

Many thanks for Friday last. On mature consideration, Lucy doesn't think it will be wise to go to Munster for such a short stay. Firstly there is rather a lot on at that time & secondly she had a bad time in Lyons & Paris. Anyway, I am sorry.

Re your car load to Harlow. I was taking them, but now that we are not going them would be only too pleased. I am certain, of a seat in a car.



I shall be speaking to him tonight on the phone & will mention it to him & suggest that you contact each other. I have written to David re the cost per head for the dinner.

Best wishes,

Yours

David

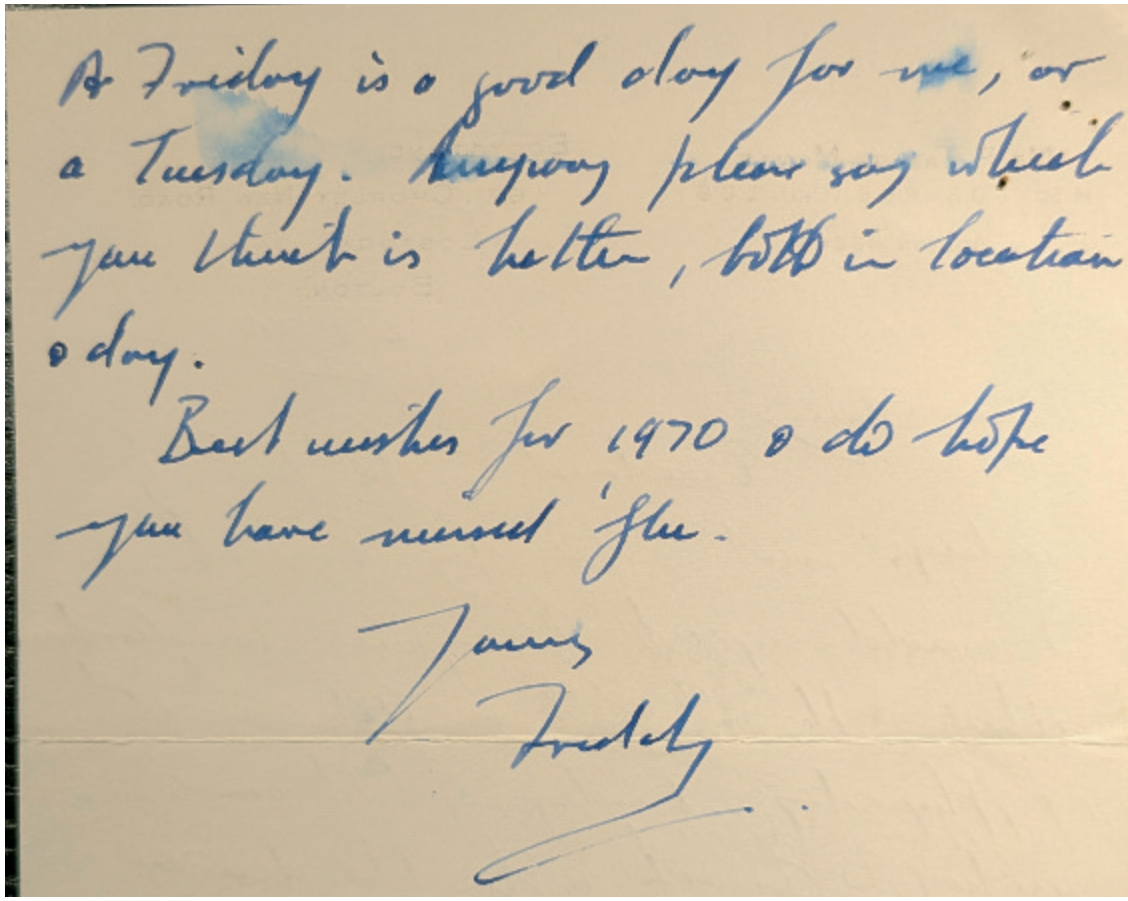
Dear Ian -

Enclosed is the list of meetings sent to me by Peacock. I would suggest for your consideration either Sept. 24th - 25th or Oct. 22nd - 23rd, i.e. Thursday & Friday in both cases, the meeting to finish after the dinner on the Friday night.

I think it would be a good plan if we met either in Bolton or London to discuss the format of things. There is a train arriving in London at 12-44 pm. & we could meet at the college.



A Friday is a good day for me, or a Tuesday. Anyway please say which your church is better, both in location & day.

Best wishes for 1970 & do hope you have missed 'flu.

Dear Jan.

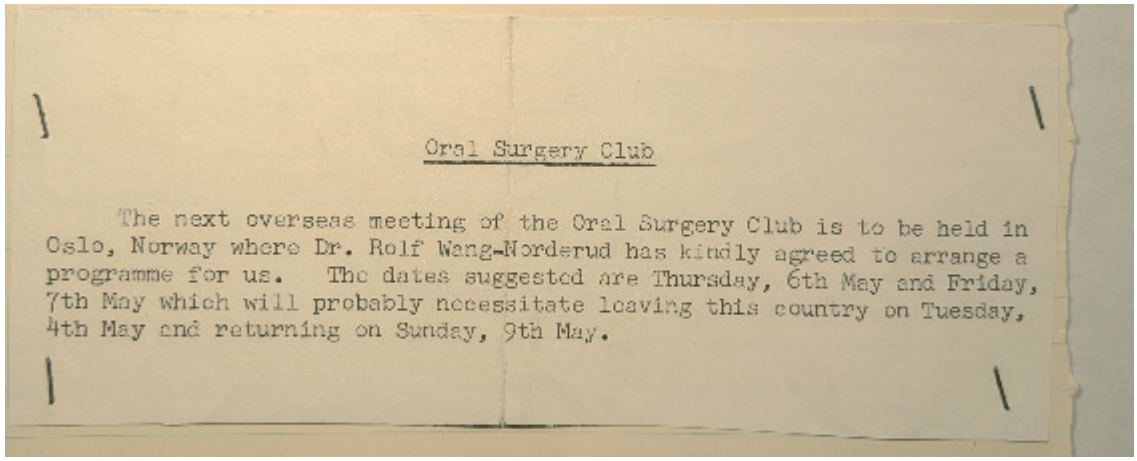
Very many thanks for your letter. I have written to Jack P. requesting existing fixtures, but would suggest either late September or early Oct. 1970.

I'll write you again as soon as I hear from the B.D.A.

Best wishes,

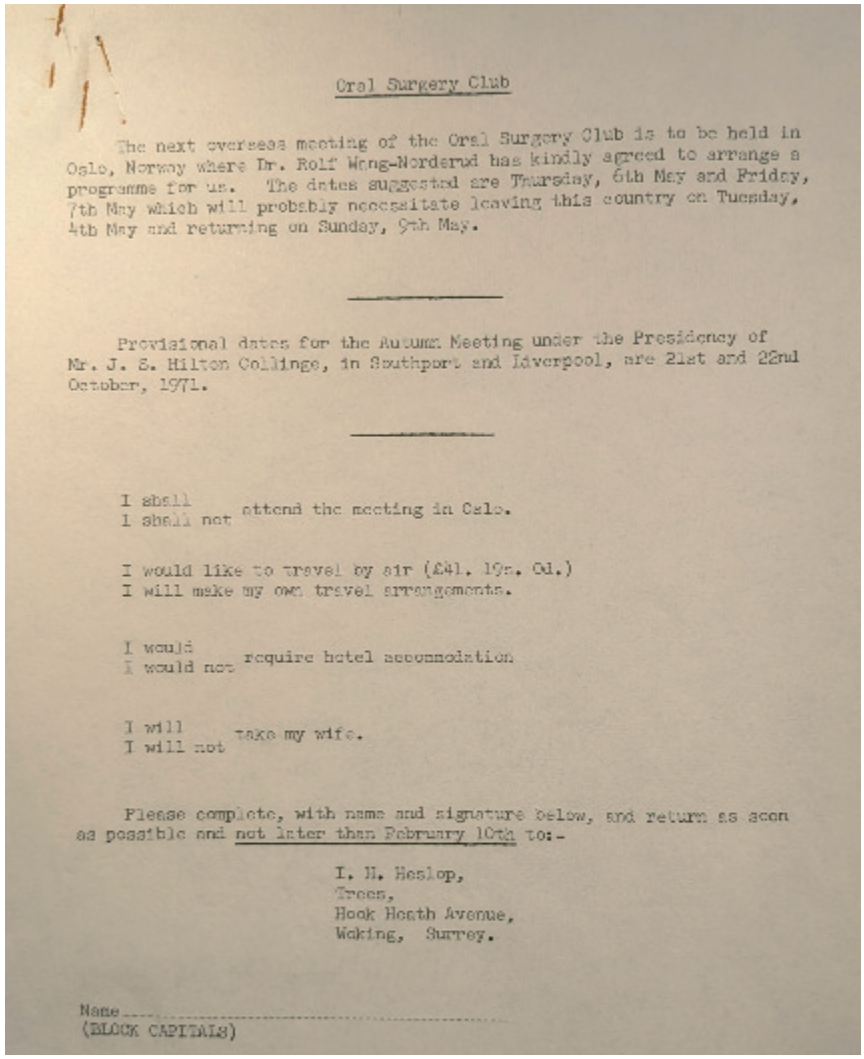
James Tredaby.

1971 Oslo - May



Oral Surgery Club

The next overseas meeting of the Oral Surgery Club is to be held in Oslo, Norway where Dr. Rolf Wang-Norderud has kindly agreed to arrange a programme for us. The dates suggested are Thursday, 6th May and Friday, 7th May which will probably necessitate leaving this country on Tuesday, 4th May and returning on Sunday, 9th May.



Oral Surgery Club

The next overseas meeting of the Oral Surgery Club is to be held in Oslo, Norway where Dr. Rolf Wang-Norderud has kindly agreed to arrange a programme for us. The dates suggested are Thursday, 6th May and Friday, 7th May which will probably necessitate leaving this country on Tuesday, 4th May and returning on Sunday, 9th May.

Provisional dates for the Autumn Meeting under the Presidency of Mr. J. S. Hilton Collinge, in Southport and Liverpool, are 21st and 22nd October, 1971.

I shall / I shall not attend the meeting in Oslo.

I would like to travel by air (£41. 19s. 0d.)
I will make my own travel arrangements.

I would / I would not require hotel accommodation

I will / I will not take my wife.

Please complete, with name and signature below, and return as soon as possible and not later than February 10th to:-

I. M. Heslop,
Treen,
Hook Heath Avenue,
Woking, Surrey.

Name .....
(BLOCK CAPITALS)

May 6 th 1971.

The meeting starts at 9 A.M. at the Department of oral Surgery and Oral Medicine, University Faculty, Geitmyrsveien 71.
Dr. R.Wang-Norderud. Opening of the meeting.
Professor E. Aas. Oral surgery in Norway.
Dr. Ludvig Haugen. Parotid tumors, clinical and histological aspect.
Dr. Jörgen Johansen. Lipomatosis of the parotid gland.
Dr. Ole Gilhuus-Moe. Experimental condylar fractures. Some autoradiographic observations.

Professor E.Aas. Genioplasty.
Visit to the Department of Oral Surgery and Oral Medicine.
Lunch. 12 A.M.
Visit to the Institute of Dental Research and the Institute of Microbiology of the Dental Faculty.
6.30. P.M. Dinner at Frognerseteren.

May 7 th 1971.

9 A.M. at the Department of Oral Surgery and Oral Medicine of the School of Dentistry.

Dr. R.Wang-Norderud. Mandibular protrusion. Oblique osteotomy of the ascending ramus.
Dr. O.Rake. Mandibular protrusion. Operation on corpus mandibulae.
Dr. R.Wang-Norderud. Mandibular protrusion.
Dr. I. Tangen. Ameloblastoma.
Dr. O. Rake. Aspects of facial trauma.
Lunch. 12 A.M.
Dr. R. Wang-Norderud. Trigeminal neuralgia.
Dr. O. Rake. An unusual case of a fractured canula.
Visit to Ullevål Hospital Department 12.
7.30 P.M. Dinner at Continental Hotel, 1 st floor.

Dear Jan.

Very many thanks for your letter. I will certainly tell Alan & Stanley. The maps will be very useful. We also are flying to Oslo from Heathrow, & I'm sure it will be the same flight, because we arrive in Oslo at 1-20 pm.

Many thanks, see you soon

Yours

Frederick.

IHH/JM 28th April, 1971.

Dr. R. Wang-Norderud,
Oslo Kommune,
Ulleval Sykehus,
OSLO, Norway.

Dear Dr. Norderud,

Thank you for your letter of 27th April. We have made reservations for eight members of the party - Mr. Monks, our President, and his wife, Mr. and Mrs. Collinge, Mr. and Mrs. Moule, and Mr. Downton and Mr. Hovell - at the Stefan Hotellet and the rest of us are staying at the Nobel Hotel, which is in Karl Johansagt. I understand that the two hotels are reasonably near each other.

We are due to arrive at Oslo Airport on Wednesday, 5th May, at 1.20 p.m.

It is our usual custom on our visits overseas to entertain our hosts on one of the evenings. I see that you have planned to take us to dinner on both Thursday and Friday evenings, but perhaps we can arrange to entertain you instead on one of the evenings. We can discuss this when we meet.

With kind regards and many thanks for your kindness in arranging this visit for us,

Yours sincerely,

Ian H. Heslop

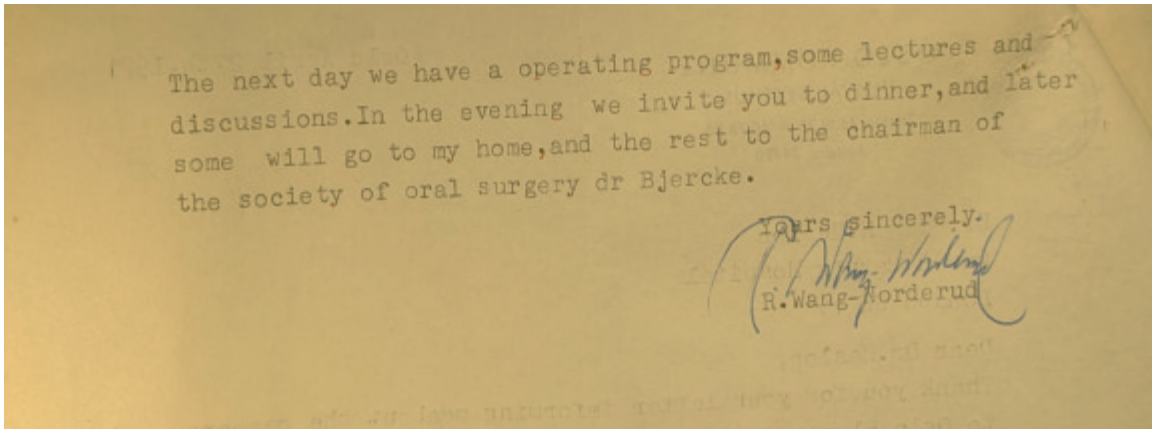
Dr. Ian H.Heslop
Queen Mary's Hospital
London SW 15

Dear Dr.Heslop,
Thank you for your letter informing me about the members coming to Oslo.Please inform me about the reservations you have got in Oslo.We will start at 9 o'clock on May the 6th in the School of Dentistry where we meet in the department of oral surgery. The adress is Geitmyrsveien 71.Some of us hope to meet at your hotels at 8.45 in the morning,and drive you to the school. We hope you have the reservations in one or a few hotels. Later in the day we will visit the research institut,and we invite you to dinner at 18.30 and will later have a drink together ot the home of professor Aas.



The next day we have a operating program,some lectures and discussions.In the evening we invite you to dinner,and later some will go to my home,and the rest to the chairman of the society of oral surgery dr Bjercke.

Yours sincerely.

R.Wang-Norderud

8th April, 1971.

IHH/JM

Dr. R. Wang-Norderud,
Oslo Kommune,

OSLO, Norway.

Dear Dr. Norderud,

Thank you very much for your letter of 2nd April and for the list of hotels. I will make the necessary reservations for accommodation through my travel agent.

I thought that you might like to know that the following members have said that they will be coming to Oslo:-

1. Prof. R. Becker from Munster.
2. J. S. Collinge and his wife from Southport, Lancs.
3. D. Downton, Consultant Dental Surgeon, Royal Free Hospital, London, with his wife.
4. Myself.
5. P. James, Consultant Dental Surgeon, The London Hospital.
6. F. T. Monks, Consultant Dental Surgeon, Bolton, Bury and Burnley Hospitals, Lancs, and his wife.
7. A. W. Moule, Consultant Dental Surgeon, Withington Hospital, Manchester, and his wife.
8. R. O'Neil, Reader in Oral Surgery, University College Hospital.
9. E. J. R. Morgan, Consultant Dental Surgeon, Swansea, S. Wales.
10. J. H. Hovell, Consultant Dental Surgeon, St. Thomas' Hospital and the Royal Dental Hospital.

We plan to travel out on Wednesday, 5th May, and will return home on Saturday, 8th May. I understand that there is only one flight each way each day, but have not yet obtained the flight times.

We look forward to seeing you in May.

Yours sincerely,

Ian H. Hanlon

11.25 – 13.20

Dear Sir,

Oral Surgery Club.

I should be grateful if you would make provisional bookings for me for 15 persons on Flights BE 782 - London to Oslo on May 5th, and BE 783 - Oslo to London on May 8th.

I will get in touch with you again as soon as I have the names of those who will be travelling.

Yours faithfully,

14.05 - 15.55

12th March, 1971.

IHH/JM

Dr. R. Wang-Norderud,
Oslo Kommune,
Ulleval Sykehus,
Avd. XII.
OSLO, Norway.

Dear Dr. Norderud,

Thank you very much for your letter of 9th March. I appreciate that you want to know how many of our members will be coming, but as the postal strike has only just finished, I have only been able to send out the circulars to the Members this week. These were printed in January at the beginning of the postal strike.

As soon as I know who is intending to come to Oslo, I will send you details of their names and qualifications but normally at our Overseas Meeting about ten/fifteen people attend and usually three/five bring their wives. This will give you an approximate idea of numbers.

We would very much like to see your clinics and discuss methods of treatment of jaw conditions and the results of these methods, and if possible we would also like to see your Institute of Research in Oslo, as well as some of the places of interest which you have mentioned in your letter.

Yours sincerely,

Ian H. Heslop
Consultant Oral Surgeon.

Dr. Ian H. Heslop,
Queen Mary's Hospital,
Roehampton,
London, S.W. 15,
England.

Dear dr. Heslop.

It has been impossible for me to write you before due to a slight disorder of the post delivery in your country.

In your last letter of December the 31.th, you accepted the 6.th and 7.th of May for your visit to Oslo. My department at Ullevål Hospital, and the department of oral surgery of the school of dentistry, will cooperate on the program.

I badly need some information from you.

Our plan is to show you our clinics and to inform you of our experiences in some fields of oral surgery. We want you to cooperate and eventually discuss the methods and results. We have a very fine material of mandibular protrusions, and intend to operate a few cases to demonstrate our technique.

We have a fine institute of research in Oslo, where most of our dentists get their post graduate training. If you are interested, we will try to arrange a visit to this institute.

We have a few places in Oslo which I will recommend for sightseeing. The Munch Museum, The Vigeland Sculpture Park, The Viking ships, The Kontiki fleet and the Fram ship, used in several artic expeditions.

We could start at the clinics in the morning, and after lunch, we could arrange visits to some of the places I recommended you if you like. In the evenings, we will try to invite you to private homes of Norwegian colleagues. Please write me as soon as possible and inform me.

1. How many of your members will visit Oslo, and their names ?
2. How many of you have both medical and dental degrees ?
3. How many, if any, are accompanied by their wives ?

Kind regards,
Yours sincerely

Oslo 9/3-71.

Rolf Nordenram

IHH/JM 31st December, 1970.

Dr. Rolf Wang-Norderud,
Chief Oral Surgeon,
Ulleval Hospital,
Department XII,
OSLO, Norway.

Dear Dr. Norderud,

Thank you very much for your kind letter of 21st December, from which I am delighted to learn that you are willing to arrange a visit for the Oral Surgery Club, to your hospital. I think that the 6th and 7th May would be very suitable and we will arrange to arrive in Oslo on Wednesday, 5th, and will leave on Saturday, the 8th.

Although our active membership is thirty-six, we normally find that the numbers attending an overseas meeting are between ten and fifteen. Occasionally, two or three members bring their wives but I cannot tell you at this stage whether any wives will be accompanying their husbands.

Kind regards and all good wishes for 1971,

Yours sincerely,

Ian H. Heslop

Dr. Ian H. Heslop,
Queen Mary's Hospital,
Roehampton,
London SW15,
Great Britain.

Dear dr. Heslop.

I have got your letter of december the 6 th, asking me if it would be possible for members of the Oral Surgery Club of Great Britain to visit Ullevål hospital in the spring next year.

I am very hounered indeed by your intension to visit my department and my country, and if you decide to have your meeting in Oslo in 1971, we will do our best to make your visit a pleasent one.

Early May is very beautiful in Oslo, and I would suggest the 6 th and 7 th for the course. Our department in the hospital is a small one. We have 21 beds. We have en new dental school in Oslo, and if you decide to come, I will cooperate with the surgical department of the faculty on the program for the course.

Will you please inform me as soon as possible about your plans. It is important for me as soon as possible to learn how many colleauges you believe will participate in the meeting. Please give my best regards to professor Howel.

Ullevål hospital, department XII 21/12-70.

Yours sincerely

Rolf Wang-Norderud
Chief oral surgeon.

Dear Jan.

Very many thanks for your letter. I think that either 29/30 April or 6/7 May would be excellent, & I hope you can arrange it. I do hope they can speak English!

With very best wishes & many thanks & very sorry for the delay in replying but I've been up to the eyes in exams. etc,

Yours ever

Frederick.

IHH/JM 2nd December, 1970.

Dr. Rolf Wang Norderud, M.D.,
Ullevaal Hospital,
Dept. 12,
Oslo 3.
NORWAY.

Dear Dr. Norderud,

I have been given your name by Professor Geoffrey Howe and I wonder whether it would be possible for the members of the Oral Surgery Club of Great Britain to visit your hospital in the early part of next year. The Club holds an Overseas Meeting each year, during which we endeavour to visit a Centre such as yours, in order to see your work and your hospital, and if possible a little of the surrounding country at the same time. We usually travel on a Wednesday in order to make our visit on the Thursday and Friday, and return home on the Saturday.

If it is possible for you to have us, we would like to come either at the end of April i.e. 29th and 30th, or in early May, 6th and 7th. If neither of these dates are convenient, perhaps you could give me some idea of when it would be possible for us to come. We have to endeavour to keep our meeting separated by a week or so from the Meeting of the British Association of Oral Surgeons on the 25th - 27th March, and the Meeting of the International Association of Oral Surgeons in Amsterdam on 17th - 22nd May.

Yours sincerely,

Ian H. Heslop
Honorary Secretary, Oral Surgery Club.

Det Odontologiske Fakultet,
Geitmyrsveien 71
OSLO 4
NORWAY.

Dear Prof. Aas,

On behalf of the President and Members of the Oral Surgery Club who were fortunate enough to visit Oslo, I would like to thank you and your colleagues very much indeed for the great efforts which you made to provide such an excellent meeting for us. We were all very interested in the various papers which were presented to us and were most impressed with your hospitals, and particularly the research block which made us all very envious.

We would like to thank you too for entertaining us in your home on the Thursday evening. All the members commented on your beautiful Norwegian homes and in particular, on the delightful view which you have from your house. I hope that if you or any of your staff come to England, we may have an opportunity of returning your hospitality.

Kind regards,

Yours sincerely,

Ian H. Heslop.

Dear Dr. Norderud,

On behalf of the members of the Oral Surgery Club, I would like to thank you and your colleagues very much indeed for the great efforts which you made on our behalf to put on such an excellent meeting for us in Oslo. We were most impressed with your clinical and research work and were delighted to have such a variety of papers and demonstrations as well as the opportunity to see your beautiful hospitals and clinics. We were all also very pleased to have the opportunity of seeing the Viking Ships and the Fram and Kontiki exhibitions and the Vigeland sculptures, as well as having the pleasure of visiting your home and meeting your wife and visiting Prof. Aas' home.

I hope that if you are ever in England, some of us may have an opportunity of returning your hospitality.

Kind regards,

Yours sincerely,

Ian H. Heslop
