The Archives

of the

Oral Surgery Club Of Great Britain

Volume 1
1936 to 1964

Introduction

The Oral Surgery Club of Great Britain was the brainchild of Rupert Sutton Taylor who thought a professional club should be formed of dental surgeons who practiced mostly Oral Surgery. This was formed before the British Association of Oral Surgeons which later became the British Association of Oral and Maxillofacial Surgeons.

The clubs first meeting was in 1937 and from its inception an honorary archivist was appointed to keep, mostly papers, and records of the meeting which have been held usually twice a year with mostly one in the UK in the home town of the President who rotated yearly and one overseas.

The club still meets twice a year and since 1935 six large cardboard boxes of documents have accumulated. This is the first volume of scanned documents which have been formatted in the style of a crown-quarto size book and made available digitally in a Portable Document Format file.

The document is organised with the archive of each meeting in a separate chapter in order of date.

It is anticipated that a printed copy will be made available from the library of the British Dental Association.

For a concise history of the club see: A History of the Oral Surgery Club of Great Britain by John Bradley.

Dear

It has appeared to me that it would be a good thing for th art of Oral Surgery if there was some sort of Society devoted to this subject.

The type of Society I have in mind is one similar to the Surgical Clubs that exist amongst our Medical colleagues.

This Society might meet say once a year at some centre to b decided, and pay visits to hospitals for the purpose of seeing different people work.

They could discuss various aspects of their craft, and perhaps have a dinner.

The Annual Subscription need not be great, just sifficient to cover running expenses, which for a Society of this nature would be small.

It is in my mind that a Society of this nature would be useful to all its members and would help tôvadvance our craft. I would like to know what you think about this subject, and if you would be prepared to join a Club of this nature supposing one was formed.

Yours sincerely, RST

To.

Dear Taylor,

I think your suggestion a very good one and I think I would be prepared to join such a club, if formed.

It would, at any rate, give one an excuse for a good dinner.

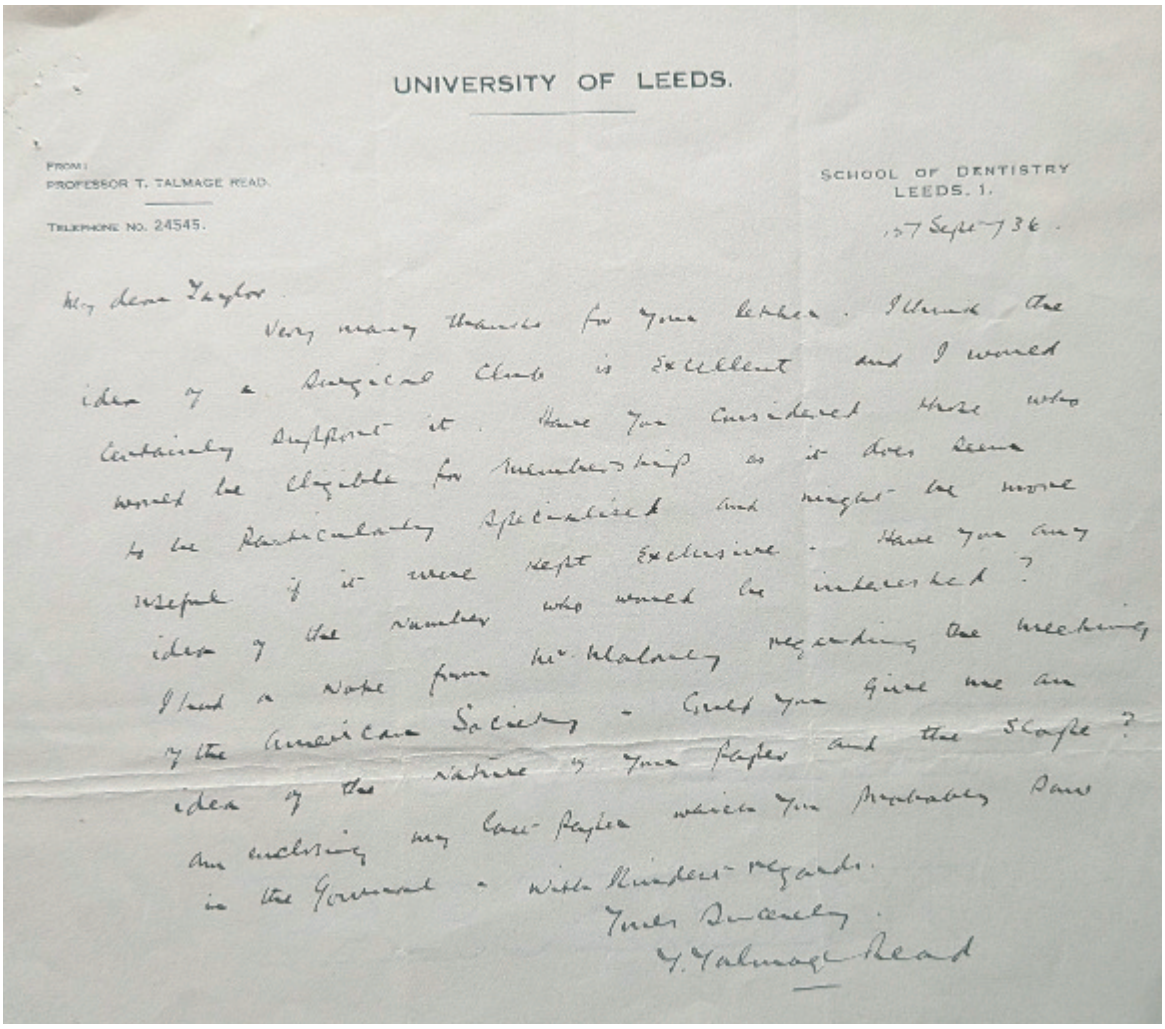

With kind regards,

Yours sincerely,

F C Wilkinson

My dear Taylor.

Very many thanks for your letter. I think the idea of a Surgical Club is excellent and I would certainly support it. Have you considered those who would be eligible for membership as it does seem to be particularly specialised and might be more useful if it were kept exclusive. Have you any idea of the number who would be interested?

I send a Note from Mr. Blakeley regarding the meeting of the American Society - Could you give me an idea of the nature of your Paper and the Scope? Am enclosing my Case Papers which you probably saw in the Journal - With Kindest regards.

Yours Sincerely.
T. Talmage Read

FROM Mr T. HALL FELTON.

Dear Mr. Taylor,

I was very glad to have your letter today on the subject of a proposed Society or Club for those interested in the art of Oral Surgery.

I feel that there is a need for such a Society in this country and I should be very glad to give to one every support within my power. If the idea is proceeded with, please do not hesitate to call upon me in any matter, however great or small, in which I can be of service in the inauguration of the Society.

There is, I think, one important point concerning membership of the proposed Society and that is that membership should be restricted to those who practise Oral Surgery to some extent and who are also willing to support the Society actively. In many Societies there are so many members who are willing to take whatever the Society offers but think that their obligation to put anything into it is completely discharged by the payment of a subscription. I suggest, therefore, that it should be a condition of membership that each member should be obliged to contribute annually a written article of minimum length dealing with some aspect of the art of Oral Surgery: the papers (or even a selection of them) might be printed and issued to members. Any member failing to contribute would automatically cease to be a member.

I trust you will keep me informed of progress and will let me know if there is anything I can do.

Yours sincerely,

T. Hall Felton.

Dear Taylor

I think your suggestion a very excellent one & I shall be only too pleased to co-operate in every way.

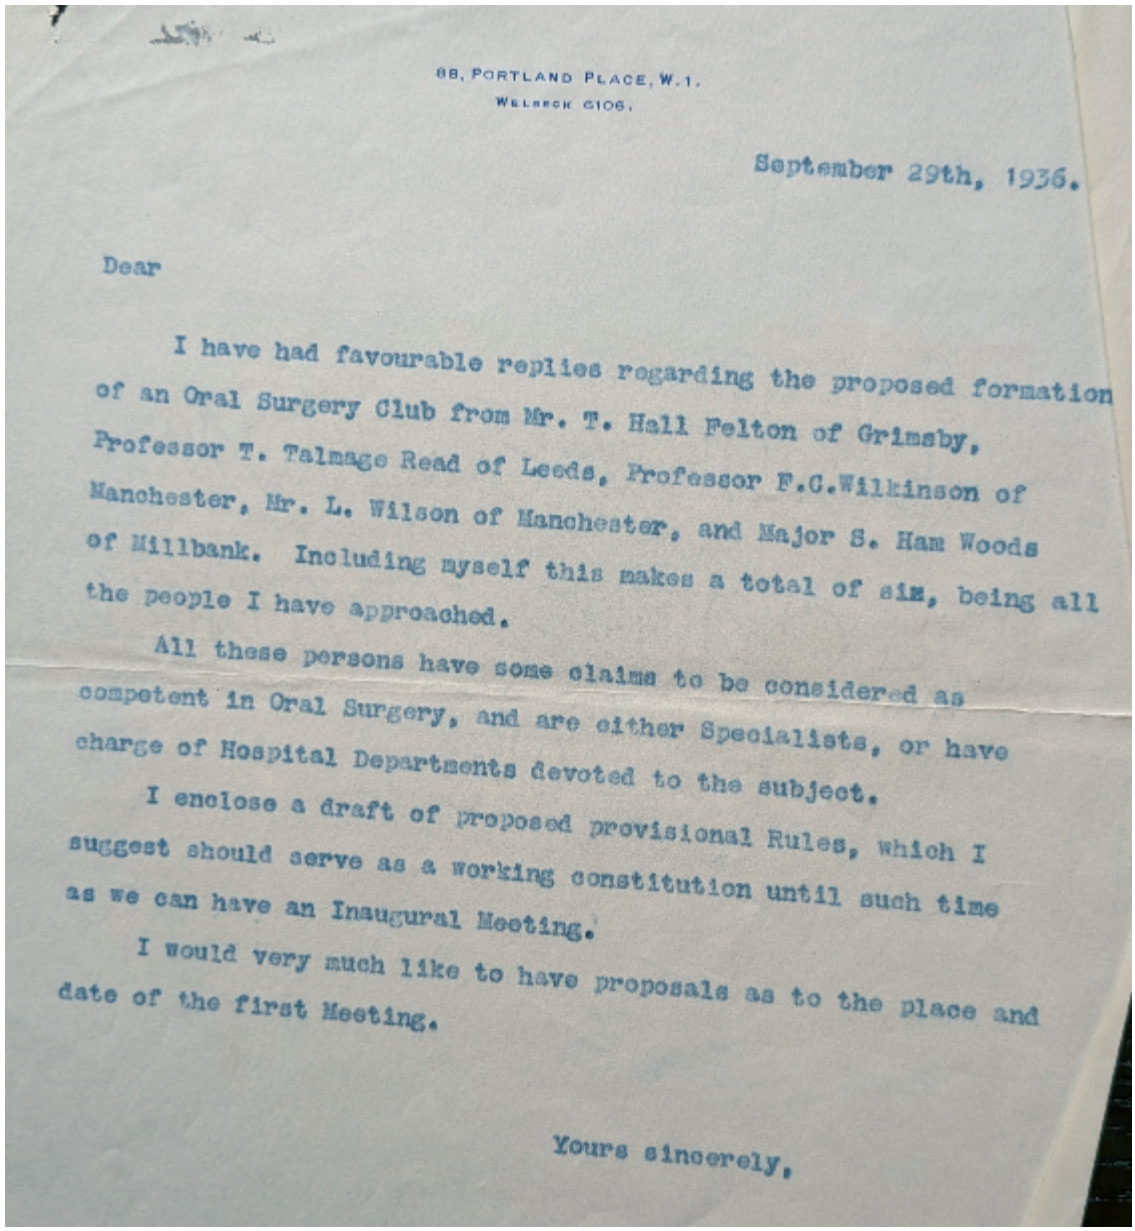

As I see it there is far too little known about our own particular line & one finds it hard to make headway owing to prejudice etc. And anything that helps to advance our knowledge & profession has my whole hearted support.

Forgive this scrawl but my sec. is on holiday & I'm a poor letter writer

All the best.

Yours sincerely

D. L. Wilson

September 29th, 1936.

Dear

I have had favourable replies regarding the proposed formation of an Oral Surgery Club from Mr. T. Hall Felton of Grimsby, Professor T. Talmage Read of Leeds, Professor F.C.Wilkinson of Manchester, Mr. L. Wilson of Manchester, and Major S. Ham Woods of Millbank. Including myself this makes a total of six, being all the people I have approached.

All these persons have some claims to be considered as competent in Oral Surgery, and are either Specialists, or have charge of Hospital Departments devoted to the subject.

I enclose a draft of proposed provisional Rules, which I suggest should serve as a working constitution until such time as we can have an Inaugural Meeting.

I would very much like to have proposals as to the place and date of the first Meeting.

Yours sincerely,

My dear Taylor.

Please excuse delay in answering your letter and enclosure regarding the Oral Surgery Class - I have been laid up recently with Phlebitis in my Right leg (Suspected Thrombosis) and am still not quite right although I have a lot to do at present - and have to get me to my feet. I think the dates suggested are quite good but I find it difficult immediately to suggest a suitable date for the discussion and any other business - I should think a Tuesday would be a very suitable day for a meeting - the week-ends are probably less inconvenient with regard to other matters than other times - However I should let you know any other suggested times after I have time for considering the matter. Excuse this scrappy note -

Kindest regards.

Yours,

T. Talmage-Read

My dear Taylor

I feel much flattered at being asked to join the very distinguished company of the Oral Surgery Club.

I am very diffident as to my qualifications & experience in this particular branch, but it would be a splendid opportunity for me to sit at the feet of the learned and I shall gladly support the Club in every way.

I look forward to the first meeting, & meanwhile wish for all success.

Yours very sincerely

1937 The First Committee Meeting

88, PORTLAND PLACE, W.1.
WELBECK 6106.

February 3rd. 1937.

Dear _____

It has been suggested that a good date for the Inaugural (Hon) Meeting of the proposed Oral Surgery Club would be Saturday, March 20th, at 5.p.m. when the Club would be formally constituted and Officers elected.

The Meeting would be followed by an informal Supper.

The date suggested would allow any one desirous of attending the Joint Meeting of the Odontological Section of the Royal Society of Medicine and Birmingham Medical Institute to do so.

The Inaugural Meeting would be held at 88. Portland Place. W.1.

Yours sincerely,

Dear ~~Wilkinson~~

Will you kindly indicate below if you can attend the Inaugural Meeting.

The price of the supper depends on what each man wishes to eat and drink.

I can / cannot attend the meeting at 88 Portland Place on Saturday March 20.

I wish to attend the supper at Canutos, Baker Street, at 7-30

RULES.

(1) That the Club be known as the ORAL SURGERY CLUB.

(2) That the object of the Club be to advance the Science and Art of Oral Surgery.

(3) That Membership be confined to those persons who Specialize in Oral Surgery, or hold a Hospital or Public Appointment devoted to Oral Surgery.

(4) That apart from the foundation Members all persons desirous of joining be required to produce evidence considered satisfactory by the Council that they are Specialists in Oral Surgery, or hold a Hospital or Public Appointment devoted to Oral Surgery.

(5) That the affairs of the Club be managed by a Committee consisting of the President, the Secretary, and one other Member.

(6) That the Subscription be £1 1 0. per year.

(7) That all Cheques be signed by the Secretary and countersigned by the President.

(8) That all Members of the Club submit to the Committee once a year one original Paper, on some Subject relating to Oral Surgery of not less than 1000 words, or a description of a case they have treated of not less than 500 words. Such Paper or Case history to be suitably illustrated by Drawings, X Rays, Pathological Reports Etc.

(9) That these Rules be considered as provisional and shall only remain in force until such time as a permanent constitution be ratified by a General Meeting.

Dear Taylor,

I think the rules submitted by you for the proposed club are adequate, at any rate for the time being.

As regards the meeting, I presume it will have to be in London and I take it that we can borrow a suitable room from the British Dental Association or some other body of similar character.

On the whole I think that Friday evening or Saturday morning are most convenient times for me to get away.

Yours sincerely,

F. C. Wilkinson

February 8th, 1937.

Dear Professor Wilkinson,

I think your idea of Professor Humphreys as a Member is an excellent one. I do not know Professor Humphreys personally and as I have confined myself to those people I personally know would you like to write to Professor Humphreys, or may I write mentioning your name?

Yours sincerely,

PROFESSOR FRANK C. WILKINSON

Concluding Meeting

Vote of Thanks

Sunday — Golf for those who wish.

From R.S. Taylor,
Honorary Secretary.

THE ORAL SURGERY CLUB,
No. 6, 88 Portland Place,
London, W.1.

A Clinical Meeting of the Oral Surgery Club was held at Leeds on November 26th and 27th.

Twenty-six Members and Guests were present.

The General Meeting and Dinner was held in the University Staff House on the evening of Friday, 26th November.

At the Annual Meeting the following were elected to hold office for the coming year:-

President:	Professor T. Talmage Read.
Members of Committee:	Professor F.C. Wilkinson Major S.H. Woods Mr. T. Hall Felton Mr. A.E. Rowlett Mr. Harold Round
Honorary Secretary:	Mr. R.S. Taylor.

At the Dinner, which was held following the General Meeting the Loyal Toast was proposed by the President. Professor F.C. Wilkinson proposed the toast of the guests, and took the opportunity of thanking the Members of the Leeds Infirmary Staff and of the Leeds Dental School, and also the Authorities of the University for facilities granted to the

Club to hold its first Meeting at Leeds, and reminded the Club that it was at Leeds that the Moynihan Surgical Club had been founded and expressed the hope that the Oral Surgery Club would endeavour to live up to the great tradition thus established.

Mr. Oldfield replied on behalf of the Guests and thanked the Members for their hospitality. He said that he and his colleagues were very pleased to do all they could in the way of demonstrations to help the objects of the Oral Surgery Club and so bridge the regrettable gap that existed between the General Surgeon and General Dentistry.

The Secretary proposed the toast of the President and called the attention of the Members to the fact that if it had not been for the hard work and self sacrifice of Professor Read, the Club would never have seen the light of day. He pointed out that the Club was essentially one for general surgeons and dental surgeons who held hospital appointments or specialised in oral surgery, and who desired to advance the art and science of this subject.

The President, in his reply, thanked the Members for the honour they had done him in electing him President for the ensuing year. He had been very happy to act as provisional

President until this Meeting and was indeed pleased he should be elected as the first President of the Club. He realised that when he took office as President of the Provisional Committee, it would entail sacrifice on his part, but it was sacrifice that had its compensations, one of which was the pleasure of meeting such a congenial company. He felt that the Club would influence the art and science of oral surgery considerably. He referred to the work that had been done by the Honorary Secretary in the foundation of the Club and in organising the details of the Meeting. He reported that, unfortunately, Mr. Harold Round and Professor Stones had both been prevented from attending the Meeting and Dinner by reason of a bad cold, and felt sure that the Members would wish the Secretary to convey their regrets and to wish these two gentlemen a speedy recovery.

On Saturday morning, the Members had the opportunity of witnessing various members of the Staff of the Leeds General Infirmary and of the Leeds Dental School perform various operations in the mouth and on the associated parts. After lunch at the University Staff House, the Members attended a demonstration of clinical cases at the Dental School. These were patients that had been treated by the Staff of the Leeds

Infirmary and by Professor Read and his assistant. After tea, a series of short papers were read dealing with various aspects of oral surgery.

At the concluding Meeting a vote of thanks was passed to Professor Read, to Mr. Oldfield and to Mr. Broomhead and other Members of the Staff of the Dental School and Leeds General Infirmary for the very interesting demonstration given. The Secretary was also instructed to convey the thanks of the Meeting to the Authorities of the Institution that had so kindly granted facilities.

The Secretary was further instructed to convey the regrets of the Meeting to Mr. Broomhead that he had been prevented from giving his demonstration owing to illness, and to thank him for arranging to have such an interesting series of clinical cases shown.

(SIGNED) R.S. TAYLOR.

Hon. Secretary.

PROVISIONAL RULES.

As agreed to at the Leeds Meeting, ~~December~~ November 26th, 1937.

ORAL SURGERY CLUB.

(1) That the CLUB be known as THE ORAL SURGERY CLUB.

March 10th, 1938.

The first Foreign Meeting of the Oral Surgery Club has been provisionally fixed for Whitsun in Berlin.

It is expected that the Members will leave London on Saturday, June 4th, and return to London early on the morning of Thursday, June 9th, leaving Berlin on the afternoon of Wednesday the 8th. The cost will be approximately as follows:-

Fare, 1st on Boat & 2nd on Train. approx. £10. 0. 0

Hotel in Berlin approx. 10/- per day.

Dinner to our Berlin Hosts approx. 15/- per head.

It is proposed to limit the party to twenty Members. This is at the request of the Berlin University Authorities who wish to be sure that everybody can see the operations.

If any Members in excess of this number apply, a ballot will be held.

Will you please indicate as early as possible, but not later than March 31st, if you expect to be able to attend.

12th July, 1938.

Dear

I would be pleased to receive a cheque for £1. 1. 0., being your Annual Subscription due July 1st.

Also a cheque for being the amount owing to the Club in respect of the Annual Dinner.

I would like to remind you that you have not yet forwarded the compulsory contribution required under the Rules of the Club. This need not be a long article, a comparatively short description of a case will suffice.

Yours sincerely,

R.S. Taylor.

ORAL SURGERY CLUB.

MEETING AT LEICESTER, JANUARY 1939.

A MEETING of the ORAL SURGERY CLUB was held at Leicester on January 27th, 28th, 1939.

The Annual General Business Meeting was held on Friday, January 27th at the Grand Hotel.

The following were elected to hold office for the coming year :-

President	Mr. A. E. Rowlett.
Members of the Committee	Professor T. Talmage Read (past President) Professor F. C. Wilkinson. Major S. H. Woods. Mr. T. Hall Felton. Mr. Harold Round.
Honorary Secretary	Mr. R. S. Taylor.

Before vacating the office as President, Professor Talmage Read addressed the Members in a few well chosen words in which he expressed the pleasure it had been to him to be the first President of the Club. He expressed his regret that Mr. Rowlett was prevented from being present owing to illness, and said that he felt sure the Members would wish their regrets to be conveyed to their President-Elect.

A unaminous decision was made by the Club that Professor Talmage Read should occupy the Chair in the regrettable absence of Mr. Rowlett.

Professor Talmage Read then vacated his office as President and took the Chair as Deputy on behalf of Mr. Rowlett.

The GENERAL MEETING was followed by a DINNER at which the Loyal Toast was proposed by Professor Talmage Read, the Toast of the Guests was proposed by Professor Wilkinson and responded to by Dr. Van Ommen of Holland. The Toast of the Oral Surgery Club was proposed by Mr. Loader and responded to by Mr. Hardy.

The CLINICAL MEETING was held on Saturday, January 28th. Amongst those gentlemen showing cases were Mr. E. R. Frizelle, Mr. S. J. Downing, Dr. Forbes Lawson, Dr. A. Stewart Johnstone, Dr. Airey and Dr. Silcock. Mr. Frizelle also demonstrated an operation for Hare Lip and Cleft Palate.

Amongst the cases shown were those demonstrating the result obtained by Mr. Frizelle in his operation for Cleft Palate. Amongst the other cases shown by Members of the Staff of the Royal Infirmary of Leicester were Adamantinoma of the Mandible, Malignant Tumour of the Maxilla, Osteomylitis of the Jaw, Haemangioma of

the Tongue, Chronic Ulcer of the Palate (for diagnosis). Tumour of the Cheek (for diagnosis), Cyst of the Jaw, Necrosis of the Alveolus.

A number of cases of Fracture of both Mandible and Maxilla were shown, also some cases of Tumour of the Submaxillary Gland, Carcinoma of the Antrum, Epulis of Jaw, Carcinoma of Ethmoid, Lupus of Palate, and Leukoplakia of Mouth. All these cases proved extremely interesting and were discussed by Members and Visitors with much profit.

LUNCH was taken at the Royal Hotel. Thirty-one Members and Guests were present. After Lunch, short Papers were read at the Royal Infirmary. These included a Paper on Malignant Growths of the Superior Maxilla by Dr. Stewart Johnstone; A description of an Extensive Cystic Adamantinoma of the Mandible by Professor G. E. Roberts; A Paper on a case of Sarcome by Mr. S. Hanreck; A description of two uncommon cases of Fractures of the upper and lower jaws by Dr. Van Ommen. A description of an interesting case of extensive Dental Sepsis occurring in a National Health Insurance patient by Mr. T. Hall Felton.

Before closing the Meeting, Professor Talmage Read said he felt sure he was voicing the opinion of all present when he said that the cases shown, and the papers read, were of a very high order, and that the Club should be very

grateful to the Authorities and the Medical Staff of the Royal Infirmary for the very interesting time they had.

He then called on Mr. Reginald Payne to propose a vote of thanks to the Medical Staff and Governors of the Leicester Royal Infirmary. This Mr. Payne did in a short but eloquent speech. Professor Talmage Read then called on Mr. Bentley and Mr. Taylor to second this vote of thanks. The vote was then put to the Meeting and carried with acclamation. The Members and Visitors then retired for Tea which had been kindly provided for by the authorities of the Royal Infirmary of Leicester.

The First Post War Meeting of the Oral Surgery Club was held at Cheltenham on February 28th and March 1st, 1947.

The Members assembled on the evening of February 28th at the Thirlestaine Hall Hotel.

On Saturday, March 1st, the Members met in the Council Chamber at 9.30 a.m. Mr. T. Jackson was asked to take the Chair in the unavoidable absence due to illness of the President, Mr. A. E. Rowlett.

Brigadier R. A. Broderick opened the discussion on Maxilla Facial Injuries. Among the points raised by the opener were:-

1) The question of pin fixation and the number of cases in which this was necessary. The speaker felt this was not necessary in a large number of cases. Members were asked to say what their experiences were.

2) The difficulty in wearing dentures following bone grafts. Comments on this point were sought.

3) The treatment of comminuted fractures were raised with special reference to the retention of separated but viable fragments.

4) The application of bone grafting at a much earlier stage being rendered possible by the use of antibiotics. What were the possibilities of primary bone grafts, or were the chances of their being absorbed still too great?

5) Brigadier Broderick discussed the death rate between Field Ambulance and Casualty Clearing Station. About 3% died as the result of asphyxia.

Mr. S, Hanreck thanked Brigadier Broderick for his remarks and said he considered pin fixation had a very definite if limited place in the treatment of fractures.

Mr. Jackson stated that in his experience pin fixation was often applied when not necessary. He showed some pins used by the U.S. Forces during the War and remarked that pin fixation was most often necessary in edentulous mandibles.

Lt.Colonel Drummond asked for some information as to the comparative suitability of Stainless Steel and such metals as Tantulum, and stated that Stainless Steel seemed to be preferred by some Orthopaedic Surgeons.

Dr. Selby-Brown said that in his experience patients with small mandibular bone grafts had little difficulty in wearing dentures. In some cases the actual area of the graft would not tolerate a denture. In massive grafts patients had difficulty with dentures. Two factors had to be considered, (1) the pressure of the denture on the grafted bone; (2) the patient's power of control over his muscles. The lack of sulcus could always be corrected by an epithelial inlay.

Mr. A. Pain and Mr. R. S. Taylor both stated that in their experience the immediate death rate of Maxilla Facial Injuries in the forward area was very high, and that the majority of patients died before reaching the R.A.P. The pity was that there was no possibility of getting any figures that would give definite information on this point. The late death rate was low and reflected great credit on the arrangements for treating

The Chairman thanked all those who took part in the discussion and the meeting closed at 12 noon.

The Members met for Lunch at 12.30 at the Thirlestaine Hall Hotel.

The Business Meeting was held in the Council Chamber at 2.30 p.m. Mr. T. Jackson was asked to take the Chair.

The Minutes of the last Meeting held at Leicester on January 27th, 1939, were taken as read and signed.

The Balance of Cash was £85. 8. 1. at the Westminster Bank, 1, Cavendish Square, London, W.1

The following Officers were elected:-

President	Mr. A. E. Rowlett
President Elect for 1948	Professor F. C. Wilkinson
Committee	Professor T. Talmage Read Mr. T. Jackson Brigadier P. A. Broderick Surgeon Capt. J. Wood Mr. David Middleton
Hon. Secretary	Mr. R. S. Taylor

Applications for Membership. The following members were elected, application having been examined by the Committee in 1939:- Mr. Kelsey Fry; Mr. Ernest White; Professor Bradlaw.

Consultants' Committee. The Secretary reported that the B.D.A. has set up a Committee to deal with the question of Dental Consultants. The Secretary was instructed to watch the situation and to inform the B.D.A. "that the Club welcomes the formation of the Committee". It was decided that any help the B.D.A. should request was to be given.

Date of next Meeting. The Secretary was instructed to see if a Meeting abroad could be arranged in the late summer or early autumn.

The Club learned with pleasure that Professor Wilkinso had agreed that the Club should meet at Manchester in January, 1948.

Secretary's Secretary. A sum of £5. 5. 0. was voted to be paid to Miss Snell for her work.

The Hon. Secretary was instructed to record on the minutes of the Club the Members' appreciation and thanks fo his work in reviving the Club.

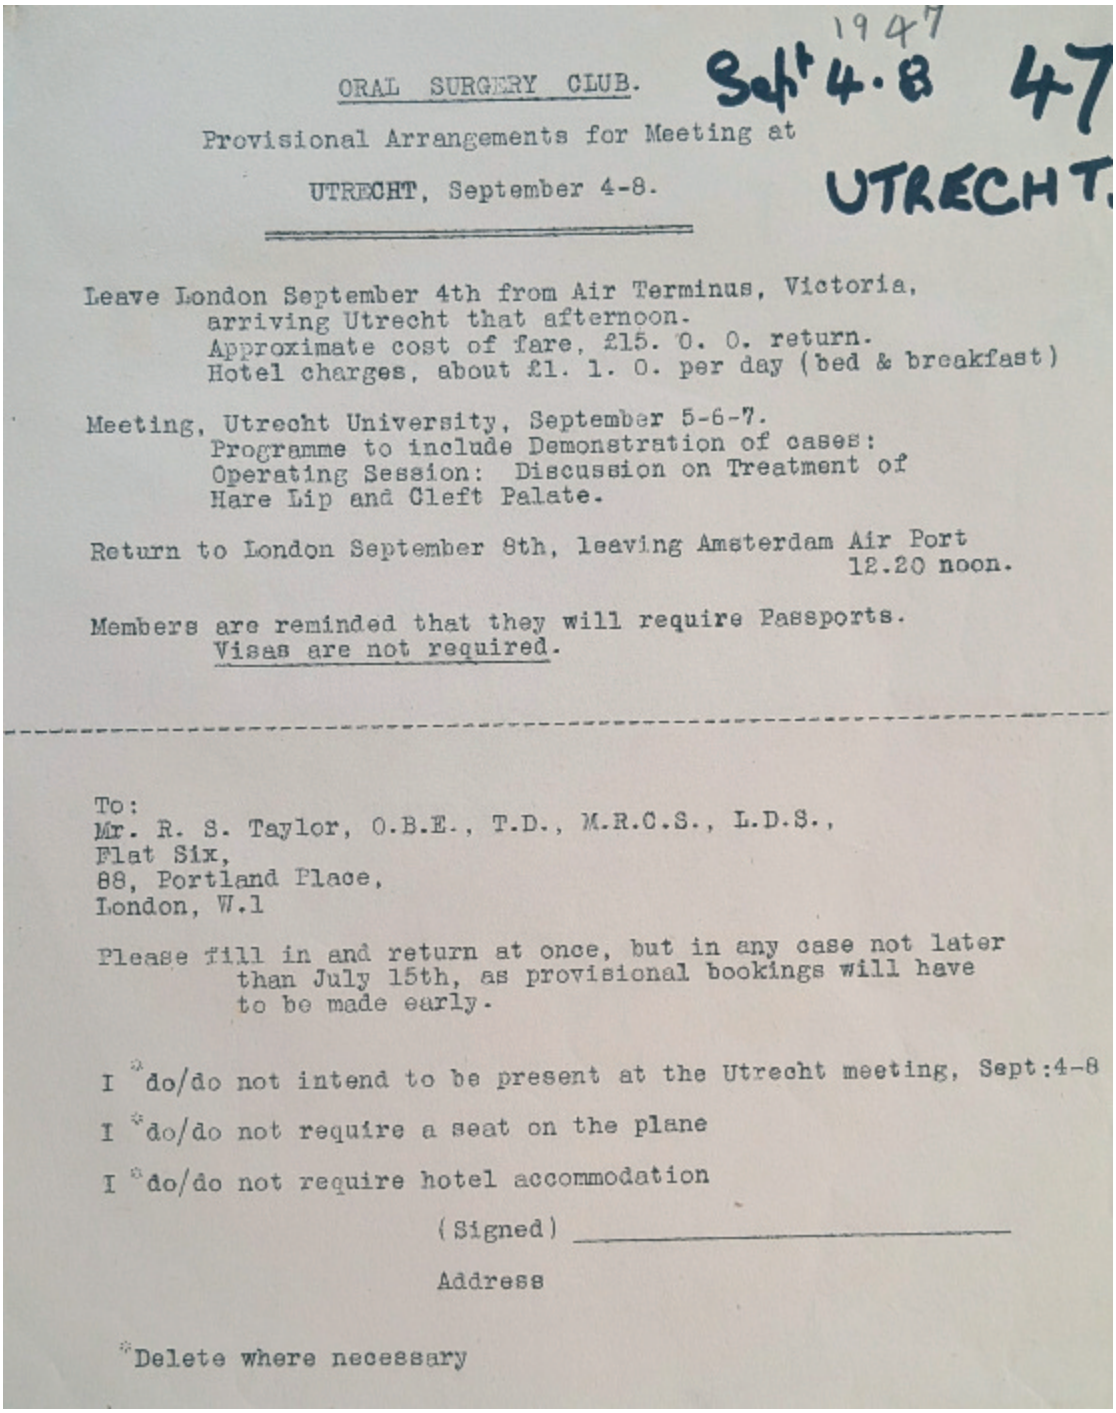

A vote of thanks to Brigadier Broderick was carried for opening the Discussion on Maxilla Facial Injuries.

The thanks of the Meeting were offered to Mr. T. Jackso for acting as Chairman.

The Meeting closed at 4 p.m.

The Members assembled at 7 p.m. at the Thirlestaine Hall Hotel for Dinner.

August 30th, 1948.

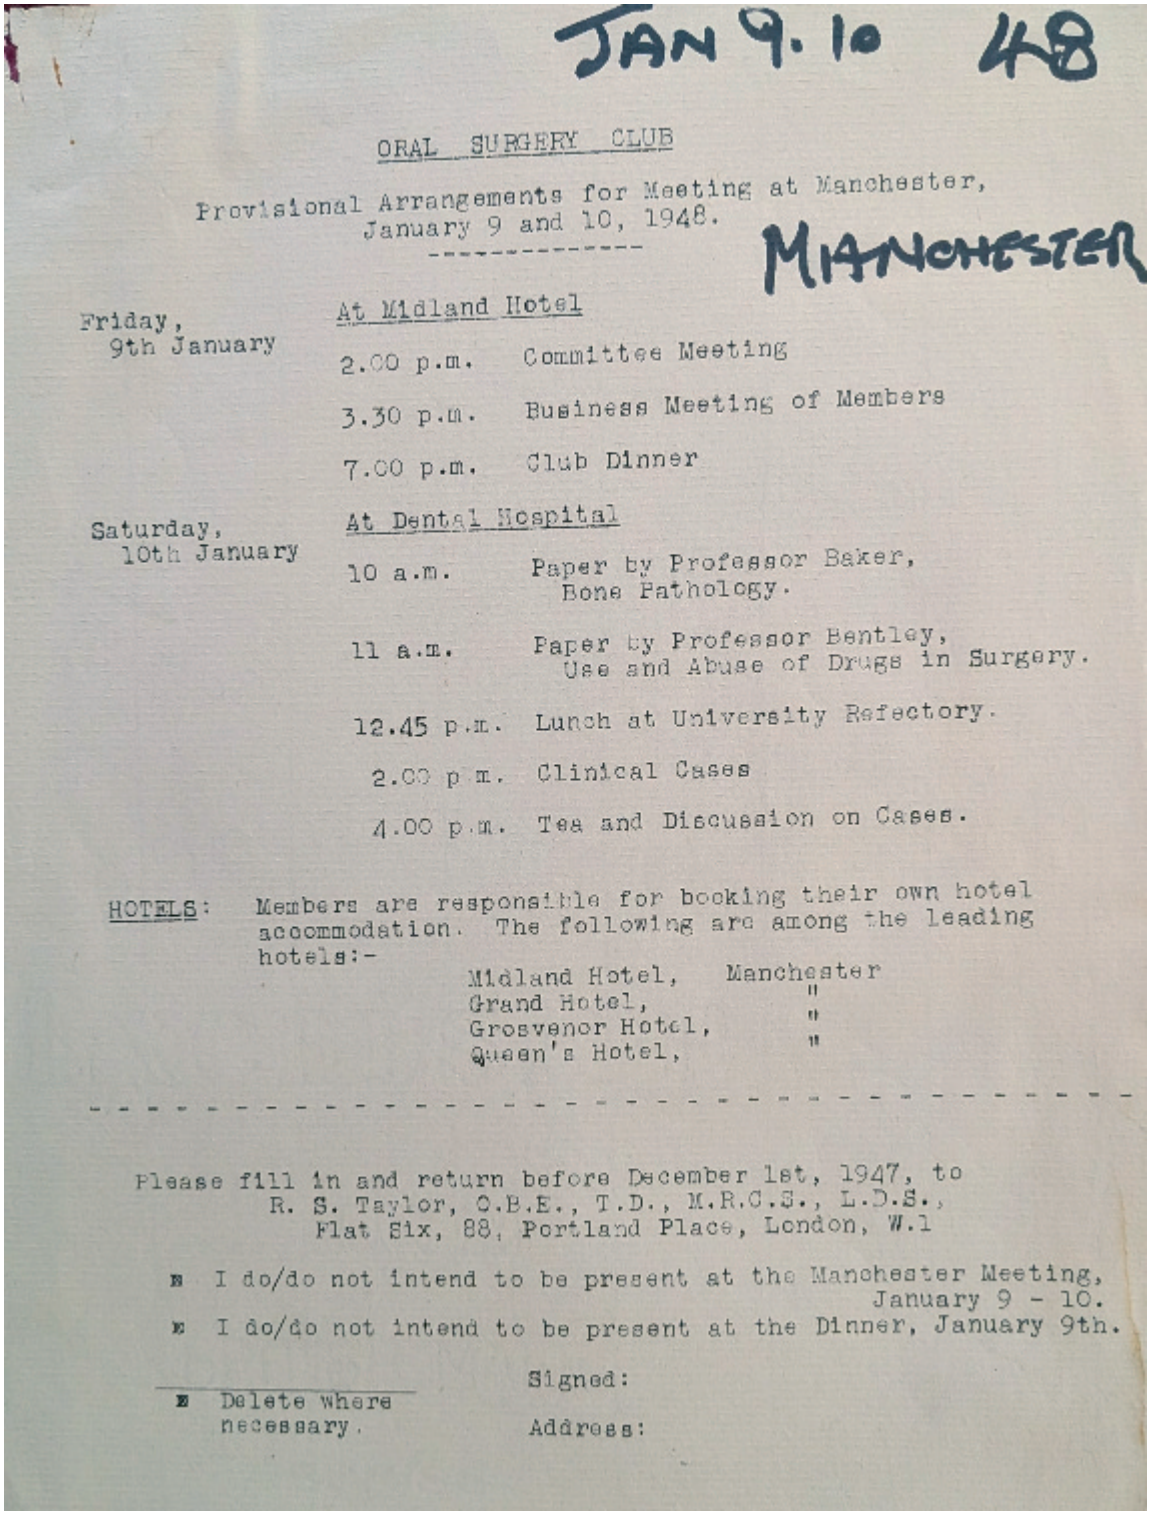

Dear Mr. Rogers,

I have had some cancellations for Hotel accommodation, I am therefore sending you some memoranda on the position as regards the Hotels so as you can advise the Hotel concerned as to the position. I have marked these memoranda as following :- Ivanhoe A. Hibernia B. Gresham C. Shelbourne D. Each memoranda is in duplicate so as you can retain one and forward one to the Hotel concerned. There are several late Members who have found their own Hotel accommodation. We accept no responsibilit for these Members quarters.

I am also enclosing a list of the Members attending your Dinner on the Saturday. This is marked E. This includes the names of those Mmmbers for whom we have not booked Hotel accommodation

You said in one of your letters that Guests would not be allowed to be invited to the Friday (Oral Surgery Club) Dinner, but later on you promised to let me have a list of these Members of your Hospital Staff who you thought should be invited. I am

33. Cyst treated by intra-nasal drainage.
34. Cyst treated by intra-nasal drainage.
35. Cyst treated by intra-nasal drainage.
36. Hypoplasia of mandible treated by bone graft.
37. Cavenous Haemangioma of right cheek.
38. ? Polyostotic Fibrous Dysplasia.
39. ? Actinomycosis.
40. Myxo-fibro-sarcoma of left maxilla treated by excision of maxilla and prosthetic restoration.

PATHOLOGY LABORATORY.

(a). Photographs etc. of cases for exhibition in Museum.
(b). Some exhibits of historic interest. (Kindly loaned by Mr. Woolcott).

NEOPLASMS OF THE MAXILLA

Presented by J.I.Munro Black

Ear,Nose & Throat Department,Royal Victoria Infirmary.

CHILDREN'S DEPARTMENT - FIRST FLOOR (Right).

1.	John Spence	Squamous carcinoma.
2.	Robert Clark	Non-keratinising squamous carcinoma.
3.	James Anderson	Squamous carcinoma.
4.	James Burnett	Well differentiated squamous carcinoma.
5.	George Turnbull	Keratinising squamous carcinoma.
6.	Albert Wallace	Slightly keratinising squamous carcinoma.
7.	Richard Robson	Keratinising squamous carcinoma.
8.	Henry Graham	Adeno-carcinoma.

PROSTHETIC DEPARTMENT - FIRST FLOOR (Left).

1.	Annie Timony	Transitional-cell carcinoma.
2.	Annie Appleton	Squamous carcinoma.
3.	Hannah Gray	Anaplastic carcinoma.
4.	Mabel Green	Reticulum cell sarcoma.
5.	Ada Dent	Slightly keratinising squamous carcinoma.
6.	Sophia Ball	Keratinising squamous carcinoma.
7.	Sarah Barkel	Rodent Ulcer.
8.	Mary Strong	Keratinising squamous carcinoma.
9.	Elizabeth Musgrove	Keratinising squamous carcinoma.

1950 Edinburgh - March

ORAL SURGERY CLUB

30

Edinburgh Meeting: March 30th - April 2nd.

Travel: Members travelling from London can leave King's Cross on Thursday, 30th March, at 10.30 p.m.

Members requiring sleepers (3rd class) must notify the Secretary at once so that Travel Tickets and Sleeper Tickets can be obtained.

Accommodation (Third class) will be booked for the return journey on the 9.50 p.m. train, Sunday 2nd April. It is hoped sleepers can be obtained.

Please note:

1) Hotel accommodation has been booked for you for the nights of 31st and 1st at the North British Hotel.

2) Hotel accommodation has not been booked for you.

- -

Please fill in this form and return by 1st March

To R. S. Taylor, O.B.E., T.D., F.D.S., M.R.C.S.
Flat Six,
88, Portland Place, W,1.

I have received a copy of the arrangements for the Oral Surgery Club Meeting at Edinburgh, March 30th - April 2nd.

X I wish you to book me a return ticket from _____

X I require a sleeper on the 10.30 p.m. from King's Cross on Thursday, 30th March.

X I require a sleeper on the 9.50 p.m. from Edinburgh on Sunday, 2nd April.

Signed: _____

Address: _____

_____

X Delete where necessary.

ORAL SURGERY CLUB.

COMMITTEE MEETING.

Date - Friday, 31st March, 1950.

Time - 6.0 p.m.

Place - North British Hotel, Edinburgh.

AGENDA

1. Minutes of previous meeting and matters arising therefrom.

2. Secretary's report.

3. Candidates for Membership.

4. Date and Place of next meeting.

5. Any other business.

ORAL SURGERY CLUB.

GENERAL MEETING.

Date - Saturday, 1st April, 1950.

Time - 9.15 a.m.

Place - Surgery Research Department, Edinburgh.

AGENDA

1. Minutes and matters arising therefrom.
2. Secretary's Report.
3. Election of Committee.

Present Committee

President:	Professor F.H. Bentley
Past President:	Professor A.C. Wilkinson
Members:	Brigadier R.A. Broderick Mr. T. Jackson Mr. D.S. Middleton Surgeon-Capt. J.T. Wood
Hon.Sec:	R.S. Taylor

4. Installation of President.
5. Candidates for Membership (see special report to be circulated).
6. Place and date of next meeting.
7. Any other business.

ORAL SURGERY CLUB.

PROGRAM.

FRIDAY, March 31st.

10 a.m. Assembly Address by Sir James Learmonth, Surgery Research Department.

(a) Lists of Operations.
(b) Conducted to respective theatres.

Coffee will be served.

11 a.m. Operating Sessions - R.I.E.

7 & 8	Sir James Learmonth
9 & 10	Mr. Wood
11 & 12	Prof. Mercer
13 & 14	Mr. Miller
17 & 18	Mr. Paterson Brown
Sick Children's	Mr. Mason Brown.

p.m.
1 - 1.15 Sherry and Lunch - University Union.

2.30 Clinical Cases shown in R.I.E. by Mr. Wallace
Mr. J.J.M. Brown
Dr. F.G. Gibbs.

3.30 (Demonstration of X-Rays - Prof. McWhirter.
(Demonstration on appliances - Mr. A.B. Wallace,

4.30 Tea.

6 p.m. Committee Meeting

SATURDAY, April 1st.

a.m.
9.15 Annual General Meeting - Surgery Research Department.

10.30 Operating Session - R.I.E.

Theatre 7 & 8 Mr. A.B. Wallace

E.N.T. Dr. Martin

E.N.T. Dr. Hall

5 & 6 Dr. Gibbs (Dental Cases).

p.m.
1.00 Lunch - University Union.

2.15 Papers - Surgery Research Department.

1) Paper - Prof. McWhirter.

2) Paper - Dr. McLennan

7.15 for 7.30 Dinner - R.C.S.

Dr. McLennan.

Case 1. Male, age 18. Infected dental cyst of maxilla.

History 3 years duration. Presented with abnormal facies, distortion of left maxillary and malar region.

Treatment:- 5-1-50 Enucliated and opened into maxillary antrum.

Case 2. Male, age 25. Admitted 23-1-50.

Cleido-cranial dysostosis.

16 unerupted teeth in upper and lower jaw.

On examination patient showed skeletal abnormalities which supported the diagnosis.

Dr. Gibbs.

Case 1. Female, age 40.

Intraosseous fibroma.

Dr. Gibbs.

Male, age 28.

Horizontal impaction of molar and premolar.

---

ase 3. Female, age 19.

Multiple mandibular fractures.

Vertical fractures of teeth.

Mr. Wallace.

Case 1. D.S. age 44.

History Carcinoma right antrum, treated by excision, radium and deep X-ray therapy in 1945. Followed by necrosis of right cheek. Admitted to Plastic Unit, Bangour Hospital, 28th October 1947.

Examination on admission Complete loss of all tissues right cheek with fistula opening into mouth and nose. Whole area epithelialised with no evidence of recurrence of tumour or presence of sequestra. Complete trismus. Right eye has been removed and patient has ectropion of right lower eyelid.

Treatment
(1) Raising lined pectoral skin flap.
(2) Stalking flap on acromiopectoral tube pedicle.
(3) Attachment tube pedicle to cheek.
(4) Attachment shoulder end of tube pedicle to cheek.
(5) Final closure of fistula.

Mr. Wallace.

Case 2. R. McK. age 65.

History Carcinoma of soft palate treated by X-ray therapy in January 1946.
Fistula appeared in July 1946.
Secondary haemorrhage and separation of sequestrum in October 1946, and August 1947.
Admitted to Plastic Unit, Bangour Hospital - 8th April 1948.

Examination on admission Fistula, 1½ inches in diameter, opening into mouth between angle of maxilla and ear on left side. No evidence of any recurrence of tumour or further sequestration of bone.
Mouth opening of 1 inch.

Treatment
(1) Raising lined skin flap on chest wall.
(2) Stalking flap on acromiopectoral tube pedicle.
(3) Swinging pedicle of lined flap to partially close fistula.
(4) Shoulder end of tube pedicle used to close remaining fistula.
(5) Excision of excess skin.

Dr. Middleton.

Case 1. Child, age 9. Admitted August 1949.

Osteomyelitis.
Developed swelling after removal of deciduous molar under local anaesthetic.
Sequestrum removed January 1949.
Loss of condoyle and ramus on affected side.

ORAL SURGERY CLUB

PROGRAMME

FRIDAY, 31st March 1950:

10 a.m. Assembly Address by Sir James Learmonth:
Surgery Research Department,
Teviot Place, Edinburgh.

(a) Lists of Operations:
(b) Conducted to respective theatres.

Coffee will be served.

11 a.m. Operating Sessions - Royal Infirmary.
Wards 7/8 - Sir James Learmonth.
Wards 9/10 - Mr. Quarry Wood.
Wards 11/12 - Professor Mercer.
Wards 13/14 - Mr. T. McW. Millar.
Wards 17/18 - Mr. Paterson Brown.

Sick Children's Hospital - Mr. Mason Brown.

1 for 1.15 p.m. Sherry and Lunch - University Union.

2.30 p.m. Clinical cases shown in Royal Infirmary by -
Mr. A. B. Wallace.
Mr. Mason Brown.
Dr. F. G. Gibbs.

3.30 p.m. Surgery Research Department:
Demonstration of X-rays - Professor McWhirter.
Demonstration on appliances - Mr. A. B. Wallace.

4.30 p.m. Tea.

6 p.m. Committee Meeting.

SATURDAY, 1st April 1950:

9.15 a.m. Annual General Meeting - Surgery Research Department.

10.30 a.m. Operating Session - Royal Infirmary.
Theatre 7/8 - Mr. A. B. Wallace.
E.N.T. Dept. - Dr. Martin.
E.N.T. Dept. - Dr. I. Simson Hall.
Theatre 5/6 - Dr. Gibbs (Dental case)

1 p.m. Lunch - University Union.

2.15 p.m. Papers - Surgery Research Department:

(1) Paper - Professor McWhirter.
(2) Paper - Dr. McLennan.

7.15 for 7.30 p.m. Dinner - Royal College of Surgeons.

OPERATION LIST.

10.30 a.m. Professor Sir James Learmonth - Wards 7 and 8, Royal Infirmary.

(1) Splanchnicectomy for Hypertension.

(2) Aneurysm of the Carotid Artery.

10.30 a.m. Mr Mason Brown - Sick Childrens Hospital.

(1) Thyroglossal Cyst.

(2) Glands in the Neck.

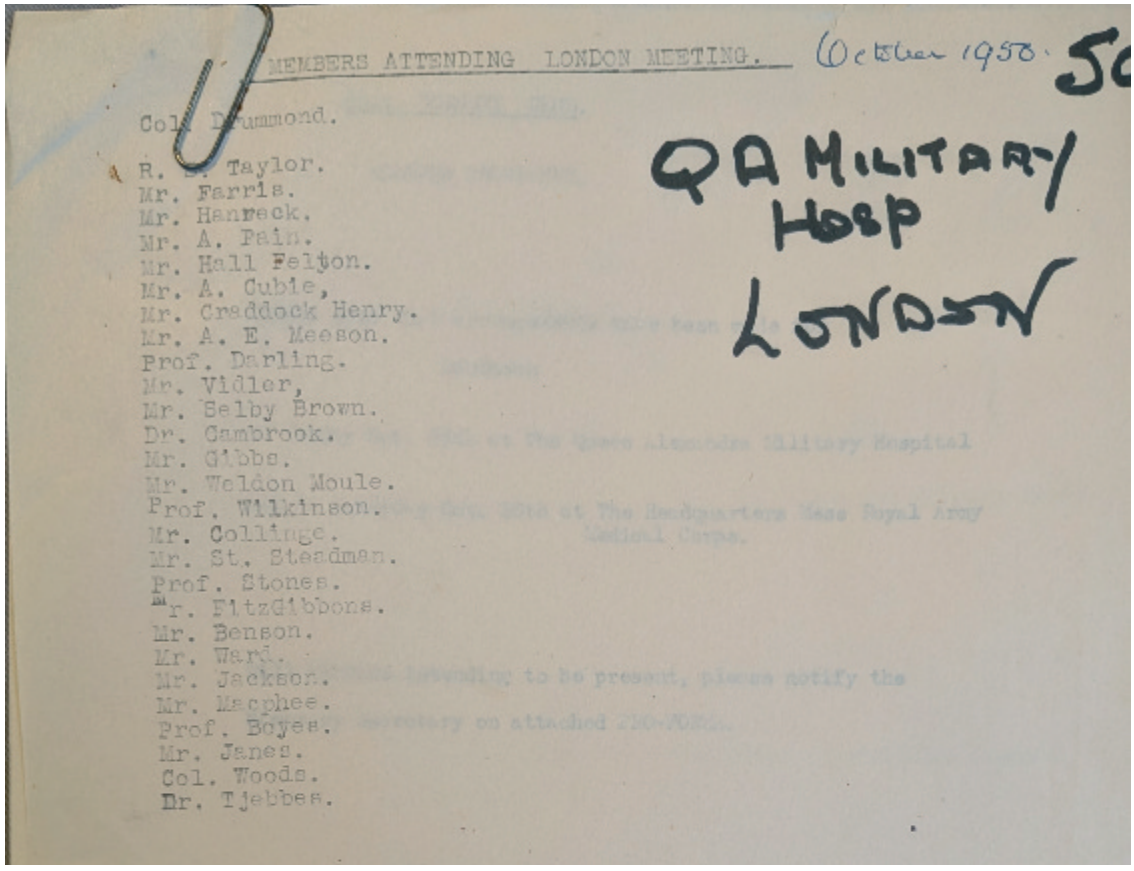

Transport is available to Sick Childrens Hospital.

11.30 a.m. Professor Mercer - Wards 11 and 12, Royal Infirmary.

(1) Ligation of Ductus Arteriosus.

(2) Excision of Glands of the Neck.

1950 Queen Alexandra's Military Hospital Millbank - October

Afternoon and Evening Free.

ORAL SURGERY CLUB.

AMENDED PROGRAMME.

FRIDAY OCTOBER, 27th 1950.

TIME.	EVENT.	PLACE.
10 a.m.	Operating Sessions, Fenestration of Maxilla.	The Queen Alexandra Military Hospital.
	Colonel W.A.D. Drummond.	
	Thyroglossal Cyst.	
	Lieut-Colonel J. MacDougall.	
	Block dissection of Gland of Neck.	Westminster Hospital.
	Mr. R. Cox.	
	Impacted Wisdom.	
	Mr. B. St. J. Steadman.	
	Subluxation Tempero Mandibular. Joint.	
	Mr. R.S. Taylor.	
	Impacted Wisdom.	
	Mr. J.D. Cambrook.	Gordon Hospital.

Members will only be able to attend those Operating Sessions for which they have obtained tickets. Applications for these should be made on the form provided with the Programme.

Friday, October, 27th.

1 p.m. Lunch. The Queen Alexandra Military Hospital.

Afternoon and Evening Free.

Time.	EVENT. Saturday 28thn October, 1950.	PLACE.
09.45.	Assembly. Address of Welcome. Major-General F.R.H. Mollon. C.B., C.B.E., M.C. Commandant and Director of Studies, Royal Army Medical College.	The Queen Alexandra Military Hospital.
10.00	Paper. Anti-Biotics. Lieut-Colonel W.H. Hargreaves, O.B.E., F.R.C.P.	
10.45	Coffee.	
11.00	Paper. The Diagnosis and Treatment of Maligrant Disease in the Army. Colonel W.A.D. Drummond. C.B.E., F.R.C.S.	
11.30	Demonstration. Appliances used in the treatment of maligrant diseases of the oral region. Lieut.Colonel W.E. Duckworth. R.A.D.C. Major R.C. Lewis. R.A.D.C.	
11.45	Paper. The Welfare of the patients in Military Hospitals. Miss P. Howard. B.R.C.S.	
12.00	Visit. Royal Army Medical College. Major. H.W. Pock. R.A.M.C.	
12.45	Sherry.	
13.00	Lunch.	
		The Queen Alexandra Military Hospital.
14.30	Clinical Cases. Short Talks. Mucous gland and salivary tumours. Lieut-Colonel J. MacDougall. O.B.E., M.D., F.R.C.S. Histo-pathology Service. Lieut. Colonel A.J.N. Warrack. M.B.E., M.D.	
16.30	Tea.	Headquarter Mess, Royal Army Medical Corps.
19.30 for 20.00	Dinner.	Trocadero Restaurant.

MR. R. S. TAYLOR

19.30 for 20.00	Dinner.

Mr. R.S. Taylor.

Case No. 1.

Bilateral Sublaxation Temporo-Mandibular Joint.

History. Patient complains of pain in the region of the left temporo-mandibular joint, with some tenderness, (2 months).

Opening good, with some deviation to the left, and marked crackling from the right temporo-mandibular joint.

For admission and operation. Sublaxation both sides.

Case No. 2.

Protruding Premaxilla.

Surgical reconstruction of premaxilla.

History. Patient had prominent upper central incisors. (2.5.50)
Diagnosis: Superior Protrusion.

15.9.50 Operation carried out 15.9.50.
Infracture of upper centre incisors through bone incorporated around same.

Stabilisation after operation by band to molar teeth.
Postion at present good.
No movement in stabilising appliance.

Patient discharged from hospital 10 days after operation.

To date progress satisfactory.

Case No. 3.

Unilateral hypertrophy of the Right Condyle.

X-Ray. X-Ray report showed longer ascending ramus on the right side than on the left.

Full range of movement in the lower jaw.
Later swinging to one side with masticatory disfunction.

14.4.47 Admitted.

18.4.47 Operation. Resection of right condyle.

Stabilisation with splint post-operatively.

30.4.47. Discharged.

Mr. R.S. Taylor. (Continued.)

Case No. 4.

Adamantinoma of Right Mandible.

Excision and graft.

This patient was admitted on 2.6.48 for treatment of a recurrent tumour of the right mandible which had first started in 1934.

She was shown to have a typical adamantinoma of the right lower jaw and on 9.7.48 the right half of the mandible was excised. The mucous membrane of the mouth was sutured and a wire left in situ to mark the line. Following the operation the patient was fitted with cap splints to preserve the shape of the mouth.

Pathologists report on the specimen showed: Typical Adamantoma.

4.9.48 Discharged, for re-admission for bone graft.

13.10.48. Re-admitted.

22.10.48. Bone graft was taken from the left iliac crest and inserted in position.

She had some pyrexia following this operation which was apparently due to infection in the iliac wound, but this soon settled, and she was discharged on 16.12.48.

Case No. 5.

Bilateral Subluxation of Tempero-Mandibular Joints.

History. Pain on mastication both sides of mandible in the joint region, more severe on the right side than left. Stiffness in morning. Tenderness over joints. Loss of molar teeth giving a closed bite.

21.4.50. Operation for sublaxation of T.M. joints both sides.

29.4.50 Patient discharged with good result.

Mr. R.S. Taylor. (Continued)

Case No. 6.

Protruding Mandible with Open Bite.

History. Protruding mandible. Pain, unable to eat food, getting progressively worse. Patient was happy until premolars were extracted. Now difficulty in eating greater.

For reconstruction of jaws.

27.1.50 Operation. Bilateral fracture of ascending ramus with osteotome. Splints previously fitted. Now bite selected.

Post-operative result good.

13.2.50. Discharged.

Splints removed. Ability to eat greatly improved.

Case No. 7.

Squamous Epithelioma underlying Mandible in Mid-Line.

History. Patient complained of lump in bottom jaw following extraction of tooth which persisted for some time.

Biopsy. Showed squamous cell carcinoma.

17.5.46 Admitted for treatment.

28.4.46 Resection of mandible performed with bilateral block dissection of neck.

One year later patient admitted for bone graft, which was carried out. Donor area left leg. (Tibia)
Bilateral reconstruction of jaw.

Discharged, and returned to Out-patients.
Result satisfactory.
Bone in good position giving good reconstruction.

Case No. 8.

Superior Protrusion.

History. Superior protrusion.
For operation and reconstruction of premaxilla.

27.8.48 Operation performed.
Infracture of prepared section of premaxilla involving the upper two centre incisors.
Splinted with appliance anchored on molar and premolar tooth.

31.8.48 Discharged from hospital.
Bite clear. Result good.

r R.S. Taylor. (Continued.)

Case No. 9.

Mandibular Deformity Following Accident.

History. At 11 months patient slipped off high chair and fractured mandible. Mandible now deviates to the right. Bite very abnormal. Mandibular teeth outside maxilla on right side. Left horizontal ramus 2½", right 2".

18.3.49. Admitted for operation.
Bone graft to right ascending ramus which is absent.
Operation completed.
Stabilisation with cap splints. Later with guiding flange.

Bite ground in post-operatively.

13.4.49 Patient discharged.
Masticatory apparatus now more efficient.

Case No. 10

Cyst in Mandible, Right Side.

Histology. Confirmed dental cyst, not adamantinoma.

Cyst extending into ascending ramus and to the lower border of the mandible.
No pain or indication of trouble whatever.

6.1.50. Operation for enucleating this cyst performed.
7 and 8 teeth removed.

10.1.50 Patient discharged.

Case No. 11

Hypertrophy Right Mandibular Condyle.

History. Patient complained of inability to get teeth together. Occasional tenderness right side of mandible. When first seen bite was edge to edge, posterior teeth not occluding. (6 months history). Getting progressively worse. Occasional clicking in the left T.M. joint.
Chin prominent. Movement in joints normal.

X-Ray. Showed right condyle considerably greater than left. Both eminentia articularis rather flat.

For operation and resection of right condyle.

13.10.49. Admitted for operation.

14.10.49. Condyle resected.
Splinting by cap splints. Later guiding flange.

24.10.49 Discharged.
Reconstruction of bite satisfactory.

Mr. P. St.J. Steadman.

Case No. 1.

Myxo-sarcoma of Right Maxillary Antrum.

History. 6 weeks before admission noticed a swelling in the right side of the face. This became rapidly larger. She has no pain. She is unable to wear her upper denture because of lump protruding into the mouth. In the past few weeks has had a discharge down the right nostril, occasionally bloody.

O.E. 17.7.50: Between the right cheek and the alveolar margin there is a smooth red mass which has ulcerated centrally to disclose a fungating tissue over the outside of the cheek, extending from the corner of the lip to just underneath the right eye. There is fluctuant soft tumour approximately 3" x 2" that is painless and does not transilluminate. Gland fields - there are no glands palpable in the neck.

Investigations: X-ray of skull showed there to be destruction of the lateral and inferior wall of the right antrum, and the beginning of the zygomatic process of the maxilla. There is early thinning of the lower margin of the orbit.
X-ray of chest: no intra thoracic metastases.

Treatment: Preoperative Teloradium 10 gram unit 24.7.50 - 1.8.50. Total skin dose 1866r. Max. tumour dose 2154r.
2.8.50 Fenestration of the right antrum with diathermy excision of the tumour mass. The lateral wall of the nose being removed.
Histology of the operation specimen showed a predominantly spindle cell sarcoma with areas of myxomatous degeneration.
Post-operative Teloradium therapy 10.8.50 - 4.9.50. 10 gram unit using 2 x 8.5 gm fields. Max. tumour dose (including preoperative treatment) 6186r. Max. skin dose 5332r.

Progress. Good recovery was made from the operation, and the fenestration cavity became cleaner. At the time of completion of Teloradium therapy the whole of the fenestration cavity seemed to be healing, and heavily filmed.
Impressions were taken of the cavity for fitting at a later date of dental obturator.
There were no glands in the neck at time of discharge and no evidence of recurrence.

Impression of fenestrated area taken by special tray. Gutta percha inserted into foramen which had not yet epithelialised. This was allowed to remain in position for one week.

Impression of mouth and fenestrated area taken in composition. Base plate removed. Overall impression with Zelex. Acrylic moulds made and inserted, with teeth on its base plate.

Mr D. St. J. Stoddart.

Case No. 8.

Sarcomatous Change in Paget's Disease of Right Maxilla. Toleradium Therapy and Excision.

History. For history see previous summary. She has remained well until 14.2.50 when the right upper jaw in the region of the zygoma began to increase fairly rapidly in size. There was suspected sarcomatous change, and considerable pain.
14.2.50 X-ray of skull showed there to be some generalised progress of the Paget's disease. The bony structure in the region of the right maxilla being irregular and thickened. It was radiologically impossible to exclude malignant change.

Treatment. 17.4.50 - 26.4.50 - Toleradium therapy with the 4 and 10 gram units giving a maximum tumour dose of 1900r in 9 days. This produced some lessening of the pain but no decrease in size. However by 14.6.50 the pain on the right side of the face had become very severe, and she was accordingly admitted on 11.7.50.

O.E. There was considerable bony hard swelling and redness of the right side of the face with some oedema of the lower and upper lids. The swelling was tender to touch. Within the mouth, lying in the sulcus between the alveolar margin and the cheek on the right side there was a firm smooth tumour projecting downwards 1 x ½ inch in size.

Investigations. X-ray of chest: No intra thoracic metastases seen. X-ray of skull: Appearances are essentially unchanged since 14.2.50.

Treatment. Excision of the right maxilla, 22.7.50, the cavity being packed with vaseline gauze.

Progress. Three days following the operation her general condition became poor, with vomiting and diarrhoea.
31.7.50. She remained very weak until 4.8.50, when there was some improvement.
4.9.50. The cavity by this time was very clean, and had healed well. The patient was now much stronger in herself. Temporary insertion of G.P. fitted into the cavity, an impression being taken by the Dental Department for a permanent prosthesis.

Histology of operation specimen - Osteogenic sarcoma.

Impression of fenestrated area taken by special tray. Gutta percha inserted into foramen which had not yet epithelialised. This was allowed to remain in position for one week.

Impression of mouth and fenestrated area taken in composition. Base plate removed. Overall impression with Zelex. Acrylac moulds made and inverted, with teeth on its base plate.

Mr. B. St.J. Stoadman. (Continued.)

Case No. 3.

Squamous Epithelioma. Symphysis Menti.

History. Radium 1942.
Recurrence 1947.
December 1949 - resection of mandible, with soft tissue reconstruction.
Eventually to have bone graft.
There was some difference in opinion that the recurrence was really a necrosis, but biopsy confirmed recurrence.

28.6.50. Reconstruction of soft tissues.
Acromio-thoracic pedicle flap swung into position on chin at varying stages.
This was carried out, and pedicle now living and with reasonable circulation.
To have bone graft later.

Mr Seymour Robinson.

Case No. 1. Failure of the Pre-maxilla and Maxilla to Unite after Surgery.

CASES FROM

THE QUEEN ALEXANDRA MILITARY HOSPITAL.

Capt. Leas.

Case No. 1.

Complaint. Symptomless, slow-growing tumour in left supra-clavicular region - 2 years.

History. 29.6.50. Excision of encapsulated supra-clavicular tumour size of hens egg.
Histology - thyroid tissue.

10.6.50. Operation - Lt.Col. J. MacDougall.
Thyroid - left lobectomy, excision of isthmus. Subtotal excision rt. lobe.
Block dissection of left side of neck.

23 Aug - 21 Sep'50.

4 Gram Ra bomb to Thyroid - two 9 cm fds angled inwards and downwards.
Tumour dose - Daily 333r
Max. 7000r
Min. 5100r
Skin dose. Max. 8075r

22 Sep - 16 Oct'50.

4 Gram Ra bomb to left upper deep cervical glands - one 9 cm fd direct.

Tumour dose - Daily 366r
Max 6133r
Min. 5100r
Skin dose. Max 7174r

Diagnosis - Carcinoma of Thyroid.

Case No. 2.

Major. J. Garner.

Complaint. Sore tongue - 8 weeks.

History. 25.1.50. Soft ulcerative lesion in floor of mouth - indurated base and three ulcers.
One mobile gland in rt. upper deep cervical chain.

26.1.50. Biopsy. Squamous-cell carcinoma.

29.1.50. Clearance of lower teeth.

3.2.50. Ra needles.

4 X 2 mgm to sides of tongue and floor of mouth.
8 X 1 mgm below mandible into floor of mouth.

Retained for 7½ days - assessment of dose rate not possible.

16. 8.50. Small sequestrum firmly attached to alveolar margin of left mandible.
Small ulcer in floor of mouth and bilateral enlarged upper deep cervical glands.

Biopsy of ulcer - No evidence of malignancy.
Squamous cell carcinoma irradiation result.

Diagnosis : Carcinoma of floor of mouth.

Case No. 3.

Major Ellis.

Complaint. Swelling below and in front of rt. ear - 2 - 3 yrs.
Transient facial palsy (rt) lasted 4 months in 1942.

History. 23.7.49. Operation elsewhere.
Extracapsular resection of tumour.
Histology - Adenocarcinoma of parotid.

24.10.49. 4.11.49.

Deep X-Ray to Rt. parotid region.
6 X 250r - 6 X 8 cm - 180 K.V. at 40 cm.
Skin dose - 1500r.

18.1.50. Nodular firm swelling below and in front of rt. Ear extending on to ramus of mandible. One hard mobile lymph node well below angle of Rt. mandible.

31.1.50. - 3 Mar 50.

4 Gram Ra bomb - rt. parotid using two 9 cm circular fds. angled 15°

Tumour dose -	Daily	250r.
	Max	6191r
	Min.	3675r
Skin Dose.	Max	6303r.

17.5.50. Gland below angle of jaw unaltered - Excised for biopsy - found to be metastasis.

5.6.50. - 7.7.50.

4 gram Ra bomb to rt. supra-clavicular and lower deep cervical glands - 9 cm. fd in plaster cast.

Tumour dose -	Daily	233r
	Max	5833r
	Min	3666r
Skin Dose	Max	7083r

20.9.50. Primary not palpable.
Mobile, well-defined gland in middle deep cervical group.

25.9.50. Operation Lt. Col. MacDougall.
Block dissection of neck (Rt).

Case no 5.

Pte Newman. Age 19.

Complaint. Pain in left upper jaw. - 2 months.

History. 13.7.50. Hard swelling above 4,5 and 6 upper left teeth. X-ray shows a dense mass extending forward into left antrum.

4.8.50. Operation. Colonel Drummond. Fenestration of palate. Excision of very hard bony cyst conteining malformed tooth.

Diagnosis - Dentigerous Cyst.

Case no 6. Age 19.

Pte Wildego.

Complaint. Small lumps in rt.side of neck - a few weeks.

History. 15.6.49. Small rubbery, discrete and mobile glandsin rt.post. triangle. Feels fit and well.

27.6.49. Biopsy of one gland revealed it to be a secondary deposit of carcinoma of thyroid.

27.7.49. Firm hard mass in rt.lobe of thyroid. Movable and not tender.

3.8.49 - 19.8.49. Deep X ray to thyroid and cervical glands. Two angled fields 10 x 8 cm. Dose - 2000r.

23.8.49. Operation - Mr Lee. Tyroidectomy and bilateral block dissection.

24.8.49. Emergency tracheotomy.

20.9.49 - 21.10.49. Rx collar to neck - 12hrs a day. Dose 5100r.

17.2.50. Operation - Lt.Col Mac Dougall. B ilateral dissection and excision of deep cervical glands. Diagnosis : Carcinoma of Thyroid.

16.10.50. Small lesion on side of nose - appears to be rodent ulcer.

27.10.50. Operation - Lt.Col. Mac Dougal.
Excision of rodent ulcer.
Diagnosis: Adenocarcinoma of parotid (rt).
2.Rodent ulcer of nose.

Case no 4.

Mrs Colley. Age 36.

Complaint - Hard lump rt.upper alveolan margin - 12yrs.

History. Tumour incised and contents evacuated 12yrs ago.
Tumour excised in Malta - 10yrs ago.
Tumour recurred and again excised - 6trs ago.
Tumour gradually increased in past 5yrs.

7.12.49. Large soft irregular tumour with rolled edges fixed to alveolar margin of maxilla.
Upper deep cervical glands (Rt) +++.

9.12.49-15.12.49.
4 gram Ra bomb to rt.antrum.
3x 3.5cm fds at 8 cm.
Tumour dose 416 r daily.
Total 1333- 1666r.
Skin Dose 2070r.

16.12.49 .Operation - Colonel Drummond.

Fenustration rt.half of palate and excision of rt.maxilla (less inf.orbital plate)

28.12.49. Operation - Mr Lee.

Block dissection of rt,side of neck.

24.2.50. - 21.3.50.
4 Gram Ra bomb to rt,side of neck (9cm circle)
Tumour dose - 366r daily.
Total- 4200r - 6600 r
Skin dose - 760 r

26.3.50.- 15.3.50.
Ra application in fenestration (5 hrs daily)
Total Surface Dose 7425r.
Dose at 0.5 cm 4225r.

Diagnosis- Carcinoma arising in mixed parotid tumour.

Case No 7.

Cfn Harding. Age - 19.

Complaint. Swelling in rt.cheek - 15 months.
Increasing rt.nasal obstruction - 12 months.

History. Repeated operations in Newcastle and Carlisle failed to relieve the nasal obstruction more than temporarily.

4.6.50. Soft tmour palpable bimanually above the rt.cheek which is enlarged.
Rt. Hard palate is depressed.

Probably a mucous and salivary gland tumour involving rt.antrum, nasopharynx and rt.anterior nares.

28.6.50 - 1[illegible].6.50.
Deep X-ray to rt.maxilla by 2 x 5cm circle ports.

Lateral port - 1500 r.
Anterior port- 1500 r.
Centre dose - 1920 r.

5.8.50. Operation - Colonel Drummond.
Fenestration of antrum and removal of tumour from pterygo maxillary fossa.
Diagnosis: Mixed parotid tumour of antrum(rt).

Case no 8.

Mis.Thorpe. Age 38.

Complaint. Swelling of left cheek since birth.

History. Plays trombone.

1939 - Diathermy excision - RAF Hosp Wendover.
Swelling returned within 12 months.

28.6.50. Swelling increased suddenly with pain, tenderness and fever.

5.7.50. Considered to be a lymphangioma.

11.7.50. Operation - Lt.Coln Mac Dougall.
Diathermy excision of most of the tumour.

Diagnosis: Lymphangioma of Cheek (Lt)

Case no 9.

S/Sgt Harris. Age 30.

Complaint. White patch under side of tongue 3-4 months.

History. 1930. Two years course of treatment for secondary luetic infection.

4.10.50. Oblong patch (4 x 1 cm) of leucoplakia on under side of left margin of tongue. No glands.

Kahn - negative.
Lange - negative.

5.10.50. Operation - Lt.Col Mac Dougal.
Area excised - bleeding controlled with Diathermy.

Diagnosis - Leucoplakia of tongue.

Case no 10.

Sgt Carthew. Age 44.

Complaint. White patch inside left angle of mouth - 1 [illegible].

History. No traume. Full upper denture since 1935
No evidence of dental trauma. Lower teeth sound.
Smokes a pipe.

17.10.50. Carcinomatous ulcer with leucoplakia inside Lt.angle of mouth.
Early leucoplakia inside rt.angle of mouth.
Diagnosis: Carcinoma angle of mouth (lt) with leucoplakia both angles.

Case no 11.

Col de Linde Age 55.

Complaint. Nasal obstruction - 5 months.
Pain referred to rt,mastoid region.
Dryness of mouth.

16.2.49. Firm mass in rt tonsillar bed extending up into nasopharanyrx.
Tonsils removed in childhood.

[illegible].2.49. - 22.2.49. Deep X-ray 750r by two ports.

23.2.49. Operation - Colonel Drummond.
Series of node-like masses removed from base of skull to 6th Cervical vertibrae.

Case No 14.

Mrs Murphy. Age 3[illegible].

Complaint. Ulcer of face below L. eye - 1 year.

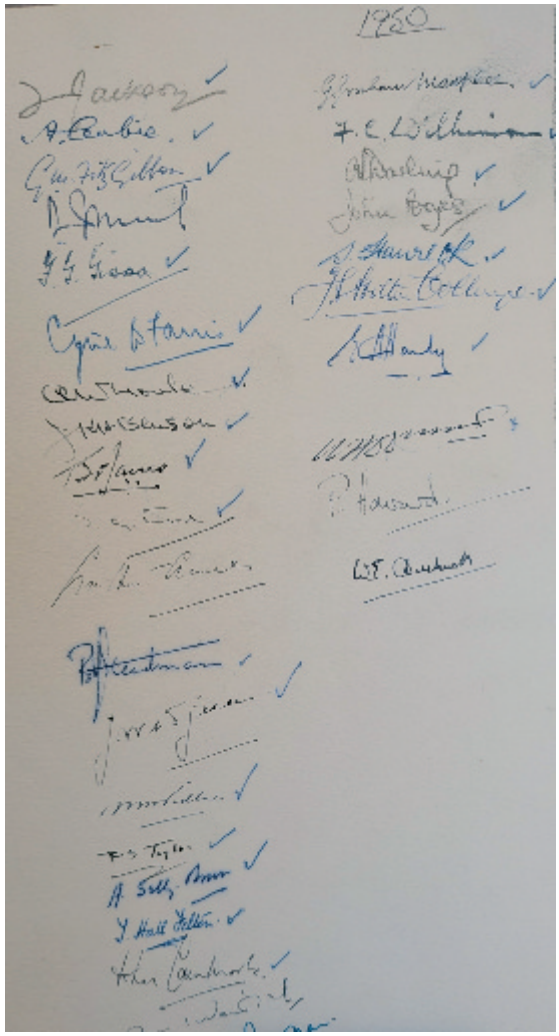

History. Rodent ulcer excised in 1947.

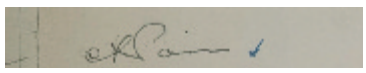

26.8.48. Recurrence of ulcer.

Rn needles { 4 x 1.5mgm horizontally
2 x 3.5mgm vertically.

6000r in 5 days.

Diagnosis: Rodent ulcer of face.

ORAL SURGERY CLUB.

AMENDED PROGRAMME.

FRIDAY OCTOBER, 27th 1950.

TIME.	EVENT.	PLACE.
10 a.m.	Operating Sessions. Penestration of Maxilla.	The Queen Alexandra Military Hospital.
	Colonel W.A.D. Drummond.	
	Thyroglossal Cyst.	
	Lieut-Colonel J. MacDougall.	
	Block dissection of Gland of Neck.	Westminster Hospital.
	Mr. R. Cox.	
	Impacted Wisdom.	
	Mr. B. St. J. Steadman.	
	Subluxation Tempero Mandibular. Joint.	
	Mr. R.S. Taylor.	
	Impacted Wisdom.	
	Mr. J.D. Cambrook.	Gordon Hospital.

Members will only be able to attend those Operating Sessions for which they have obtained tickets. Applications for these should be made on the form provided with the Programme.

Friday, October, 27th.

1 p.m. Lunch. The Queen Alexandra Military Hospital.

Afternoon and Evening Free.

ORAL SURGERY CLUB.

AMENDED PROGRAMME.

55

Kindly note that arrangements have been made for

Luncheon

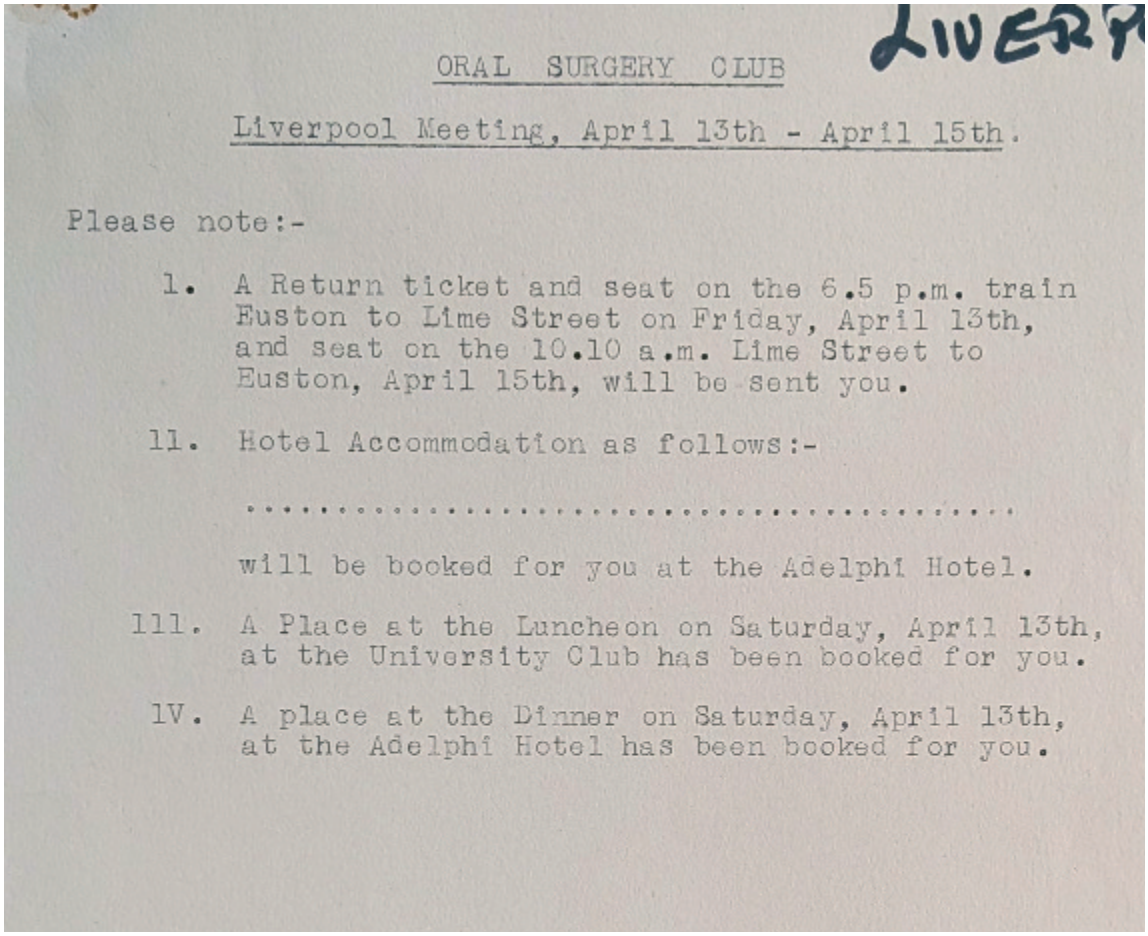

on Friday Oct. 27th at The Queen Alexandra Military Hospital

and on Saturday Oct. 28th at The Headquarters Mess Royal Army Medical Corps.

Will MEMBERS intending to be present, please notify the Honorary Secretary on attached PRO-FORMA.

TIME. Hrs.	EVENT. **Saturday 28th October, 1950.**	PLACE.
09.45.	Assembly. Address of Welcome. Major-General P.R.H. Mollon. C.B., C.B.E., M.C. Commandant and Director of Studies, Royal Army Medical College.	The Queen Alexandra Military Hospital.
10.00	Paper. Anti-Biotics. Lieut-Colonel W.H. Hargreaves, O.B.E., F.R.C.P.	
10.45	Coffee.	
11.00	Paper. The Diagnosis and Treatment of Malignant Disease in the Army. Colonel W.A.D. Drummond. C.B.E., F.R.C.S.	
11.30	Demonstration. Appliances used in the treatment of maligrant diseases of the oral region. Lieut.Colonel W.E. Duckworth. R.A.D.C. Major R.C. Lewis. R.A.D.C.	
11.45	Paper. The Welfare of the patients in Military Hospitals. Miss P. Howard. R.R.C.S.	
12.00	Visit. Royal Army Medical College. Major. H.W. Peck. R.A.M.C.	
12.45	Sherry.	
13.00	Lunch.	The Queen Alexandra Military Hospital.
14.30	Clinical Cases. Short Talks. Mucous gland and salivary tumours. Lieut-Colonel J. MacDougall. O.B.E., M.D., F.R.C.S. Histo-pathology Service. Lieut. Colonel A.J.N. Warrack. M.B.E., M.D.	
16.30	Tea.	Headquarter Mess, Royal Army Medical Corps.
19.30 for 20.00	Dinner.	Trocadero Restaurant.

1951 Liverpool - April

ORAL SURGERY CLUB

LIVERP

Liverpool Meeting, April 13th - April 15th.

Please note:-

I. A Return ticket and seat on the 6.5 p.m. train Euston to Lime Street on Friday, April 13th, and seat on the 10.10 a.m. Lime Street to Euston, April 15th, will be sent you.

II. Hotel Accommodation as follows:-

.....

will be booked for you at the Adelphi Hotel.

III. A Place at the Luncheon on Saturday, April 13th, at the University Club has been booked for you.

IV. A place at the Dinner on Saturday, April 13th, at the Adelphi Hotel has been booked for you.

ORAL SURGERY CLUB.

Liverpool Meeting, April 13th - April 15th.

PROGRAMME

Date and Time	Event	
Fri. April 13th	Assembly	Location
Sat. April 14th		
9.15 a.m.	Annual General Meeting of Members (Agenda attached)	School of Dental Surgery, Boundary Place.
10. 0 a.m.	Paper by Sir Henry Cohen, "Neuralgias of the Face and Jaws"	School of Dental Surgery.
11.15 a.m.	Coffee	School of Dental Surgery.
11.45 a.m.	Paper by Professor Downie, "Herpes Simplex Lesions".	School of Dental Surgery.
12.45 p.m.	Lunch	University Club.
2.30 p.m.	Clinical Cases	School of Dental Surgery.
4.15 p.m.	Tea	School of Dental Surgery.
5. 0 p.m.	Committee Meeting	School of Dental Surgery.
7.15 for 7. 30 p.m.	Dinner (Dinner Jacket)	Adelphi Hotel
Sunday	Dispersal	

ORAL SURGERY CLUB

ANNUAL GENERAL MEETING AT LIVERPOOL

Saturday, April 14th, 1951

at 9. 15 a.m. at

THE SCHOOL OF DENTAL SURGERY, BOUNDARY PLACE, LIVERPOOL 17.

A G E N D A.

1. Minutes of the previous General Meeting.
2. Matters arising from the Minutes.
3. Secretary's Report and Accounts (Accounts attached).
4. Installation of the President Elect, Professor H. H. Stone as President.
5. Election of Committee and Office Holders.

   Present Committee composed as follows:-

   PRESIDENT AND PAST PRESIDENT EX-OFFICIO

   Members: Brig. R. A. Broderick.
   Mr. T. Jackson.
   Professor F. C. Wilkinson.
   Professor J. Boyes.
   Hon. Sec. Mr. R. S. Taylor.
6. Place and Date of next Meeting.
7. Candidates for Membership (List attached).
8. Any other Business.

ORAL SURGERY CLUB

STATEMENT OF ACCOUNTS AS ON 28th FEBRUARY, 1951.

Balance at Bank 28th Feb. 1950	£170. 4. 0.	Edinburgh Meeting	£148. 19. 3.

THE ORAL SURGERY CLUB.

LIVERPOOL, 14th APRIL, 1951.

CLINICAL CASES.

2.30 p.m.

President. Professor H.H. Stones.

ORAL SURGERY CLUB.

LIVERPOOL - Saturday, 14th April, 1951.

CLINICAL CASES.

Mr. Hugh Reid and Mr. A.C. Brewer.

Epithelioma of Upper Jaw.	Chair No. 1.
Cavernous Haemangioma Involving the Lip, Cheek, Tongue, Tonsil and Palate.	Chair No. 2.
Mixed Salivary Tumour of the Palate - Treated.	Chair No. 3.
Malignant Secondary Supra-Clavicular Glands, Primary not Discovered.	Chair No. 4.
Chronic T.B. Adenitis.	Chair No. 5.
Sequestration Dermoid behind Right Ear.	Chair No. 6.
T.B. Glands of Neck.	Chair No. 7.
Dental Cyst - Treated	Chair No. 8.
Recurrent Epithelioma of Left Ear.	Chair No. 9.

Mr. J.W. Hallam.

Permanent Tracheotomy Tube.	Chair No.10.
Dental Cyst. DENTIGEROUS CYST	Chair No.34. CHAIR No. 47
Glassoma (Table Demonstration)	

Mr. J. Osborne and Mr. J.W. Hallam.

Lupus	Chair No.11.
Rodent Ulcer	Chair No.12.
Squamous Cell Epithelioma of Upper Lip and Alveolus.	Chair No.13.
Bilateral Cleft Lip and Palate	Chair No.14.

Mr. J. Osborne.

Macroglossia	Chair No.15.
Trismus of Right Mandibular Joint and Agenesis of Ascending Ramus.	Chair No.16.

Mr. R. Kennon.

Maldevelopment of Left Side of Face	Chair No. 17.

Professor H.H. Stones.

Cavernous Sinus Thrombosis and Osteomyelitis of Jaw.	Chair No. 18.
Osteogenesis Imperfecta	Chair No. 19.
Paget's Disease	Chair No. 28.
Leucokeratosis (?)	Chair No. 29.
Unilateral Hyperplasia of Condyle	Chair No. 30.
Delayed Eruption.	Chair No. 31.
Dentigerous Cyst obliterating Maxillary Sinus.	Chair No. 32.
Lichen Planus Ruber.	Chair No. 35.
Geographical Tongue.	Chair No. 36.
Diffuse Gingival Fibromatosis.	Chair No. 37.
Behcet's Syndrome (?)	Chair No. 38.
Epanutin Hyperplasia.	Chair No. 42.
Epanutin Hyperplasia.	Chair No. 43.

Dr. J.S. Fulton.

Epithelioma of Lip	Chair No. 21.
Epithelioma of Lip	Chair No. 22.
Epithelioma of Floor of Mouth.	Chair No. 23.
Epithelioma of Floor of Mouth.	Chair No. 24.
Epithelioma of Alveolus,	Chair No. 25.
Epithelioma of Soft Palate	Chair No. 26.
Salivary Tumour of Hard Palate	Chair No. 27.
Treatment of Malignant Involvement of Jaw Bones (Table Demonstration)	

Professor H.H. Stones, Mr. R. Kennon and Mr. J.W. Hallam.

Osteoclastoma of Mandible	Chair No. 33.

Dr. G. Graham Macphee,

Bilateral Mandibular Cyst. Chair No. 39.

Mr. J.S.H. Collinge.

Dentigerous Cyst. Chair No. 40.

Paget's Disease Chair No. 41.

Mr. J.E.G. McGibbon.

Postoperative Carcinoma of Palate Chair No. 44.

Mr. H.G. Watkin and Mr. J.B. Oldham.

Surgical Correction of Mandibular Protrusion. Chair No. 45.

Surgical Correction of Mandibular Retrusion. Chair No. 46.

EPITHELIOMA OF THE LIP.

Methods of Treatment

(a) Surgery
(b) X-rays
(c) Radium or Radon seed implantation
(d) Radium Mould - the best method.

1. DEMONSTRATION DOUBLE RADIUM MOULD
2. PATIENT showing cosmetic result following treatment limited to lip.
3. PATIENT showing result following treatment of more extensive lesion extending on to cheek.

EPITHELIOMA OF FLOOR OF MOUTH

Methods of treatment

(a) Single plane radium mould
(b) Radium mould plus submental implant
(c) Double radium mould.

1. DEMONSTRATION DOUBLE RADIUM MOULD
2. PATIENT untreated, with typical lesion, with mould ready for loading.
3. PATIENT - showing end result.

EPITHELIOMA OF ALVEOLUS

Methods of treatment

(a) Radium mould
(b) X-rays

PATIENT after treatment of advanced lesion by X-rays

EPITHELIOMA OF SOFT PALATE

Method of treatment
X-ray only satisfactory method.

PATIENT - not yet started treatment.

TUMOUR OF HARD PALATE

Methods of treatment

(a) Radium mould
(b) Mould plus implant

PATIENT - salivary gland tumour treated by mould plus implant
X-ray films of implant
Histological slide

INVASION OF MANDIBLE BY MALIGNANT DISEASE

Prints of case treated by X-rays.

1951 Paris - October

ORAL SURGERY CLUB.

Paris Meeting, October 24th,- October 28th, 1951.

PROGRAMME.

Date and Time.	EVENT.	Location.
Wed Octpber 24th,	Assembly.	
Thurs. October 25th.		
10.00	Maxillo-facial surgical operations Dr. Ginestet.	Foch Hospital in Suresnes.
14.00	Visit to a department.	Cancer or Pasteur Institute
18.30.	Cocktail Party	10, Rue de Lisbonne Dr. Deliberos.
Friday October 26th.		
10.00	Maxillary surgical operations. Dr. Gerard Morel.	Beaujon Hospital.
14.00	Surgical department.	Ecole Dentaire of Paris.
Saturday October 27th,		
10.00	Maxillo-facial surgical operations Dr. Aubrey.	Saint Antoine Hospital
12.30.	LUNCHEON.	Hotel George V.
Sunday October 28th,		Dispersal.

ORAL SURGERY CLUB

AT DUNDEE ROYAL INFIRMARY

23rd March, 1956

WEST THEATRE

OPERATION FOR THYROID ADENOMA

Mrs. Charlotte CAMPBELL (55)

HISTORY: In 1935 this patient developed a swelling in R.side of neck. It progressed very slowly and caused her no upset at all. However, she had it excised by Mr. Brown (D.R.I.) in 1937. Pathology report: "Cystic adenoma of thyroid".

Within a year of this operation a small nodule appeared on L. side. This has remained small until the last 2 - 3 years. It is now a little larger, and has the same consistency of the previous swelling.

Her general health remains excellent and she is unaware of change in her wellbeing or exercise tolerance. Her only complaint is a constant desire to swallow this lump. Some huskiness of her voice, especially at night, has developed over 2/12. This is the only suggestion of a pressure symptom.

PERSONAL HISTORY: Pneumonia 1933. Removal of thyroid adenoma 1937 - otherwise well. No family history of goitre, but she knows little about her 6 siblings.

She is married - husband died 1946 - and has three children all well. Born in Ireland but came to Scotland when young.

EXAMINATION: Healthy looking woman, no dyspnoea, stridor, cyanosis or jaundice. A good witness. No nail changes. Skin warm but not moist. No nervousness, restlessness or tremor.

L. neck: A smooth rounded swelling approx. 3 cm.diameter situated at left lobe of thyroid. Moderately firm consistency; not translucent. Border diffuse, moves in vertical plane with deglutition. No pulsation or bruit. Trachea central. No other swellings in the neck.
A scar over the position of right lobe of thyroid is noted.

CLINICAL CASES
Ward 17 2 floors up

1. OSTEOMYELITIS NEONATORUM OF MAXILLA

Terence KIERNAN

HISTORY: Aged 6 weeks on admission to hospital in mid-February. Product of normal full-time delivery in D.R.I. Birth weight 8¼lbs. Breast fed.

One week prior to admission developed swelling of left cheek and bridge of nose. Penicillin started by family doctor. Abscess appeared in left lower lid after two days and child referred to ophthalmic outpatient department, being admitted from there to Ward 17.

EXAMINATION: Flushed and rather unwell. Three main features - Swelling of left cheek, abscess pointing in the everted left lower lid with much oedema round eye and bulging of left side of hard palate. X-ray showed no change in the maxilla.

PROGRESS: Progressive elevation of temperature after admission - Staph.aureus cultured from abscess proved to be insensitive to penicillin. Terramycin 40 mg. 6-hourly given producing rapid fall in temperature and continued for four weeks. By this time all signs of inflammation had resolved.

MOTHER: Painful breast when leaving hospital, but no other signs of inflammation. After admission of child a Staph. aureus was cultured from mother's nipple and soon afterwards she developed an acute breast abscess. In view of this the child was weaned.

NOTES: This is a very rare neonatal infection. It is perhaps incorrect to term it an "osteomyelitis" as the site of infection is probably in the tooth buds with which the maxilla is "stuffed" at this age. Time will show whether or not the teeth will develop normally.

Best Reference: N. Asherson, 1939. J. Laryngol. & Otol., 54 691. Acute osteomyelitis of Superior Maxilla in young children. (Report of 4 cases).

2. CYSTIC HYGROMA OF FLOOR OF MOUTH

Edward SIMPSON Born 12.3.55

HISTORY: Early January 1956 - an attack of mumps. His doctor noted that the right sublingual salivary gland was so swollen that his tongue was compressed against palate for 2 days, and he could not even drink. Over the next 4 weeks the swelling subsided, but as there was still some difficulty in feeding, he was referred to S.O.P.D. on 9.2.56. Admitted 23.2.56.

PERSONAL HISTORY: F.T.N.D. Breast fed. Normal progress in the subsequent months. Nothing unusual noted about appearance. No other illnesses. Immunised but not vaccinated. Siblings: 3 sisters - 6 yrs. 3 yrs. 1/12. No family history of illness or disease.

EXAMINATION: Healthy looking child, fully alert and active. Good colouring; mucous membranes of normal appearance. Breathing is noisy but in no way restricted. No nail change. Skin: no lesions, not icteric. General standard of nutrition good. Normal muscle tone.

The positive findings on examination were limited to swelling about the jaw:-

(1) Sublingual swelling: Ramula type of swelling from the floor of the mouth, displacing tongue upwards and backwards. Uniform soft swelling, moderately translucent.

(2) Sub-mandibular swelling: Symmetrical generalised swelling below mandible. Soft, not lobulated, no discrete margin to swelling. Not translucent. Not fixed to skin.

PROGRESS:

27.2.56. Theatre. Ramula incised. Many small cysts containing clear serous fluid were opened. Tulle gras drain.

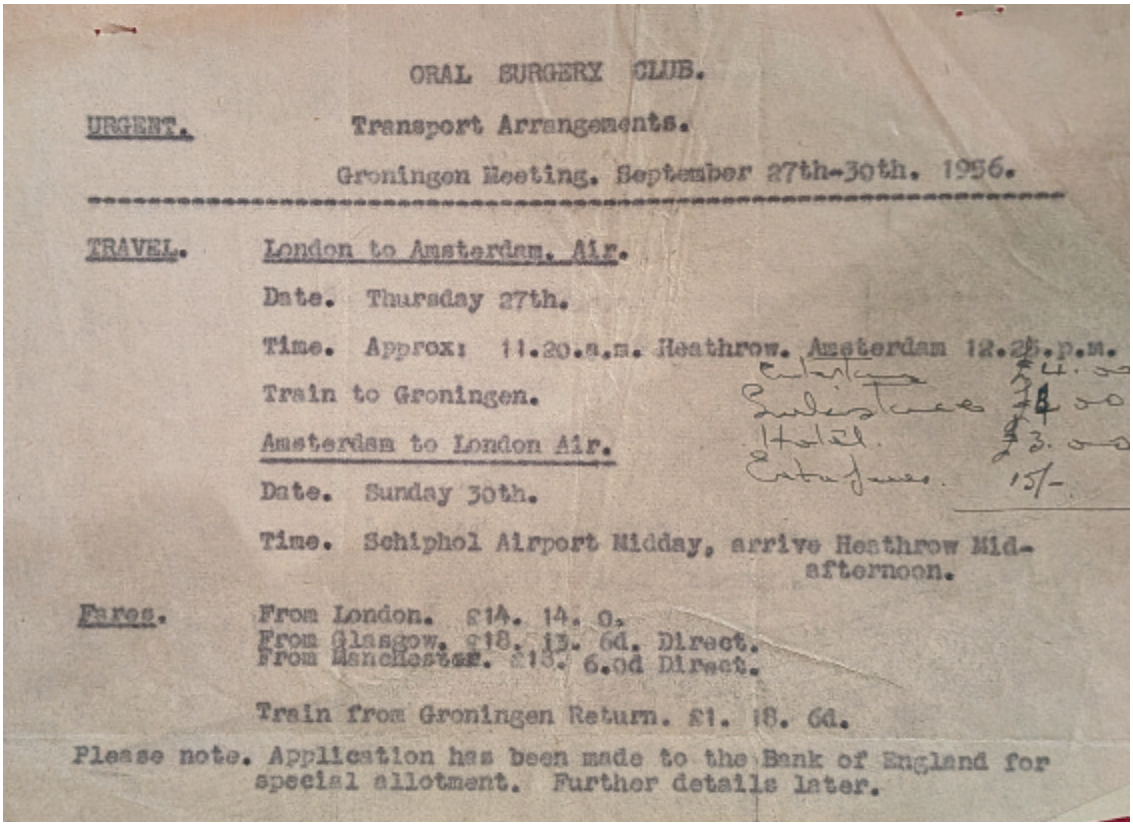

Several days later the area became infected and local oedema made feeding difficult. A course of penicillin was begun and tube feeding was necessary.

Examination of the sub-mandibular swelling at this stage showed that the left side was swelling further, and this mass became harder with its surface smoother. R. side remained I.S.Q.

12.3.56. L. sub-mandibular swelling incised. Similar but smaller cysts than those seen in ramula. Some were incised, but the whole area was firmer and would not break down easily. Drain fixed. Biopsy report: "actively growing granulation tissue, apparently a sequel to previous opening of ramula."

Child remains well. Continues to leave his mouth open from habit.

1956 Groningen - Sept

GRONINGEN, 1-8-1956

R.S.Taylor, Hon.Secretary of the Oral Surgery Club,
Number Six,
88, Portland Place, W.1.,
Langham 6106,
L O N D O N.
England.

Dear Mr.Taylor,

For the arrangement of your visit to Groningen, we should like to have some more information about your plans.

Would you please let us know as soon as is possible the hour of your arrival at Schiphol on Thursday 27th September. Have you made arrangements for transport to Groningen yourself, or do you want us to do that. We understand that you are planning to come by coach. What are your requirements as regards hotels? Prices range from 11.50 guilders (single room with bath and breakfast, first class) to 4 guilders (same without bathroom, third class). Hotel put in order of charges are Baulig, De Doelen (first class), Willems, Frigge, Friesland (second class), the Weeva (third class). Do you intend to stay Thursday, Friday and Saturdaynight in Groningen, or are you leaving for Amsterdam on Saturdayafternoon. Do let us know if you wish us to make reservations and for how long.

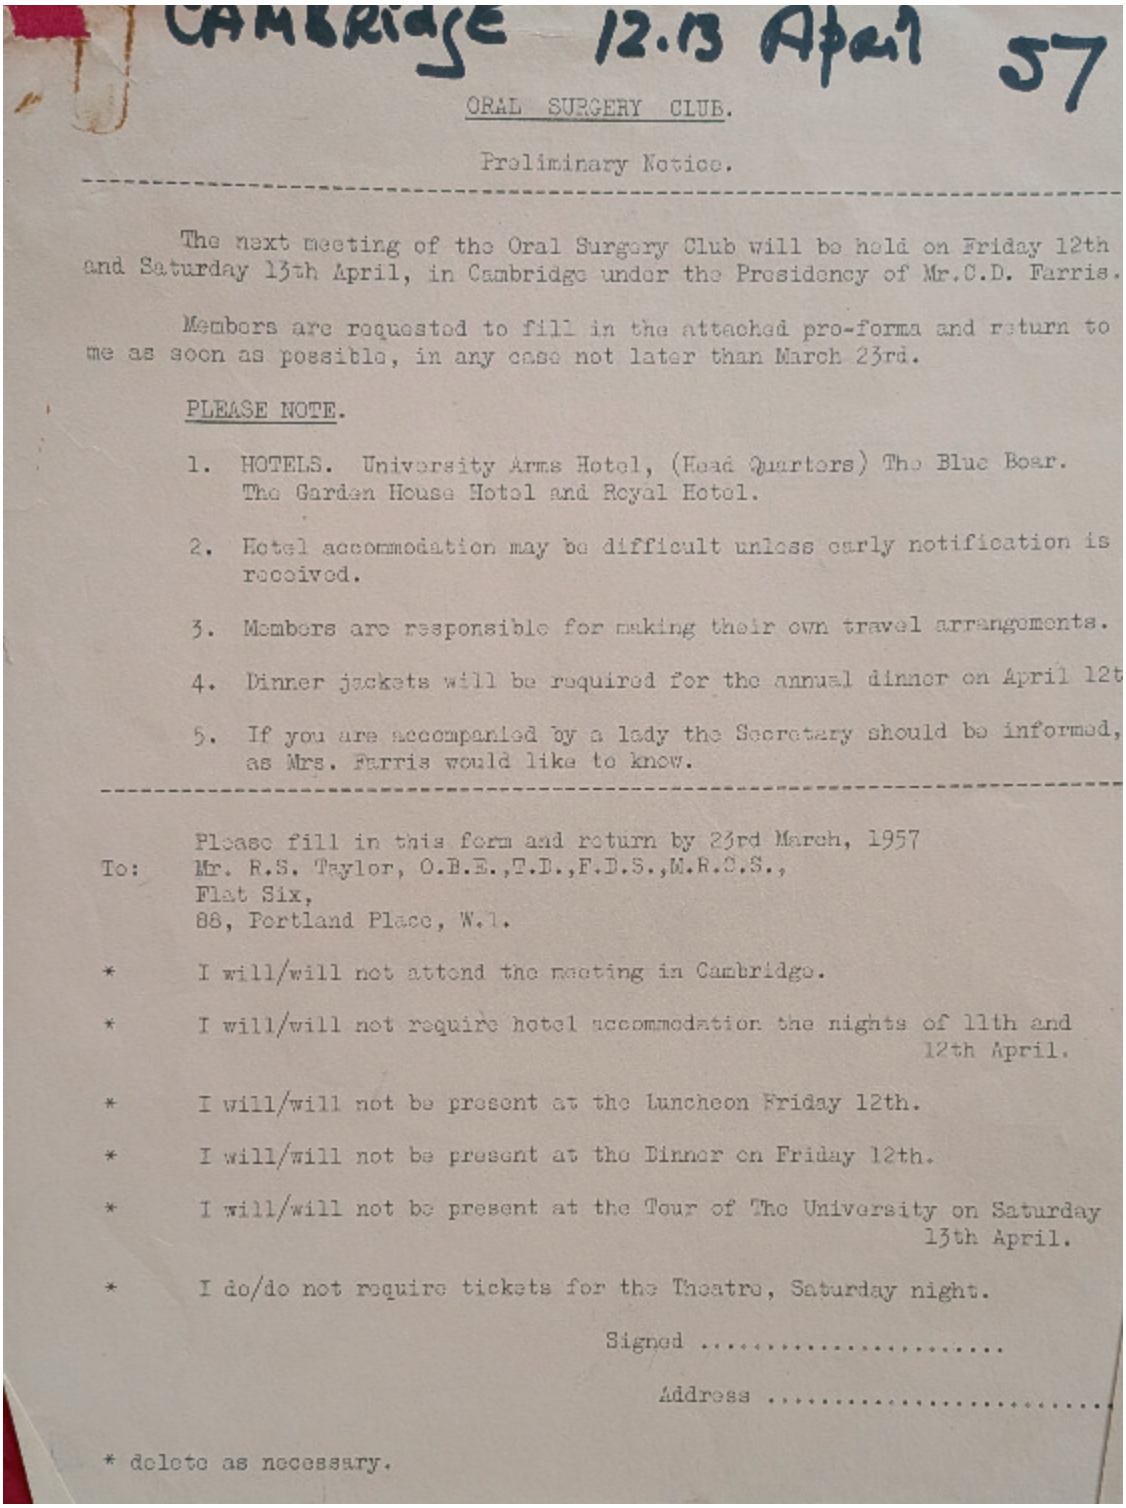

It will be a great pleasure to my wife and myself to welcome you all at our home on Thursdaynight about 8.30. This may be a good occasion to make acquaintance with one another.

We are all looking forward to your visit and I hope to hear from you soon.

Yours sincerely,

Prof.M.Hut.

1957 Cambridge - April

CAMBRIDGE 12.13 April 57

ORAL SURGERY CLUB.

Preliminary Notice.

The next meeting of the Oral Surgery Club will be held on Friday 12th and Saturday 13th April, in Cambridge under the Presidency of Mr.C.D. Farris.

Members are requested to fill in the attached pro-forma and return to me as soon as possible, in any case not later than March 23rd.

Dr. Obwegeser,
Zahnarztliches Institut Der Universitat Zurich,
Zurichbergstrasse 4,
Postfach Zurich 28.

Dear Dr.Obwegeser,

Just a line to say how very much I enjoyed your demonstration and operating technique when I came to see you with the Oral Surgery Club in October.

You may recollect that when we were talking about this and that at dinner, I said that I would send to you some of my pins. I am sending four screw pins, one hand key to put them in, one guide and tissue retractor, and one 3/32nd twist drill, which will fit into a dental handpiece. I link the pins together usually in threes by a slightly curved rod, using Clouston Walker universal joints. The procedure I usually adopt is to decide on a point of entry through the skin in relation to the manually reduced fractured fragment, and make about a 3/8 of an inch skin incision through fascia, and then blunt dissect down, using Mosquitos, down to periosteum, and then insert the tubular tissue protector and guide, with the twist drill in the handpiece. This goes down the tube to the cortical plate, and when angulation and position are satisfactory, a few turns and the jaw is penetrated. I remove the twist drill carefully, and immediately slide down the pin, the snub-nose of which enters the cavity, and then five or six half turns is usually sufficient to have the pin firmly engaged in the bone. After final reduction and tightening up of the universal joint, if there is any skin drag on the pins, I think it is better to make a clean incision through the tissue into the pin line passively, and sew up the incisions. I usually wrap a fair amount of Vaseline tape around the pins pressing into the skin, which controls some of the oedema and prevents the tissue rising up the stem of the pin. When the time comes for removal, after undoing the universal joints, it only needs at the most a complete turn with the key on, and then the screws are only finger tight, and are easily removed.

If you find them to your liking, and you want some more, Messrs. Down Bros. and Mayer & Phelps Ltd., of Church Path, Church Road,Mitcham, Surrey, are making them for me again, but please ask for the revised pattern.

/ I hope

The Dean,
The Medical Faculty University,
Zurich.

Dear Doctor,

On Friday and Saturday, October 17th and 18th, as a member of the English Oral Surgery Club, I was a guest of Professor Schmuziger at the Dental Institute, and heard papers and saw operative techniques by Dr. Obwegeser.

I feel that it would be remiss of me if I did not convey to you how much I was impressed by both the approach and skill exhibited by Dr. Obwegeser. I found my visit wonderfully instructive, and I feel that Dr. Obwegeser is worthy of great commendation and should go far in the chosen speciality of oral and plastic surgery.

I remain,

Yours sincerely,

A. Weldon Moule, F.D.S. R.C.S.,
Maxillo-Facial & Oral Consultant to the
Manchester Regional Hospital Board,
Consultant H.M. Royal Navy.

AWM/FW

4th May 1959

Miss Allen, Matron,
Withington Hospital.

Dear Matron,

I am sure you will be very pleased to know that the Oral Surgery Club meeting, which was held here on Saturday, was most successful, and we are most grateful for the facilities you offered to us.

Yours sincerely,

A. Weldon Moule, F.D.S. R.C.S.,
Consultant Oral Surgeon.

AWM/FW

4th May 1959

Mr. W.H. Ashton,
Administrative Officer,
Withington Hospital.

Dear Mr. Ashton,

I am sure you will be very pleased to know that the Oral Surgery Club meeting can be ranked as one of the best in the history of the Club, and I would like to say to you how much I appreciate all the work undertaken on my behalf by the many members of the hospital staff.

I have made my tangible thanks to Mr. Hughes and his immediate assistants.

Yours sincerely,

A. Weldon Moule, F.D.S. R.C.S.,
Consultant Oral Surgeon.

AWM/FW

4th May 1959

Miss Joan Irwin, M.A., F.H.A.,
Secretary,
Manchester Dental Hospital.

Dear Miss Irwin,

I am sending this note to you to say thank you very much for all the background help you gave in the organisation of the Meeting on Friday. Perhaps you will be kind enough to convey my sincere thanks to all the members of the staff who helped to make that day so smooth and successful.

Yours sincerely,

A. Weldon Moule, F.D.S. R.C.S.,
Consultant Oral Surgeon.

AWM/FW

4th May 1959

Sidney S. Rose, Esq., F.R.C.S.,
Consultant Surgeon,
Withington Hospital.

Dear Sidney,

I feel I must send a note to you to say how very much I personally and the meeting in general appreciated your lucid and interesting lecture. Listening afterwards, I know that several members now feel that they will be able to offer some help in cases which previously have been rather resistant to their ministrations.

Again thank you very much.

Yours sincerely,

AWM/FW

4th May 1959

Lt. General Sir Alexander Drummond,
Q.H.S., K.B.E., C.B., F.R.C.S., D.L.O.,
Director General Army Medical Services,
The War Office, London, S.W. 1.

My dear Drummond,

I am enclosing a copy of an analysis on adamantinoma which I was not in time to to give you before you left for the various confounded commitments which dragged you away from the meeting. Anyway, I must be very pleased that you found such time as you did to be with us.

Looking forward to seeing you at our next meeting.

Yours very sincerely,

Rupert S. Taylor, Esq., F.D.S. R.C.S.,
16 Hallam Court,
77 Hallam Street, London W.1.

Dear Rupert,

Thank you for your letter about the Bristol meeting of the Oral Surgery Club. I shall look forward to being present.

Best wishes,

Yours sincerely,

16, Hallam Court, 77, Hallam Street, London. W.1.

16 Hallam Court,
77 Hallam Street, W.1.

Dear Mr. Taylor,

Mr. Moule is away on holiday at the moment, and I have had a query from the Regional Hospital Board regarding his request for leave to attend the Oral Surgery Club at the end of this month. I wondered if you would be kind enough to let me know some details about the meeting, particularly as to where it is being held in Madrid, which hospital or university.

Yours sincerely,

Secretary to A.W. Moule,
Consultant Oral Surgeon.

Mr A.W. Moule

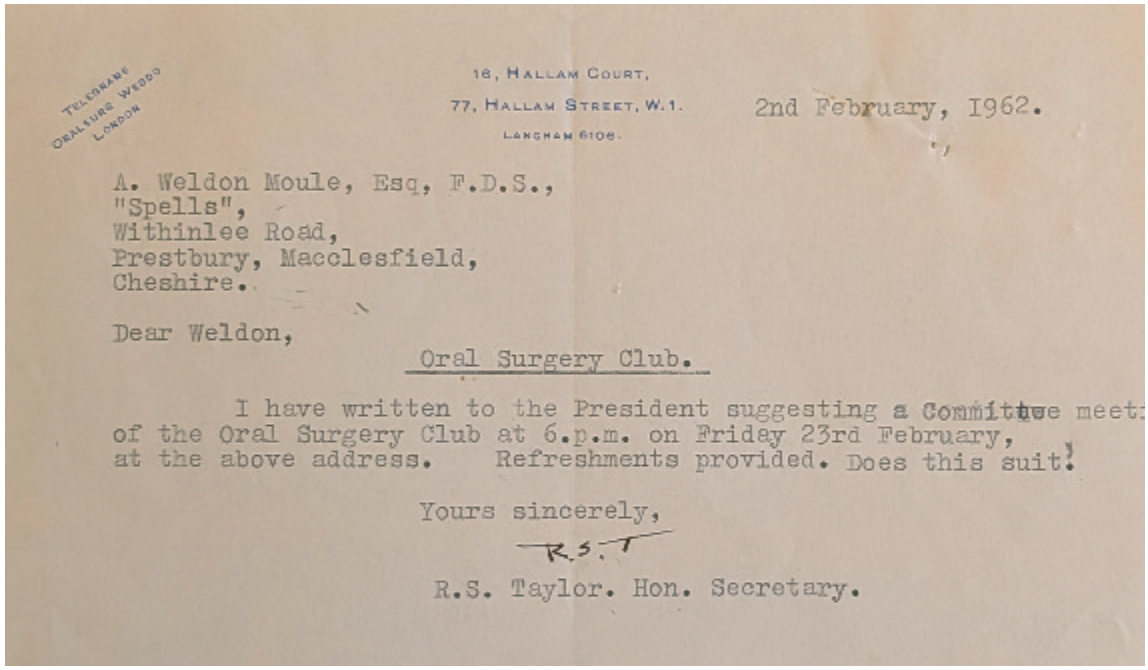

Dear colleague:

I am sorry, not be possible to send you the bottle of sherry as I had promised, but it is too much expensive the portage (300 pesetas, about £2) and afterwards you must pay as tax £1. s 8. d 9. It is not worthwhile.

Sincerely yours
Calatrava

9th February 1962

R.S. Taylor, Esq.,
16 Hallam Court,
77 Hallam Street, W.1.

Dear Rupert,

I will be coming down with Freddie Monks on the 23rd February, and look forward to seeing you then.

Yours sincerely,

(ALAN MOULE)

A Committee Meeting of the Oral Surgery Club was held at 6 p.m. on Friday 23rd February 1962, at 16, Hallam Court, Hallam Street, London W.1.

The President, Mr.T.G.Scott was in the Chair and the following were present - Mr.R.S.Taylor, Secretary;
Mr.I.H.Heslop, Assistant Secretary;
Professor C.L.Howe;
Mr.F.T.Monks;
Mr.A.W.Moule;
Mr.R.O.Walker.

The Minutes of the previous meeting were read, approved and signed. There were no matters arising from the Minutes which were not covered by the Agenda.

Secretary's Report.

a. The holding of the International Conference in Oral Surgery, in London, in July 1962 was noted.

b. The Committee of the proposed British Association of Oral Surgeons had written requesting a list of suitable founder members. A full list of the members of the Oral Surgery Club had been sent without comment.

c. The Autumn Meeting of the Club was to be held in Ipswich, on October 19th and 20th, i.e. a whole day meeting and the Dinner on the Friday and a half-day meeting on the Saturday.

d. Foreign Meeting. It was agreed to hold none in the Spring of 1962, in view of the numerous meetings of other sorts coming up in the months ahead.
Vienna and Russia were both suggested for the Foreign Meeting for 1963, with a strong preference for the former.

Membership

a. The Committee expressed the wish to offer Honorary Membership of the Club to Mr.T.Hall Felton and the Secretary was asked to write to him.

b. There are at present no vacancies for Ordinary Membership.

Secretariat of the Club

The Secretary suggested and the Committee approved

Committee Meeting Oral Surgery Club.

4th April, 1962.

Dear Weldon,

I have just heard from Radden - apparently we have again been unfortunate enough to choose the date of the Wilkinson Lecture for the Oral Surgery Club meeting. Have you any comments?.

It would be difficult for the Oral Surgery Club meeting, but it might be possible to alter the emphasis from the Friday to the Saturday.

My best wishes,

Yours,

Rupert

xx 8111

6th April 1962

Rupert S. Taylor, Esq., F.D.S.,
16 Hallam Court,
77 Hallam Street, London W.1.

Dear Rupert,

Thank you for your letter. It is rather unfortunate that the Wilkinson lecture should clash with the Oral Surgery Club meeting. If there is any way that you can eventually alter the date of the Oral Surgery Club meeting, I reckon it will just have to stand. I think that probably Freddie Monks and I will be able to get down, but of course Radden and Janes will be rather obliged to stay back in Manchester. One of the problems is not so much the Wilkinson lecture, as the fact that the School has its "At Home" on the same day. As the whole problem only affects a potential of four of us, I do not see any reason why, if you cannot alter the date, you should make any change in the emphasis in the programme at Ipswich.

Kind regards,

Yours sincerely,

(ALAN MOULE)

N. Hogan, Esq, F.D.S.,
16, Upper Fitzwilliam Street,
Dublin, Ireland.

Dear Hogan,

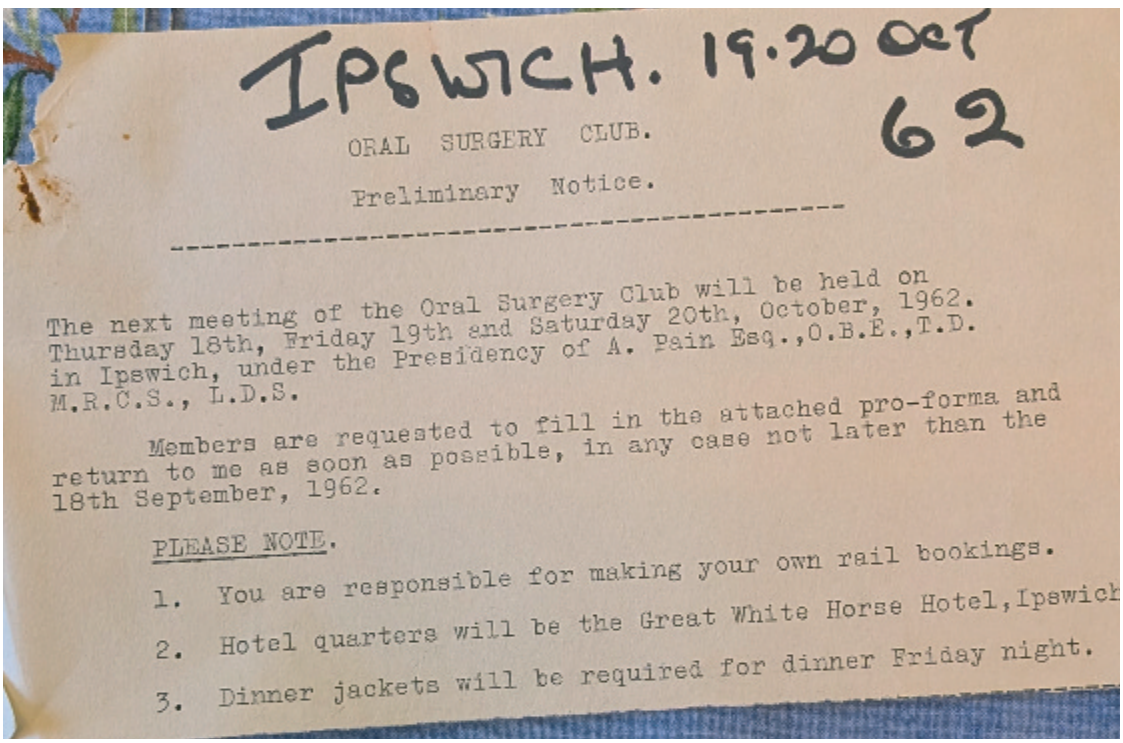

The Oral Surgery Club would be delighted if you would do them the honour in becoming a Member. For your information I am enclosing a copy of the Rules. It has been the policy of the Club for sometime not to allow the membership to rise above forty, and they ~~hope~~ are considering allowing it to fall below this number.

Perhaps you will let me know as soon as possible your decision as I would like to have the privilege of enrolling you before handing over the Secretarialship.

My best wishes,

Yours,

R S Toft

IPSWICH. 19.20 Oct 62

ORAL SURGERY CLUB.

FROM MR. V. E. IRELAND.

Oct. 21st. 1962.

Dear Rupert,

As promised here are the names of the three people who have a tremendous help to me in arranging the meeting at Ipswich.

Miss H. M. Cross, Secretary, Dental Department. — Anglesea Road Wing, Ipswich and East Suffolk Hospital, Ipswich.

Mr. D. Lambert, Hospital Engineer. — "

Mr. Morsley, Catering Officer. — "

I have thought over your suggestion for dealing with the Catering Officer and have come to the conclusion that a cheque would be more appropriate in this instance than a bottle of whisky.

I would like to suggest that you send each of them a cheque for two guineas.

I will send on the bills for the dinner etc. as soon as I can collect them.

I must confess that it is a great relief to have got the meeting over - it is the first time that I have attempted anything of this kind- butbeveryone was very kind and so very

"Trees",
Hook Heath Avenue,
Woking.

Dear Heslop, Oral Surgery Club.

I am sending you the Office Copy of Members corrected todate.

You will want to write to the Essayists.
✓ Broadway's address is - 3, Thornley Drive, Ipswich, Suffolk.
✓ Mr. F.L.F. Innes, - 445, Unthank Road, Norwich, Norfolk.
✓ Dr. H.A. Fleming, - 12, Barrow Road, Cambridge.

To thank them for their contribution, you should
✓ also write to Gray at Ipswich & East Suffolk Hospital, Anglesea Road Wing, Ipswich, Suffolk. to thank him for his clinical demonstration.

I personally am writing a letter of thanks to Ireland. I have sent cheques of £2.2.0d to each of the following:- Miss Cross, The Secretary, Mr. Lambert, the engineer, and Mr. Morley the Catering Officer.

I hope you enjoyed the meeting, personally I thought Ireland put on a very good show.

My best wishes,

Yours sincerely,

R S Taylor

Dear Rupert,

Thank you for your letters. I have cancelled the rooms for John Hovell and Sir Alexander Drummond. I am not quite clear whether Sir Alexander Drummond is going to be present for the whole of the meeting including lunch on Friday.

I think I should mention that the car parking facilities both at the Great White Horse Hotel and at the hospital are extremely meagre. Visitors to the Great White Horse are usually advised to put their cars on the main car park which is quite close by. If members come to the hospital in their cars they will have to park them in the streets around the hospital.

I am trying to arrange for the hospital 'bus to transport the members from the Great White Horse to the hospital. This will mean two runs as the bus holds only 12 but this will mean delaying the start a little, namely until 9.45 instead of 9.30

Yours sincerely,

16, Hallam Court, 77, Hallam Street, London. W.1.

Dear Victor,

Oral Surgery Club, Your ref: VEI/HMC.

Thankyou for your letter of the 12th inst: Drummond will only be present for the lunch on Saturday, and the meeting on that day, he so busy with Civil Defence duties.

I have just heard from MacLennan that he cannot attend the meeting and has written direct to the Manager of the Great White Horse and cancelled his room.

I have heard from Geofry Howe that he has invited a personal guest (Mr. P. Burke.) to the Friday night dinner.

Enclosed please find up todate Lists of the Meeting.

I note your remark about cars, and think your idea of the Hospital bus most excellent.

Looking forward to seeing you Thursday evening.

My very best wishes and thanks,

Yours sincerely,

R.S. Taylor.

Anglesea Road Wing,
Ipswich, Suffolk.

Dear Victor,

Oral Surgery Club.

Thankyou for your letter of the 1st inst: I have written to Langley.

I think your idea Bonne Mascot as a sweet is a most excellent one. I will go into the matter of Port with the Manager on Thursday night (the 18th) Taylor's 45 and Graham's 45 are both excellent.

The luncheon menu of :- Clear Soup - Steak and Kidney pie - Fruit Salad and cream - cheese - Biscuits and coffee will be an ideal one. I suggest Worthington or Bass be drunk with the meal.

My best wishes,

Yours,

36, WARRINGTON ROAD,
IPSWICH.

V.E. Ireland, Esq, F.D.S.,
Ipswich & East Suffolk Hospital,
Anglesea Road Wing,
Ipswich, Suffolk.

Dear Victor.

Oral Surgery Club.

Thank you for your letter of the 23rd inst: which was awaiting me on my return.

As regards the Menu I suggest as follows:-

Ist Course.	Cream off Asparagus Soup.
Entree.	Roast saddle of lamb & red C. jelly.
Sweet.	Fruit Tart and Ice cream.

Biscuits and cheese. Coffee.

I make this to be a 16/6d Menu, I would be prepared to go to 18/- should the Manager think it wise.

There will of course, be a reception before the meal - when gin and sherry will be served.

Both in the case of Dinner and Saturday luncheon, Wines are as follows:-
Dinner. I would suggest. W. Hallgartener Riesling. and the E. Côte de Beaune.

After dinner I would like to have circulated a Port but only one on the list is a Tawny - perhaps I can discuss this with the Manager on Thursday evening, after the Committee Meeting, at which you are invited to be present. 8.30.p.m. 18th October, Great White Horse.

Brig. Clark, C.B.E., will be attending the dinner as my guest. I intend to sit him near Grahame Waraack.

You will have to nominate someone to reply to the Toast of the Guests - which will be proposed by the President the person who replies to the Toast to the Guest - proposes the Toast of The Oral Surgery Club. - it means only two

TELEPHONE IPSWICH 52572

FROM MR. V. E. IRELAND.

Oct 1st 1962

Dear Rupert

Oral Surgery Club

Thankyou for your letter dated Sept 27th.

I have spoken to our Senior Surgeon G. F. Langley Esq, Ch.M. F.R.C.S. who would like to come to our dinner. He protests that he is no good at speeches but will undertake to reply for the guests and proposes the toast of the Oral Surgery Club. Will you kindly send him an official invitation:

G. F. Langley Esq Ch.M, F.R.C.S.
34 Henley Rd. Ipswich.

I have seen the manager at the Great White Horse who suggests that we might have Bonne Mascot (Ice-cream + peaches soaked in Kirsch) as an alternative to the sweet - This would bring the price up to 18/=.

He can supply a vintage port
Taylor's 1945 or Graham's 1945
With either of these ~~do~~? I forgot to
note the price but I think they are
~~extravagant~~ expensive.

You have not mentioned lunch
on Saturday. The normal price
for lunch is 11/6 (3 courses with coffee
or 12/6 with cheese / dessert)
What about
Clear Soup
Steak & Kidney Pie
(or Roast Beef)
Fruit Salad & Cream
Cheese & biscuits
Coffee.
?

Would you let me know your
wishes?

Yours sincerely
Mike

Dear Rupert,

Thank you for your letter dated 10th September. I am glad you think the film on wisdom teeth will do.

Eddie Broadway has offered to make a short contribution on "The Treatment of Lost or Missing Upper Incisors" (the precise title is yet to be decided). This could probably be fitted in the morning programme.

The addresses of Fleming and Innes are:-

Dr. H. A. Fleming,
Regional Cardiac Unit,
Papworth Hospital,
Papworth Everard,
Cambridgeshire.

Mr. F. L. F. Innes,
West Norwich Hospital,
Bowthorpe Road,
Norwich.

I will confirm as soon as I can whether they need accommodation for Friday night.

I would like you to invite my colleagues, E. S. Broadway and W. Gray, and my House Surgeon, P. Sapat. (We do not have a Registrar). I will find out whether the Chairman of the Medical Staff would like to come and if he would not I will ask the Senior Surgeon.

Dear Victor.

Oral Surgery Club.

Thank you for your letter of the 12th inst:. I am enclosing a list of members attending, also one for you and The Manager of The Great White Horse who wish accommodation, and one of the names of members who are staying for Friday lunch, Friday Dinner and Saturday lunch. The closing date I have made the 18th September, so if there are any more " comers" my Secretary will let you know, as I am off to the Western Isles for 10 days. I am sending formal invitations to the people you have mentioned.

My best wishes,

Yours,

16, Hallam Court, 77, Hallam Street, London. W.1.

10th September, 1962.

Dear Victor,

Please forgive my not replying to your letter before this. My Secretary has been away and that means administrative paralysis.

I am delighted you have got the film, the fifteen minutes running time will be quite sufficient, and we can have a jolly good discussion on wisdom teeth. I would humbly suggest that a projector be available in case any of the members wish to show slides.

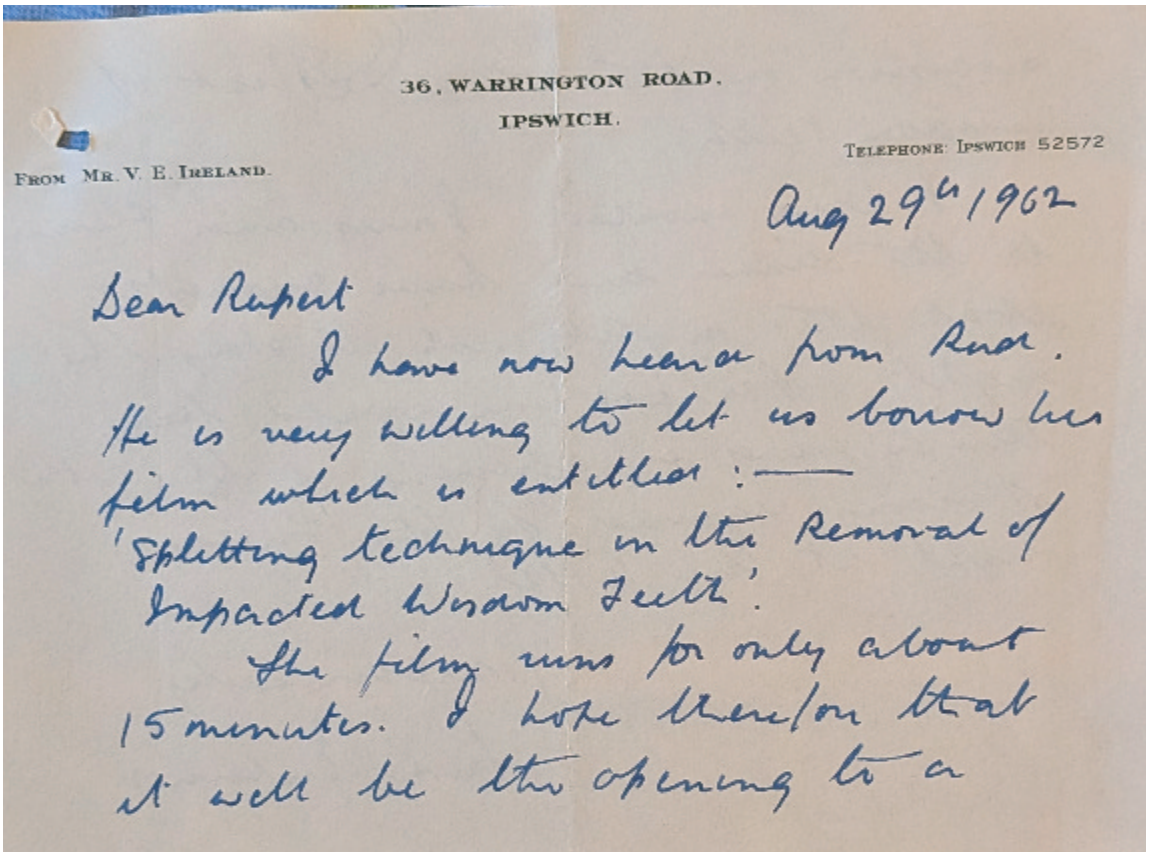

I note you have asked Innes and Flemming to the dinner, if you will let me have their addresses I will send an official invitation from the President and members, I note they may require rooms for the Friday night, I will be pleased to have this comfirmed as soon as possible.

Are there any other people you wish to receive official invitations to the dinner? for instance the Chairman of the Medical Staff Committee of your Hospital Group. Your Registrar who will undoubtedly have a lot of work to do, and what about your fellow dental consultants? I quite agree I do not want to extend the list too much - but there are certain people we would be wise to ask. Let me have your observations please.

I hope to be sending you the list of members attending within the next two or three days.

My best wishes,

Yours,

36, WARRINGTON ROAD.

Dear Rupert,

Thank you for your letter and the draft programme for the meeting in October.

I have still not heard from Rud about the film and we may have to cook up a discussion or another paper for the morning. I think it would be possible to arrange for both lunch and tea at the hospital on 19th October.

You appear to have allowed rather a long time for the papers in the afternoon. I do not expect that Mr. Innes' paper will be more than 30-40 minutes so that one hour to include time for discussion would be ample, and probably the same would be true of Dr. Fleming's paper. If the afternoon were to be 2.15 for the first paper and 3.15 for the second, this would seem to me to be a better arrangement.

I will let you know as soon as I am able the arrangements for the morning of 19th October.

Yours sincerely,

V. E. Ireland

Dear Rupert,

Oral Surgery Club Meeting

Thank you for your letter dated 27th July. The papers for the afternoon of 19th October will be:-

"Methods of Replacement of Lining of the Mouth"
by F. L. F. Innes, Esq., M.B., F.R.C.S.,
Consultant Plastic Surgeon, West Norwich Hospital.

"Cardiac Arrest"
by H. A. Fleming, Esq., M.B., M.R.C.P.,
Consultant Cardiologist to the East Anglian
Regional Hospital Board.

I have not been able to settle anything for the morning. I am still waiting to hear from Rud. If he cannot bring or lend his film I will try to arrange either some additional clinical cases or perhaps another short paper.

The Saturday morning, 20th October, will be devoted to clinical cases.

Yours sincerely,

4th April, 1962.

Dear Weldon,

I have just heard from Radden - apparently we have again been unfortunate enough to choose the date of the Wilkinson Lecture for the Oral Surgery Club meeting. Have you any comments?.

It would be difficult for the Oral Surgery Club meeting, but it might be possible to alter the emphasis from the Friday to the Saturday.

My best wishes,

Yours,

MR B. W. FICKLING.
WELBECK 1882.

129, HARLEY STREET,
W. 1.

4th April, 1962.

Dear Taylor,

Most unfortunately the Oral Surgery Club meetings seem to be occuring regularly on a third Friday. For those members of the Club who are members of the Board of Faculty in Dental Surgery this inevitably means a clash as the Board meets always on the third Friday.

I realise there are many other people involved but I just thought I would draw your attention to this in the hope that it might not happen every year.

Yours sincerely,

B. Fickling

Dear Rupert Mr. Taylor,

Thank you for your letter of 28th February.

I enclose a copy of my note to the Great White Horse making provisional arrangements for our meeting in October. The Manager wished to know whether we should require any double or twin bedded rooms. He seemed confident that suitable arrangements could be made for the meeting including the dinner on Friday, 19th October.

+ As I am still not certain about suitable accommodation for the papers in the hospital, I have asked whether accommodation could be found at the Great White Horse.

Yours sincerely,

Vic Ireland

V. E. Ireland

+ I have found that we could use the library which would be very suitable.

The Manager,
Great White Horse Hotel,
Tavern Street,
Ipswich.

Dear Sir,

I am writing to confirm our conversation of 2nd March when I made a provisional booking on behalf of the Oral Surgery Club for accommodation during their meeting to be held in Ipswich on 18th, 19th and 20th October 1962.

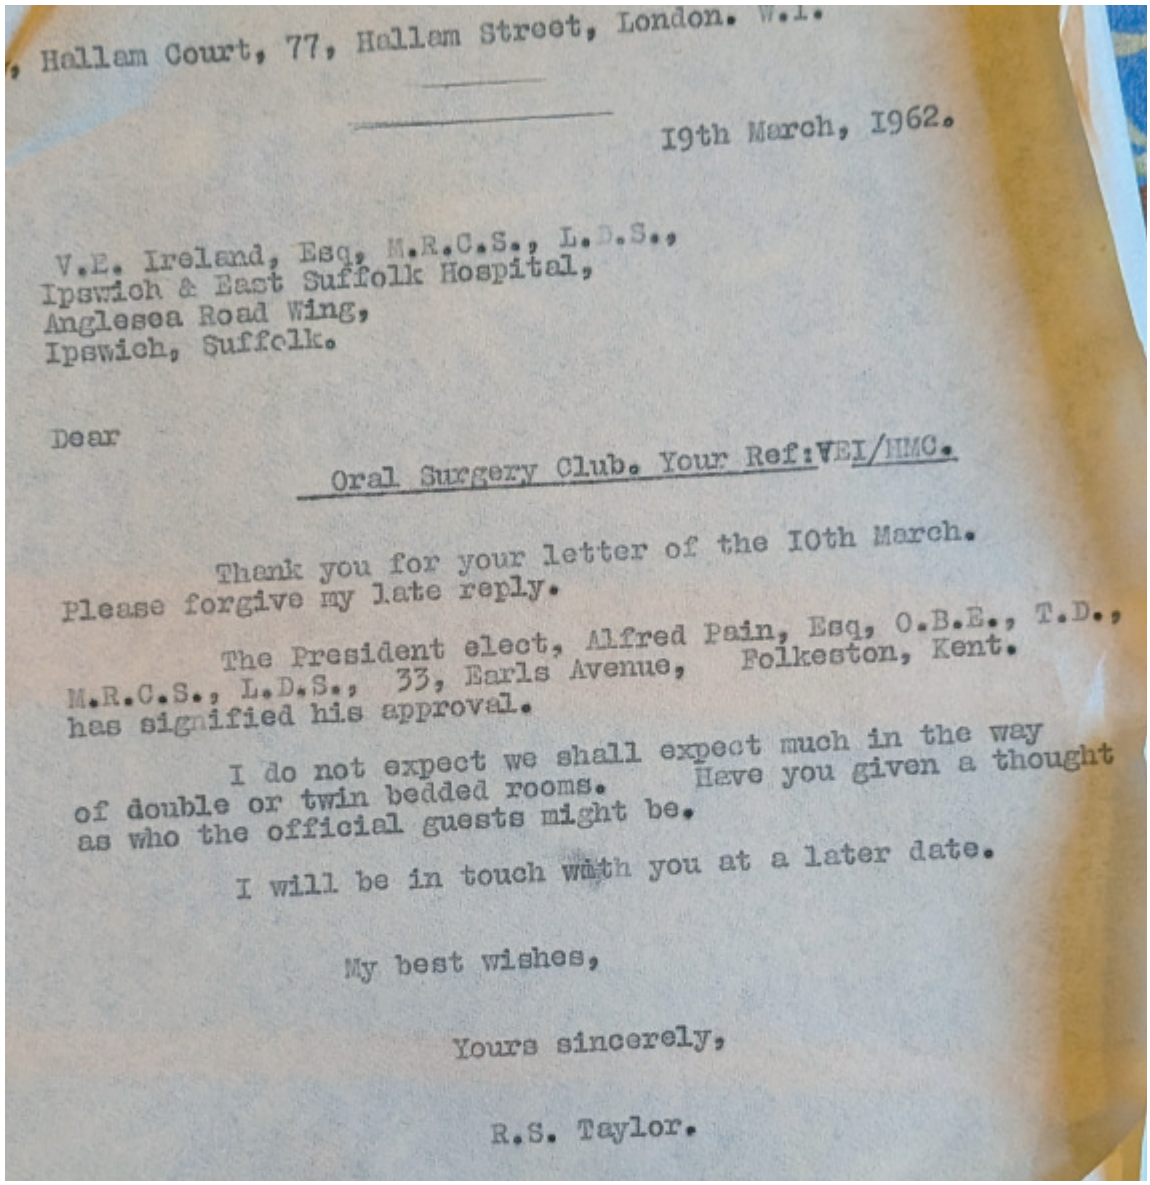

Approximately 25 single rooms would be required for the nights of 18th and 19th October and accommodation would be required for dinner for approximately 40 on Friday, 19th October. It is not yet certain whether we may need accommodation during the day time for the meeting.

I will get Mr. Sutton Taylor, Secretary of the Oral Surgery Club to confirm these arrangements when this is possible.

Yours faithfully,

V. E. Ireland

Copy to Mr. R. S. Taylor

Dear

Oral Surgery Club. Your Ref:VEI/HMC.

Thank you for your letter of the 10th March.
Please forgive my late reply.

The President elect, Alfred Pain, Esq, O.B.E., T.D.,
M.R.C.S., L.D.S., 33, Earls Avenue, Folkeston, Kent.
has signified his approval.

I do not expect we shall expect much in the way
of double or twin bedded rooms. Have you given a thought
as who the official guests might be.

I will be in touch with you at a later date.

My best wishes,

Yours sincerely,

R.S. Taylor.

16, Hallam Court, 77, Hallam Street, London. W.1.

28th February, 1962.

Dear Ireland,

Forgive my delayed reply of yours of the 11th inst: but I was waiting until the Committee met on the 23rd.

The Committee are delighted with your suggestion and are quite happy about the Great White Horse as the head quarters for The Oral Surgery Club meeting. Seckford Hall, by the way have only about eight bedrooms.

The Committee suggest assembly Thursday evening. Papers and Cases, all day Friday and Saturday morning. Dispersal Saturday mid-day.
Dinner Friday evening, General meeting Friday morning.

Dates suggested. Assembly evening 18th October. Dispersal mid-day 20th October.

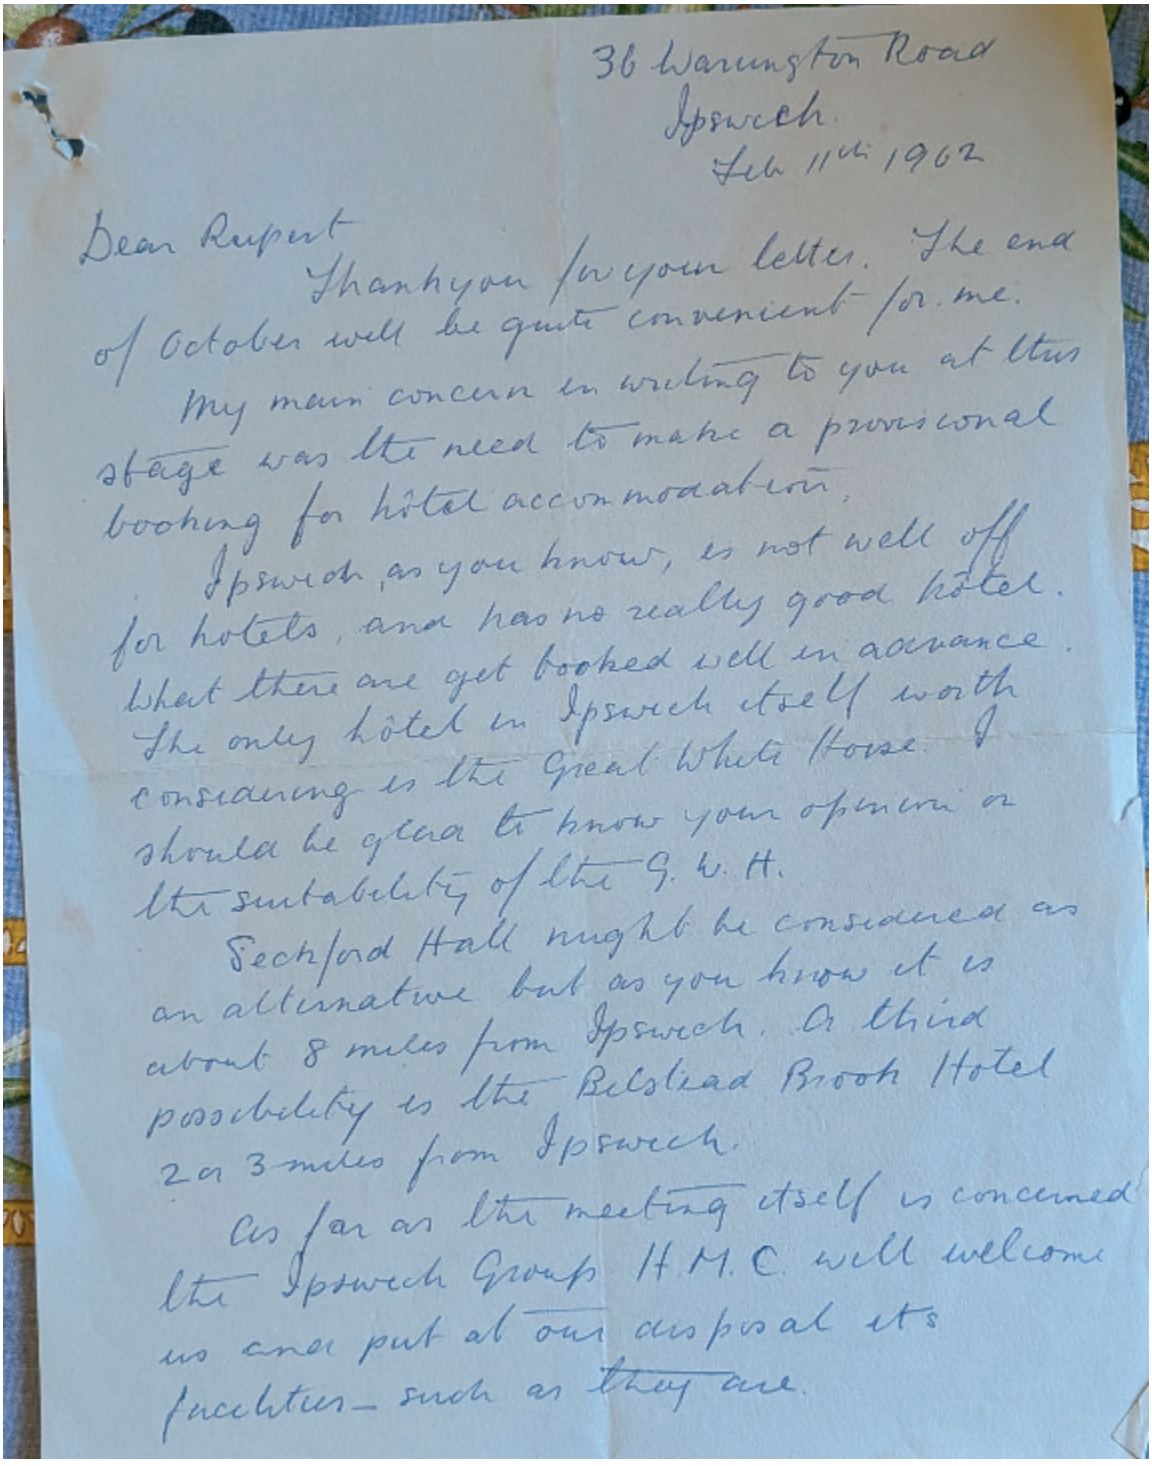

I may say the Committee are extremely keen on coming to Ipswich for this meeting, I would suggest you approach the Great White Horse now, accommodation for about 25 people, obviously we shall have to accept some double rooms

The Crown and Anchor would of course be availabl for any over flow, if difficulty arises about accommodation for the dinner (about forty people may be expected to sit down), please let me know as soon as possible as the Army may help out.

My best wishes,

Yours sincerely,

R.S. Taylor.

36 Warrington Road
Ipswich
Feb 11th 1962

Dear Rupert

Thankyou for your letter. The end of October will be quite convenient for me.

My main concern in writing to you at this stage was the need to make a provisional booking for hotel accommodation.

Ipswich, as you know, is not well off for hotels, and has no really good hotel. What there are get booked well in advance. The only hotel in Ipswich itself worth considering is the Great White Horse. I should be glad to know your opinion on the suitability of the G. W. H.

Sechford Hall might be considered as an alternative but as you know it is about 8 miles from Ipswich. A third possibility is the Belstead Brook Hotel 2 or 3 miles from Ipswich.

As far as the meeting itself is concerned the Ipswich Group H.M.C. will welcome us and put at our disposal its facilities - such as they are.

As I mentioned in Belfast the operating theatre facilities are extremely meagre and our acute and chronic shortage of nursing staff make it unlikely that we can put on theatre demonstrations.

Our new Dental Department, which we shall be proud to show, will I think be quite suitable for showing clinical cases, and a session of papers could be held in the nurses lecture room or possibly in the nurses Recreation Hall. Our local clinical Society holds its meetings in the Physiotherapy Department - the only other suitable place in the hospital but this is only available in the evenings.

Perhaps you would let me know your views about arrangements on these lines and in particular about the question of hotel accommodation.

Yours sincerely

Archie Ireland

Mr. R. Sutton-Taylor, C.B.E.,T.D.,F.D.S.,
17, Hallam Court,
Hallam Street,
LONDON, W.1.

Dear Rupert,

At the last meeting of the Oral Surgery Club in Belfast, you said that you would like to hold the next meeting in the Autumn in Ipswich.

I expressed some doubts about the availability of suitable accommodation in Ipswich for our members at such a meeting. In any case, as hotel accommodation in Ipswich is limited, and appears to get booked up in advance, I think we should get something arranged pretty soon.

I should be grateful therefore, if you will confirm that it is your intention to hold the meeting here, and if possible, if you can give me the dates and any suggestions you have from your personal knowledge of a suitable place, so that I could make some preliminary enquiries.

Yours sincerely,

2nd February, 1962.

V.E. Ireland, Esq, M.R.C.S., L.D.S.,
Ipswich & East Suffolk Hospital
Anglesea Road Wing,
Ipswich. Suffolk. Your ref: VEI/PR.

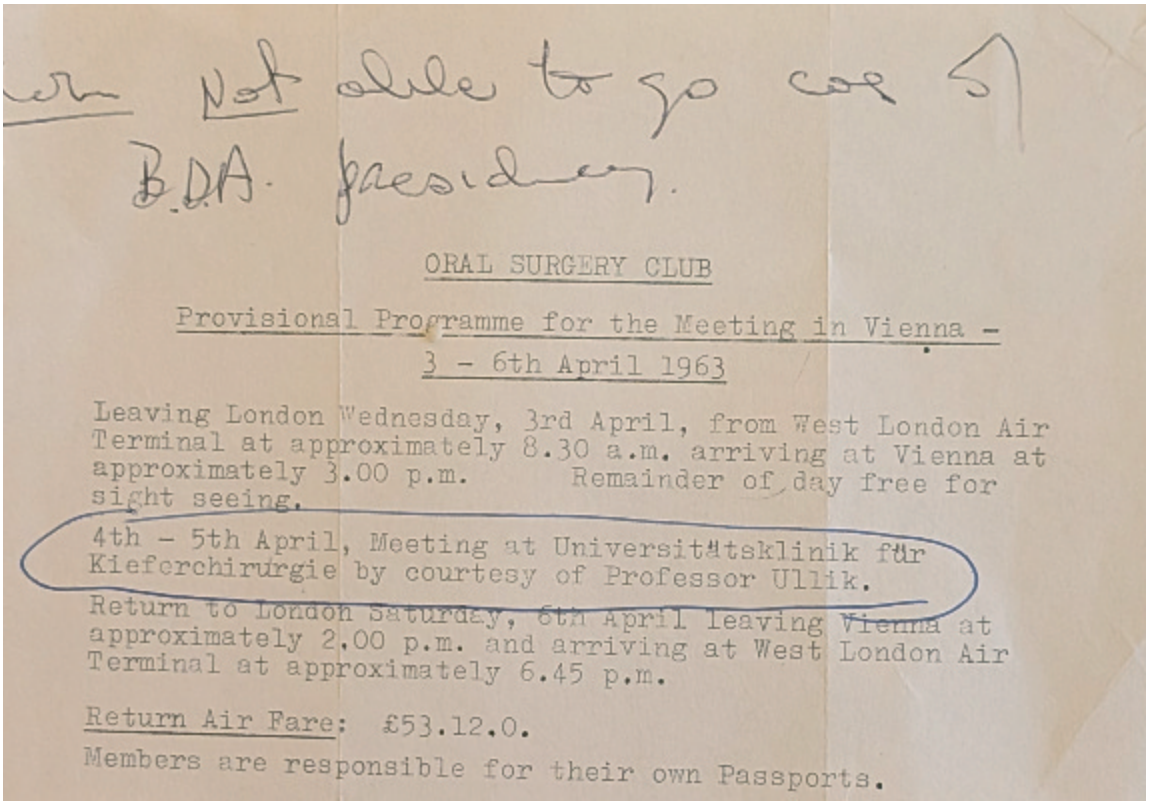

Dear Ireland,

Oral Surgery Club.

Thank you for your letter of the 29th January. I confirm that it is the Committee's intention to hold a meeting at Ipswich, the date will be subject of course to your approval. I would suggest towards the end of October, say all day Friday, half day Saturday - Dinner Friday evening. We can expect about thirty five members to attend.

As regards suitable places - cannot your Hospital Group help in this matter? presumably the clinics and operating sessions will be held at Wing or the other. I look forward to your comments. Yours sincerely, Hon. Sec.

12th Februarry 1963

Dear Professor Ullik ,

It seems probable that there will be about ten members of the Oral Surgery Club coming to Vienna. I am hoping to arrange for the members to stay at the Auersperg Hotel, which seems to be not far from your hospital.

It is our custom to take those whom we visit out to dinner, and we would like you and your staff to join us one evening. Would the evening of Friday April 5th be suitable for you? Does the choice of a Friday create any religious difficulties?

Yours sincerely,

Ian H.Heslop

30th January 1963

Dear Professor Ullik,

Thank you very much for your letter. I am delighted to hear that you are able to have the members of the Oral Surgery Club visit your Clinic.

I have now enquired about airline services, and members will arrive in Vienna on Wednesday April 3rd, and will spend the rest of that day sight-seeing in Vienna.

We would like to visit your Clinic on the Thursday April 4th and Friday April 5th, if this is suitable to you, and members will return to this country again on Saturday April 6th.

I will write to you again as soon as I know how many members will be coming to Vienna.

With Kind regards,

Yours sincerely,

Ian H.Heslop.

Trees,

Hook Heath Avenue,

21st January 1963

Dear Mr.Pain,

I have at last heard from Vienna that they are able and willing to have the Club in April. I wrote to Professor Obwegeser on 30th October last year, to ask him who I should approach. After a further letter to him on 4th December he replied on 6th December.

I wrote at once to Professor Ullik in Vienna, and again I waited. I wrote to him again on 13th January and at last, to-day, he has written to me.

I will go ahead with the circularising of members with a provisional notice of the Meeting in Vienna, as time is getting short for the reservation of flights.

Have you any special wishes with regard to this Meeting? Do you wish me to ask Professor Ullik to present any particular type of case or do we wish rather to get a broad picture of their work?

May I suggest that we have a Committee Meeting soon to discuss these and any other matters? R.S.T. has said we may use his flat for such a meeting. Would Friday February 2nd at 6.0p.m. be convenient?

With kind regards,

Yours sincerely,

Ian H.Heslop

Dear Dr.Ian Heslop,

I have to beg your pardon for the great delay in answering your letter. I was not in Vienna during the Christmas holidays and before my dysarture I had unfortunately postponed writung to you.

Of course I am delighted that you and your colleague will visit our Clinic. Our Clinic has 78 beds. The time however just before Easter is not particularly favourable for such a visi as before or after holidays there are always fewer patients prese here. But we shall do our best and ask a suitable number of patients to hold themselves ready for you at that time.

Kindly let me know, whether you are sure to come on the 4th of April. We shall be very pleased to meet you.

Yours sincerely

Dear Ian,

Have you any idea at all when we are likely to go to Vienna, because Robert is hoping to go to Soelden somewhere around Easter, and it would be very nice if I was able to say to him that I could come along to Austria at the same time.

Hoping you had a pleasant Christmastide, and the Department and I send to you and Mrs. Heslop all our best wishes for the New Year.

Sincerely,

Trees,

Hook Heath Avenue,

Woking,

Surrey,

England.

13th January 1963

Dear Professor Ullik,

I am wondering whether my letter of 9th December 1962 has reached you, and would like to know if you are able to tell me if it will be possible for the members of the Oral Surgery Club to visit your Department of Maxillo-facial Surgery, as I suggested, on April 4th 5th and 6th 1963.

We are interested in all aspects of oral and maxillo-facial surgery, and would be most grateful for an opportunity to see your Department and the work which is being done there.

I should very much appreciate an early reply from you, as I must make the necessary travel and hotel arrangements soon.

May I take this opportunity to wish you a happy and prosperous year in 1963.

Yours sincerely,

Ian H.Heslop.

9th December 1962

Dear Professor Ullik,

I have recently been in touch with Professor Obwegeser, who kindly gave me your name and address. Perhaps he has already talked to you about my reason for writing. I am Secretary of the Oral Surgery Club, some of whose members would very much like to visit your Department of Maxillo-facial Surgery, next year.

If it is convenient to you, we would like to come to see you on April 4th, 5th and 6th, or any part of this period, and we would be most interested to see any part of your departmental, clinic or operating work. There would be about 15 or 20 of us, I think, the exact number I do not yet know.

I look forward to hearing from you, and very much hope that this visit can be arranged.

Yours sincerely,

Ian H. Heslop

Dear Dr. Heslop,

Thank you very much for your lines of the 30th October 1962. I've just returned from Vienna, where I had the opportunity to approach some people about your request.

The best thing for you to do is to contact directly Professor Ullik, the head of the department for maxillo-facial surgery in Vienna.

His adress is: Prof. R. Ullik, Vorstand der Kieferchirurg. Klinik, Allgemeines Krankenhaus, W i e n IX.

His first assistent is Dozent Dr. Wunderer, a very experienced surgeon. They have got some eighty beds in their department and of course a lot of interesting material.

If the Oral surgery club would like to spend a day in Zürich, I'd be delighted to see them.

Will you please express my compliments to the membres of the Oral surgery club?

With my kind regards to you and your wife,

Yours sincerely,

H. Obwegeser

Dear Professor Obwegeser,

I have recently been appointed Secretary to the Oral Surgery Club,which has I believe visited your hospital in the past,and I have to arrange for the next meeting abroad in Vienna.

This meeting is to take place in April of next year, and in view of your knowledge of that city and of the hospitals there, I wonder if you could put me in touch with the people who might be able and willing to have the members of the Club visit their Clinics and Departments, and see them at work.

I should be most grateful for any help which you can give me in this connection.

With kindest regards to yourself and your wife,

Yours sincerely,

Ian H.Heslop.

Trees,

Hook Heath Avenue,

Woking,

Surrey.

25th October 1962

Dear Mr.Taylor,

Thank you for your letter of 23rd October and for enclosing the office copy of the list of Members of the Club.

I have written to the Essayists and to Gray this evening. I enclose herewith the Dinner and Lunch lists for the Ipswich Meeting, and these are to the best of my knowledge correct.

As I have no personal secretary,and will in all probability have to do most of the Club typing myself,I wonder whether the funds would stretch to the provision of a small portable typewriter for my use. Perhaps you could discuss this with the Treasurer and let me have your combined decision. If you approve of the idea, I would suggest that I turned in my ancient machine inpart exchange and that the Club paid the difference only, on a new one. I would also like to suggest that I had the option to purchase this machine at current valuation at the end of my term of office.

I very much enjoyed the Ipswich meeting and hope that one day we will have as nice a department at Rochampton.

With kind regards,

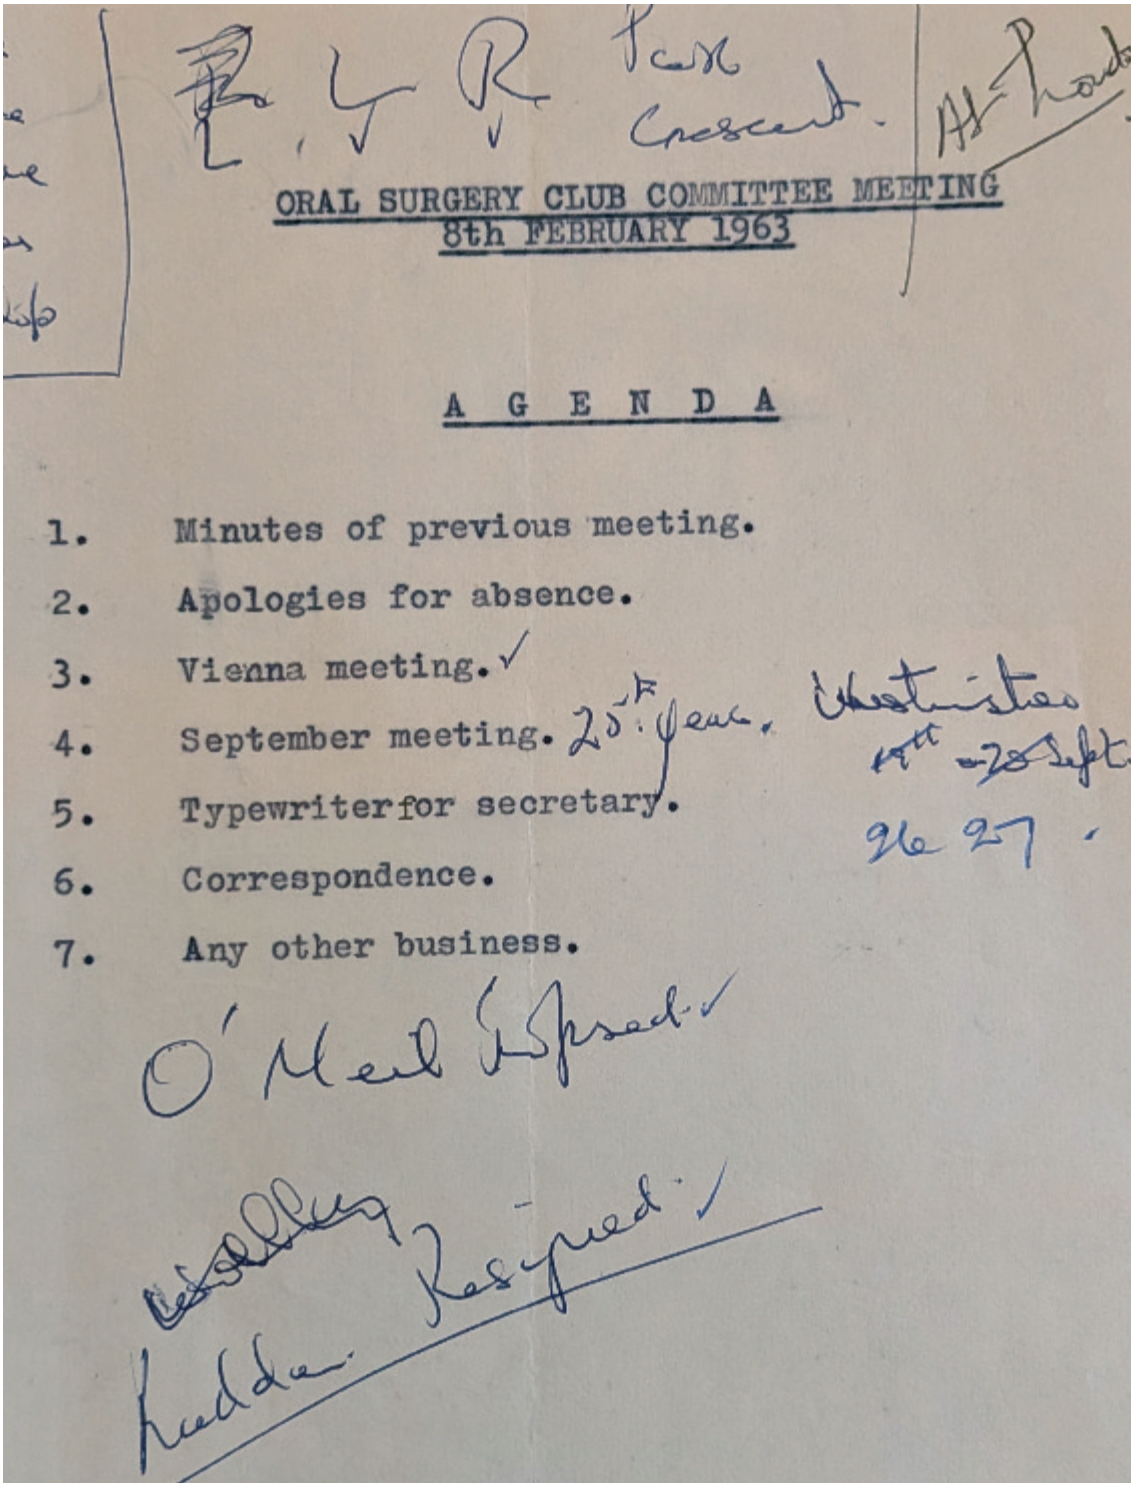

Yours sincerely,

My dear Heslop

Re The Oral Surgery Club.

Thank you for sending me the notice convening the meeting in September. I am sure that you will forgive me if I differ from you in the matter of dates. The inaugural meeting of the Club was held at Leeds on Nov. 26th. 1937 under the presidency of Prof. T. Talmadge Read & I still possess a groups photograph taken on that occasion. One of the Rules of the Club is the

early days was that every member was required to submit one paper during the year. Ten of these were selected & five were read at each meeting. I had the privilege of reading my paper at Leicester Royal Infirmary when, either in the Autumn of 1938 or the Spring of 1939, a meeting was held there under the presidency of the late Mr. A. E. Rowlett.

I hope to be able to attend the meeting in London & will return the pro forma in due course.

With kind regards,

Yours sincerely

S. Hanreck.

Dear Mr. Heslop,

I regret the delay in answering your letter of the 6th inst. I was away from home at the time and did not get it until my return.

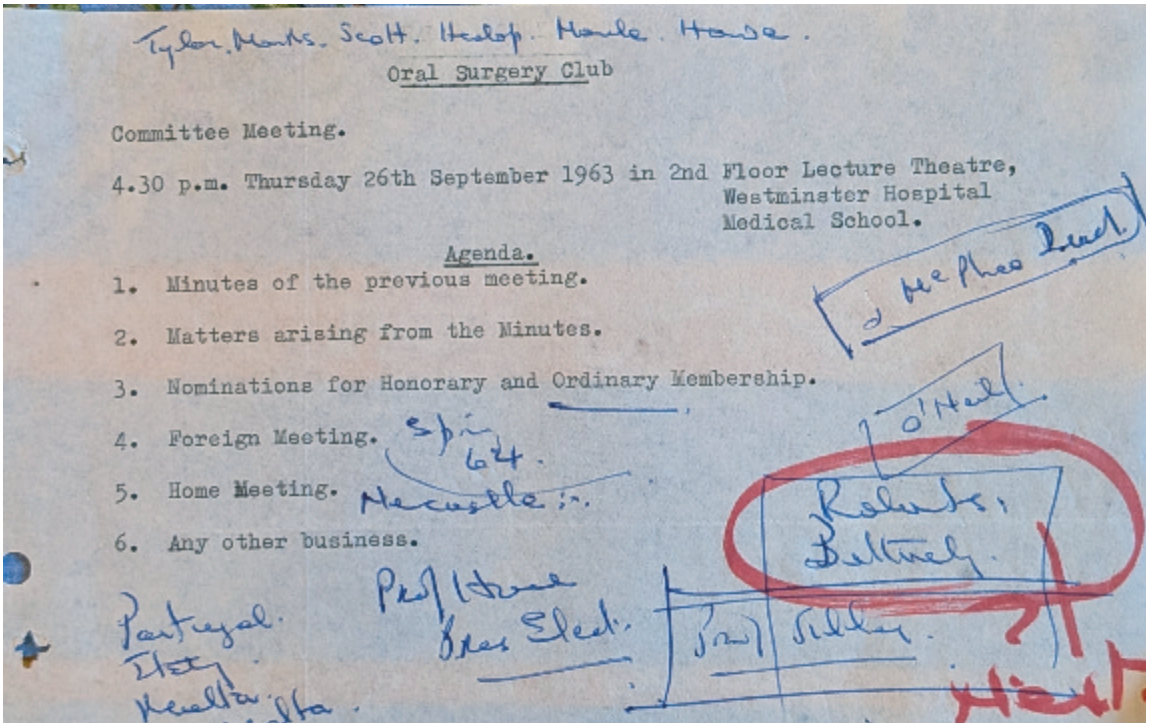

At one of the Oral Surgery Club Meetings, when Mr. Taylor was secretary, I mentioned to him that I had this film of the first Meeting of the Club at Leeds and said I would send it on to him. On trying it out on my projector, it tore

in several places; it had become very brittle with age. However, I have now had it spliced and tested and have pleasure in presenting it to the Club as a record of its original members. It is a 16 mm film, length 50 feet and takes 2 or 3 minutes to show according to the speed of the projector.

I trust you will find it in order; and my only regret is I shall be unable to be present at the 25th Anniversary owing to recently having undergone an operation on my left eye for glaucoma.

With best wishes for a very successful Meeting.

Yours sincerely,
Adam Cubie.

Dr. Ann Camille,

Dear Dr. Camille

Thank you very much for your letter of 27th Jan. I was very pleased to hear from Dr Luis Basto that your Society was to have a meeting which will coincide with our visit to Lisbon. We are most interested in your work and look forward to seeing your hospital and any aspects of your work which you are able to show us. We would like to visit the Stomatological Clinic of the Institute of Cancer and the Hospital of Santa Maria, as you suggest.

Most of our members will be travelling by air - Flight BE 072 arriving Lisbon airport 1325 i.e 1.25 pm on Wed. 4th

Dear Dr. Heslop

We are very happy with the news of your visit to our Countr with the members of the Oral Surgery Club.

It is of interest to us to know if you realy will arrive on the 8th. April and what will be the number of your flight.

We also would apreciate if you could informe us on your opi nion about a group visit to the Stomatological Clinic of the Ins titut of Cancer and another to the Hospital of Santa Maria.

Looking forward the pleasure of hearing from you, I remain

Yours Sincerely

The Secretary

Assis Camillo

Dr. Lina Basto,
Ienstituto Portugese de Oncologia,
Est Bensica,
Lisbon,4.

Dear Dr. Basto,

I am the Secretary of the Oral Surgery Club of Great Britain, and members of the Club would like to visit Lisbon in April 1964, for two or three days.

Your name has been given to me by Sir Stanford Cade, as he thought that you might be able and willing to help me in arranging this visit. Alternatively, perhaps you could put me in touch with someone who would be able and willing to show us the work which is being done in Lisbon, in the field of oral and jaw surgery.

With kind regards,

Yours sincerely,

Ian H.Heslop

S U R R E Y

Dear Dr. HESLOP,

In reference to your visit to Lisbon next April I have talked with Dr. Armand Pena, who now is the President of the Portuguese Stomatological Society who is also the Chief of our Stomatological Department at the Cancer Institute.

We are planning to organise a meeting of the Society together with you all, at our Hospital, on the 9th April, morning, during which Dr. Sacadura, maxilo-facial surgeon, will show the kind of work we are doing here and Dr. Pena will show the cases of his Department, with patients.

On the 10th April we are planning to arrange a visit to the University Hospital (Stª Maria) where Dr. Baptista Fernandes, the Chief Surgeon of the maxilo-facial Department will show you around.

We all together, will arrange a social programme.

We would like to know how many doctors and how many wives are coming, as well as the plane in which you come and if you have any hotel reservations.

I hope you will enjoy your stay in Lisbon.

Hoping to have news from you soon,

yours sincerely

14th December 1963

Dear Dr.Basto,

Thank you very much for your letter of 30th November. I am delighted to know that it will be possible for the members of the Oral Surgery Club to come to Lisbon. Usually about fifteen members attend the overseas visits.

I am sorry that your chief oral surgeon will be away in April. The end of March will be about Easter time, which I find is best avoided for meetings as far as our members are concerned.

I would like our visit to be from April 8th - 11th, if possible, that is to say arrival on 8th, two days of hospital visiting and sightseeing and departure on 11th.

Could we perhaps spend one of the two days in your hospital, and the other in another hospital where oral surgery is carried out. I do not wish to give you a lot of work on our behalf, but should be grateful if you could let me have a rough programme of what members could see on each day so that I may inform them of the nature of our visit.

The Secretary of the British Dental Association has given me the names of the President and the Secretary of the Portuguese Stomatological Society, Dr.Armando Pena and Dr.Assis Camilo. Do they work in your hospital, and if not, do you think that they would be able and willing to show us something of their work on the second day of our visit?

With kind regards,

Yours sincerely,

Ian H.Heslop

SURREY

Dear Dr. Heslop,

Many thanks for your letter of the 23rd November.

Of course we will be delighted to receive you here in Lisbon and at our Institute, where we are doing some work in Oral Surgery.

As our chief surgeon in Oral Surgery is leaving for the States in the first days of April and he would be the best man to show you everything would it be possible for you to advance your visit for the end of March?

In any case we expect you here and put you in touch with other people deali with the same problem.

Hoping to hear from you soon, believe me, dear Dr. Heslop

yours sincerely

22nd November, 1963.

Dear Mr. Sutton Taylor,

Thank you for your letter of 14th November. The dental profession in Portugal consists entirely of stomatologists, i.e. people who have both a full medical and a dental training. This most of them have taken in France, as there is no training school in Portugal. The officers and address of the Portuguese Stomatological Society are:-

President: Dr. Armando Pena

Secretary: Dr. Assis Camilo,

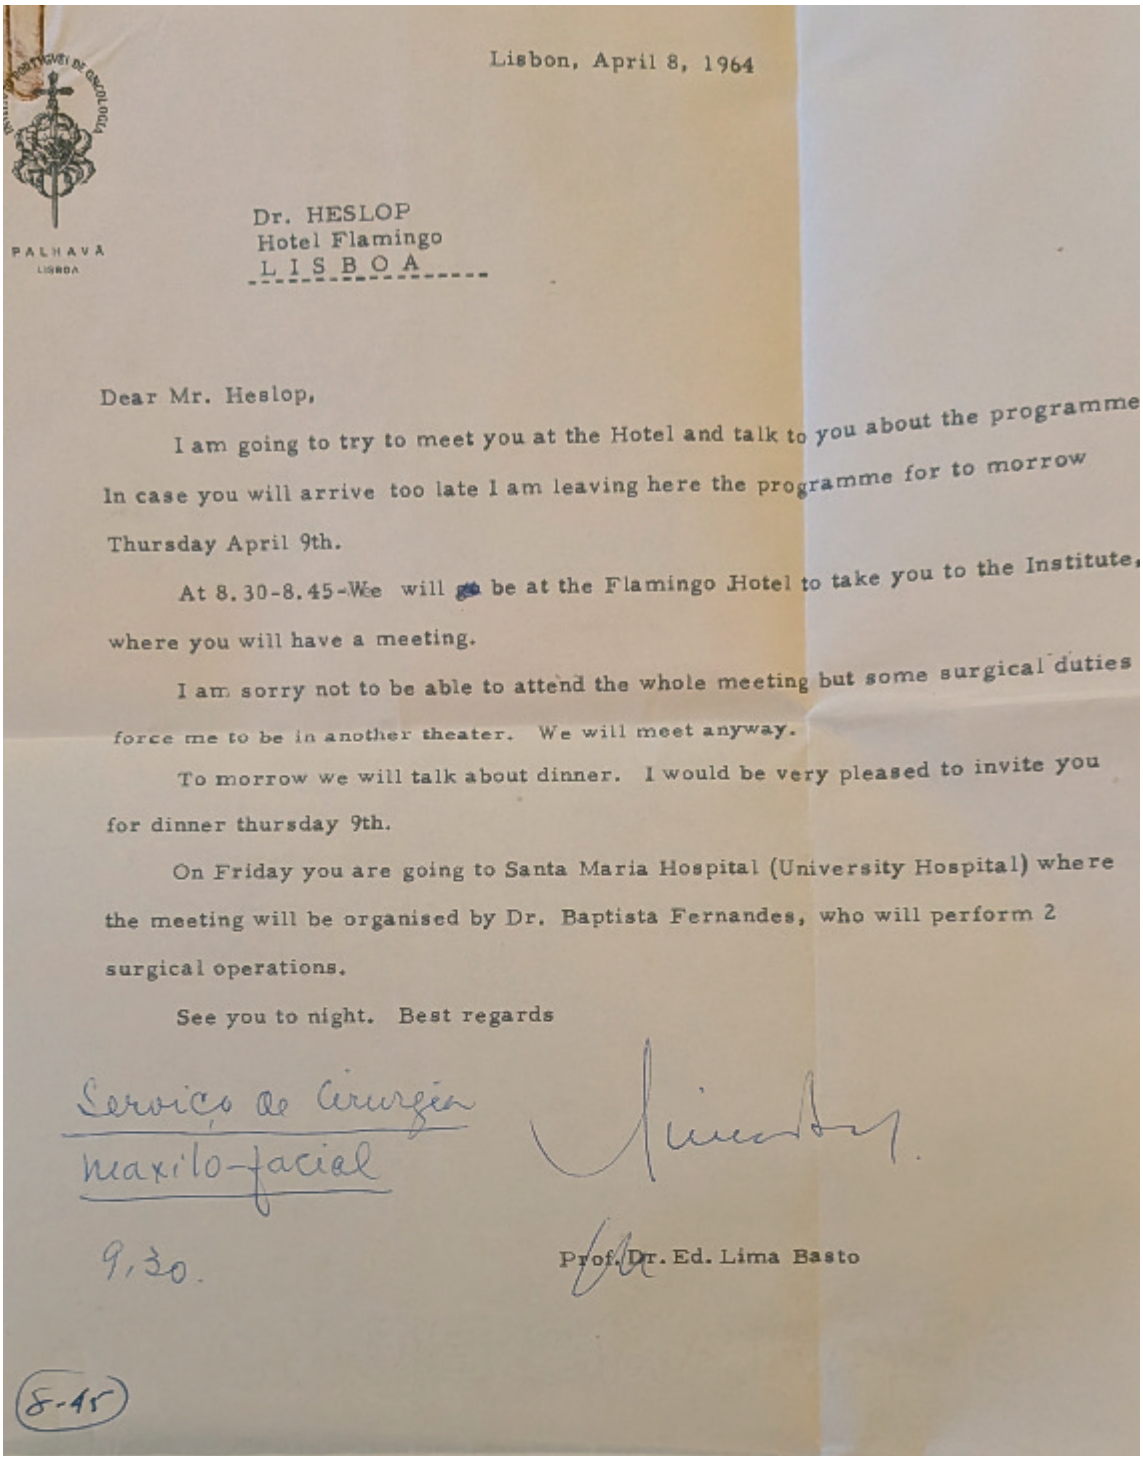

Avenida da Liberdade, 65 - 1,
Lisbon,
Portugal.

Yours sincerely,

J.N. Peacock

Secretary

Hotel Flamingo
L I S B O A

Dear Mr. Heslop,

I am going to try to meet you at the Hotel and talk to you about the programme In case you will arrive too late I am leaving here the programme for to morrow Thursday April 9th.

At 8.30-8.45-We will ~~go~~ be at the Flamingo Hotel to take you to the Institute, where you will have a meeting.

I am sorry not to be able to attend the whole meeting but some surgical duties force me to be in another theater. We will meet anyway.

To morrow we will talk about dinner. I would be very pleased to invite you for dinner thursday 9th.

On Friday you are going to Santa Maria Hospital (University Hospital) where the meeting will be organised by Dr. Baptista Fernandes, who will perform 2 surgical operations.

See you to night. Best regards

Serviço de Cirurgia maxilo-facial

Horsham, Sussex.
31st January 1965.

Dear Mr. Heslop,

On behalf of my mother and myself, I would like to thank you for your Kind letter.

My father's membership of the Oral Surgery Club meant a great deal to him and I know how touched he was when, on his retirement, he was made an honorary member.

Yours sincerely,

Marcus Hancock-

25th January 1965

Dear Mr. Hanreck,

Thank you very much for your letter, and for telling me of your father's illness.

I was very sorry to hear this morning of his death, and on behalf of the President and Members of the Oral Surgery Club, I should like to offer our condolences to you and your mother in your sad loss.

Yours sincerely,

"Crabtrees"
Cottingham Avenue,
Horsham, Sussex.
21st January 1965.

Dear Mr. Heslop,

I have taken the liberty of opening your circular regarding the Oral Surgery Club addressed to my father, S. Hanack.

He has been a patient in the Royal Masonic Hospital in London for over 3 months now,

suffering from very serious heart failure. Although there was initially some slight improvement, this unfortunately was not maintained. His kidneys are now scarsely functioning and we are informed by the Hospital authorities that it is now only a matter of time.

He is very peaceful and still confident that he is improving and thus

does not realise the situation. He is now under sedation for a deal of the time but luckily in no pain at all. This week he has hardly recognised any of the family when we visit him.

I thought that you would like to be advised of the situation. We can at least be thankful

that he is so peaceful.

Yours sincerely,

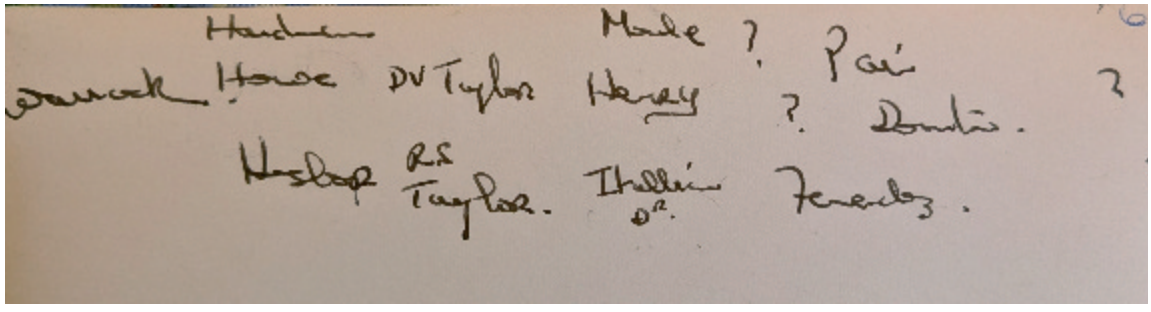

Marus Harrock.

DEPARTMENT OF DERMATOLOGY
THE ROYAL VICTORIA INFIRMARY
NEWCASTLE UPON TYNE, 1

12th October, 1964

Dr. I. H. Heslop,
Trees,
Hook Heath Avenue,
Woking,
Surrey.

Dear Dr. Heslop,

It was most kind of you to write as you did and please accept my humble apologies for not having thanked you sooner but during the past week or so we had extremely heavy teaching commitments with the recently introduced so-called integrated curriculum teaching during which the fourth year medical students have a fortnight of solid, uninterupted dermatology training!

I thoroughly enjoyed your meeting, the scientific as well as the social part, and feel now very strongly that there should be much more co-operation between the different specialities in medicine and surgery, including dentistry, than is seen at present in most parts of the country. I am sure it could be done and would undoubtedly be to mutual advantage.

Kind regards.

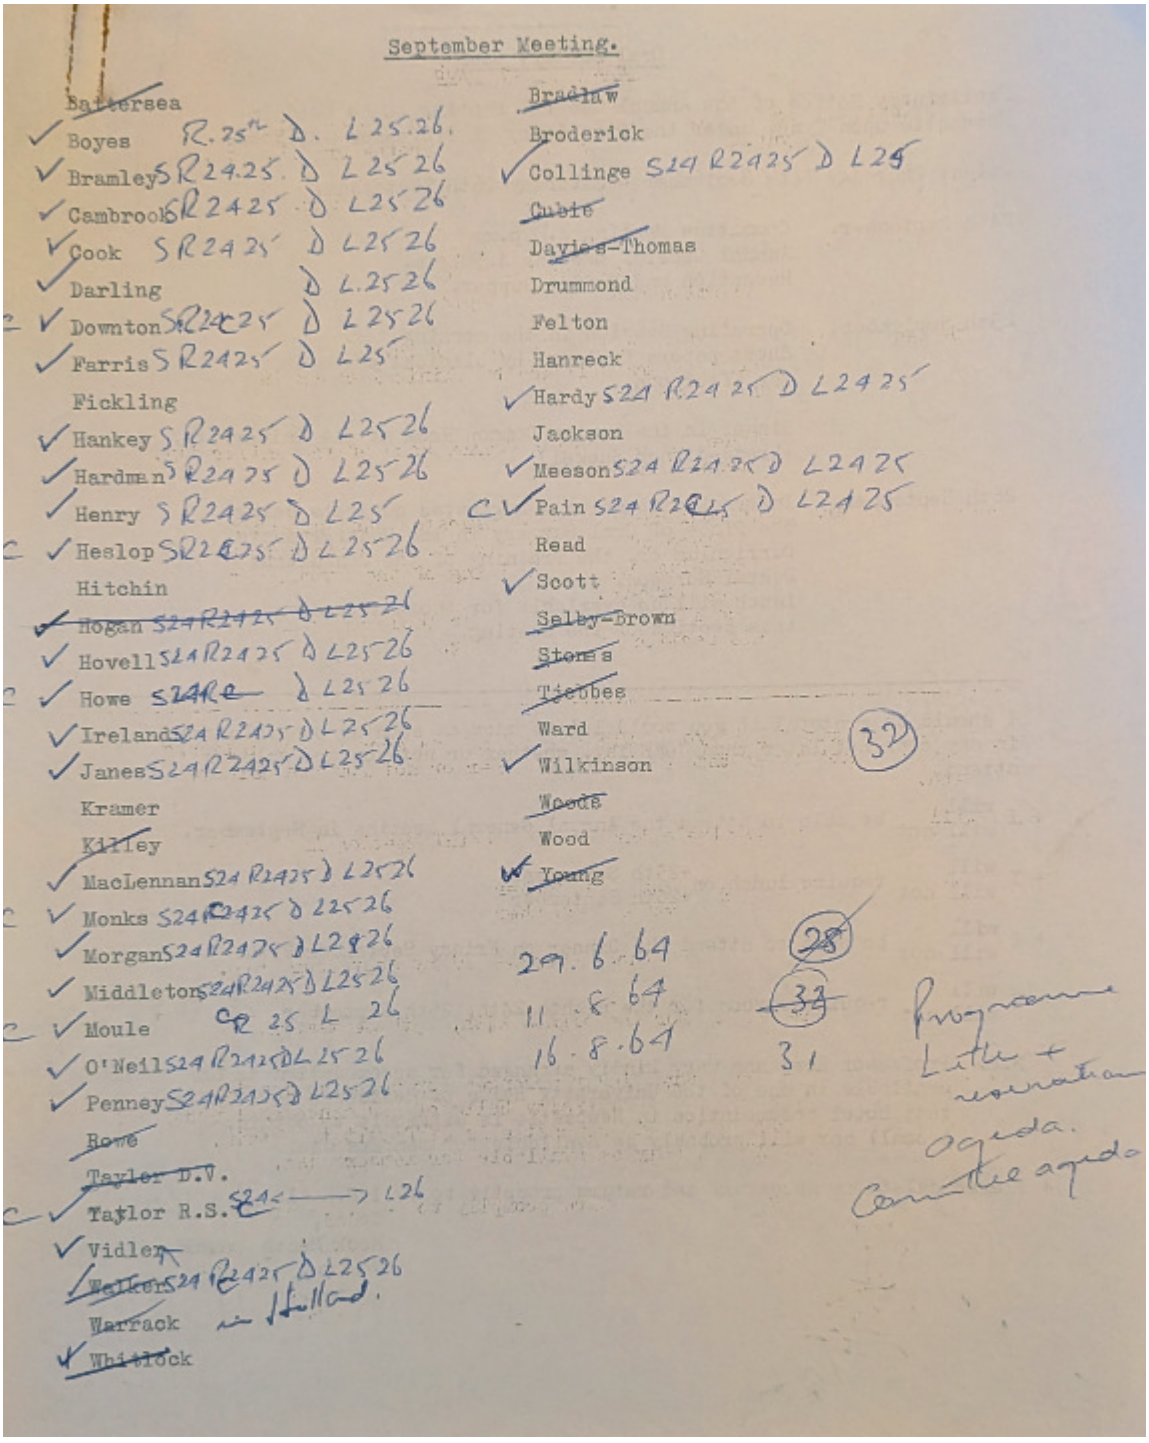

Yours sincerely,

G. Holti

CLINICAL SESSION OF THE ORAL SURGERY CLUB MEETING TO BE HELD ON FRIDAY, 25th SEPTEMBER, 1964

AT 3.15 p.m. AT THE NEWCASTLE DENTAL HOSPITAL

29th June 1964

Dear Geoffrey,

Thank you very much for your letter.

I am having the usual collection of late replies and changes of mind from some of the Club members, but it appears that there will be approximately the following attendances:-

Attending Meeting	-	26	
Lunch 25th	-	25	
Lunch 26th	-	22	
Dinner	-	25	‡ guests
Room 24th	-	25	
Room 25th	-	26	

This is as near as I can get at present.

With kind regards,

Yours sincerely,

THE UNIVERSITY OF NEWCASTLE UPON TYNE

My Dear Ian ,

Is it yet possible for you to let me know, even in approximate terms, how many people will be attending the September meeting of the Oral Surgery Club in Newcastle ? I ask this because I would like to finalise bookings and arrangements, etc., before everyone departs for the summer holidays.

Kind regards
Yours sincerely,

Geoffrey

Oral Surgery Club

Preliminary Notice of the Annual General Meeting to be held in Newcastle upon Tyne, under the Presidency of Professor G.L.Howe.

Dates: Thursday 24th September - Saturday 26th September.

24th September.	Committee Meeting 4.0 p.m. Annual General Meeting 4.30 p.m. Reception and Buffet Supper.
25th September.	Operating Session in the morning. Short papers followed by clinical cases in the afternoon. Dinner in the Senior Common Room of the University. (Dress-dinner jacket)
26th September.	Informal discussion - suggested subjects being The Place of Oral Surgery in the Undergraduate Curriculum or, the Training of the Consultant Dental Surgeon. Lunch will be available for those attending this section of the meeting.

I should be grateful if you would let me know as soon as possible and in any case not later than JUNE 1st, whether or not you are able to attend.

+ I will / will not be able to attend the Annual General Meeting in September.

+ I will / will not require lunch on +25th September / +26th September

+ I will / will not be able to attend the Dinner on Friday September 25th.

+ I will / will not require a room for the nights 24th, 25th September.

N.B. Professor Howe has very kindly arranged for accomodation to be available in one of the University Halls of Residence as I understand that hotel accomodation in Newcastle is difficult to obtain. A small bar will probably be available for members use.

+ Please delete as necessary and return promptly to :- I.H.Heslop,

10th May 1964

Dear Geoffrey,

Thank you very much for your letter of 4th May, and for the details of your plans and arrangements to date, for the September meeting of the Club.

The Preliminary Notices will be going out in the next few days and I have asked for replies by June 1st at the latest. I think that your programme sounds most promising, and I am sure that the Saturday morning session will prove attractive to a number of members, and most useful.

I am sure that a number of the members would appreciate Hon Membership of one of the night clubs.

With regard to the guests at the Dinner, this is for you as President to decide, but the readers of papers, your anaesthetist(s), your chief assistants and anyone of importance connected with the visit e.g. the Dean, House Governor of the hospital is the usual form; your plastic colleague perhaps.

Please let me know if I can be of any further help.

With kind regards,

Yours sincerely,

Professor G.L.Howe,
Professor of Oral Surgery,
Sutherland Dental School,

4th May, 1964

Dear Ian ,

As promised I am writing to let you know the provisional arrangements for the Meeting of the Oral Surgery Club to be held in Newcastle upon Tyne.

Hotel accommodation in Newcastle is extremely difficult to arrange so I have made bookings for the Members at one of the University's Halls of Residence - The Ethel Williams Hall. There is no bar there but I am negotiating with the University Caterer and we shall probably be able to arrange one if we operate it ourselves on an "honour" system.

Newcastle has the doubtful privelege of having the dearest parking meters in the United Kingdom and I felt it best to arrange for a coach to take us to and from the Hospital and Dental School and the Hall of Residence.

I would suggest that Members try to get here by tea time on Thursday 24th September - this will enable us to have a Committee Meeting and the Annual General Meeting before the Reception and Buffet Supper. I am at the moment negotiating to get the University to provide this but we shall see!

The morning of the 25th will be devoted to operating sessions providing I can get the use of three operating theatres in proximity to each other. The Board of Governors of the United Newcastle upon Tyne Hospitals have agreed to provide lunch on this day and in the afternoon we will have some short papers in the Dental School followed by clinical cases. In the evening I have arranged for Dinner to be held in the Senior Common Room of the University and would appreciate guidance about the guest list.

I realise that a number of people will want to get away early on the morning of Saturday the 26th but thought that we might arrange an informal discussion on the place of Oral Surgery in the under-graduate curriculum and/or the training of the consultant dental surgeon for those who wish to remain. It will be possible to provide coffee and lunch for this reduced number.

I trust that you will let me know your views on this and will circularise the Members at your earliest convenience. On my part I would welcome any comments and will let you know any changes that occur.

Yours sincerely,

Geoffrey.

20th October 1963

Dear Geoffrey,

Thank you very much for your letter of 15th October. Although Thursday/Friday 17th/18th is more within the summer holiday period than the later date which you suggest as an alternative, I think that we should fix on th I will confirm with Rupert that he is free on October 17th/ and let you have confirmation also.

Would it be wise to make a provisional block hotel booking, for about thirty skulls? Where would you suggest as a place convenient for the meeting? Your local knowledge is more up to date than mine.

Congratulations on a most interesting and useful contribution to the B.A.O.S. meeting.

With kind regards,

Yours sincerely,

Professor G.L.Howe,

15th October, 1963.

Dear Jan

I am trying to fix a date for the Oral Surgery Club meeting to be held in Newcastle next autumn, and it would appear to me that the choice rests between Thursday/Friday 24th/25th September and Thursday/Friday 17th/18th September. Although the later date is usually more popular in view of holidays etc, you will recall that the B.A.O.S. meeting at the Royal College of Surgeons is scheduled for Friday 2nd and Saturday 3rd October, 1964.

I would be most grateful if you would let me have your views on this at your earliest convenience, as accommodation in this area is at a premium and very early booking is essential.

Kind regards,

Geoffrey
